Dear Requester,

Re: Request for Information – Freedom of Information Act 2000

I wish to confirm that the council has completed its search for the information which you requested.

The information requested and our findings are as follows: -

Under the Freedom of Information Act 2000 (and the Environmental Information Regulations 2004 where applicable), I request the following information held by the council. In accordance with section 11 of the Act — and section 11(1A) as these are datasets — please provide each item electronically in a re-usable, machine-readable format (CSV or Excel) rather than PDF, including location coordinates or addresses where held:

1. Public conveniences: the council's register of public toilets, including location, opening arrangements, accessibility features (accessible cubicle, RADAR key requirement, baby changing), and Changing Places facilities. If a public-toilets GIS layer exists on the council's mapping system, an export of that layer's data would satisfy this item.

Information not held.

2. Dropped kerbs: any register, asset list or GIS layer of dropped kerbs / kerb ramps on the public highway maintained by the council or its highways contractor, including location.

Document attached showing recent installations of pedestrian dropped kerbs for social inclusion purposes (SIF crossings). Data on dropped kerbs is not held for the entire network pending further surveying; the information that is available is attached sheet (Dropped kerbs) and is arranged by street, identified with the NSG reference.

3. Pedestrian crossings: the council's inventory of signalised and non-signalised pedestrian crossings, including crossing type and any recorded accessibility attributes (audible signal, rotating tactile cone, tactile paving).

For signalised crossings, the information held is contained in the attached spreadsheet (Signalised crossings). Locations of zebra crossings are also detailed on the attached spreadsheet (zebras).

4. Disabled parking bays: locations of on-street disabled persons' parking bays (both Traffic Regulation Order bays and advisory bays) within the council's area.

Information not held

If any single item would exceed the cost limit, please treat the items as severable and supply those that can be provided within the limit, and advise which item(s) caused the excess so I can refine the request.

I am happy to receive the information by email. Thank you for your assistance.

If you have any queries about this letter, please contact Information Requests Via email.

Please remember to quote the reference number above in any future communications.

If you are unhappy with the way the Directorate has handled your request, you may ask for an internal review. Please clearly mark your correspondence 'Complaint' and address it to:
