

PUBLIC RIGHT OF WAY

#coronavirus

Important safety information

Public rights of way which pass close to private homes, go through gardens, farms or stables remain open, but users must **observe social distancing** to prevent the spread of coronavirus.

Please follow Defra and Public Health England advice:

- Stay at least two metres away from other people.
- Wash or sanitise your hands after touching shared surfaces like stiles or gates.
- Keep dogs on a lead around livestock and away from other people or other dogs.
- Leave gates as you find them.

A safe temporary alternative route has been identified to help maintain social distance and to protect residents, workers and local communities.

While the normal route remains open, please use this temporary alternative if you can by following the markers.

Thank you for your understanding and co-operation.
