

# Barnsley Safeguarding Adults Board (BSAB). Pathways and Partnership sub group Report.

15<sup>th</sup> November 2018.

The aim of the Pathways and Partnership Subgroup is to support Barnsley Safeguarding Adults Board (BSAB) work by making sure that good policies and procedures are written and used to keep adults safe from abuse or neglect.

Date of last meeting: 10.10.2018

## ***What's working well?***

Developing guidance to help people to investigate safeguarding concerns and keep the adult or their families up to date. This will help keep adults safe in the future.

Explaining via pictures and easy text what happens after an adult or someone working with them says they are worried about them and they send in a safeguarding adult concern

Making sure that people who are experiencing domestic abuse who also need safeguarding get this help.

## ***What should we be thinking about'***

How we make sure that we learn lessons from the Safeguarding Adult Review into the death of "Jack" and that we make it less likely that anyone else will come to harm because of self-neglect and hoarding.

## ***What action has been taken?***

New actions have been added to the subgroup work plan.

## ***Next Steps***

BSAB to discuss & agree the new actions on the work plan.
