# Health and Wellbeing

## Smoking

### Prevalence - Adults (over 18's)

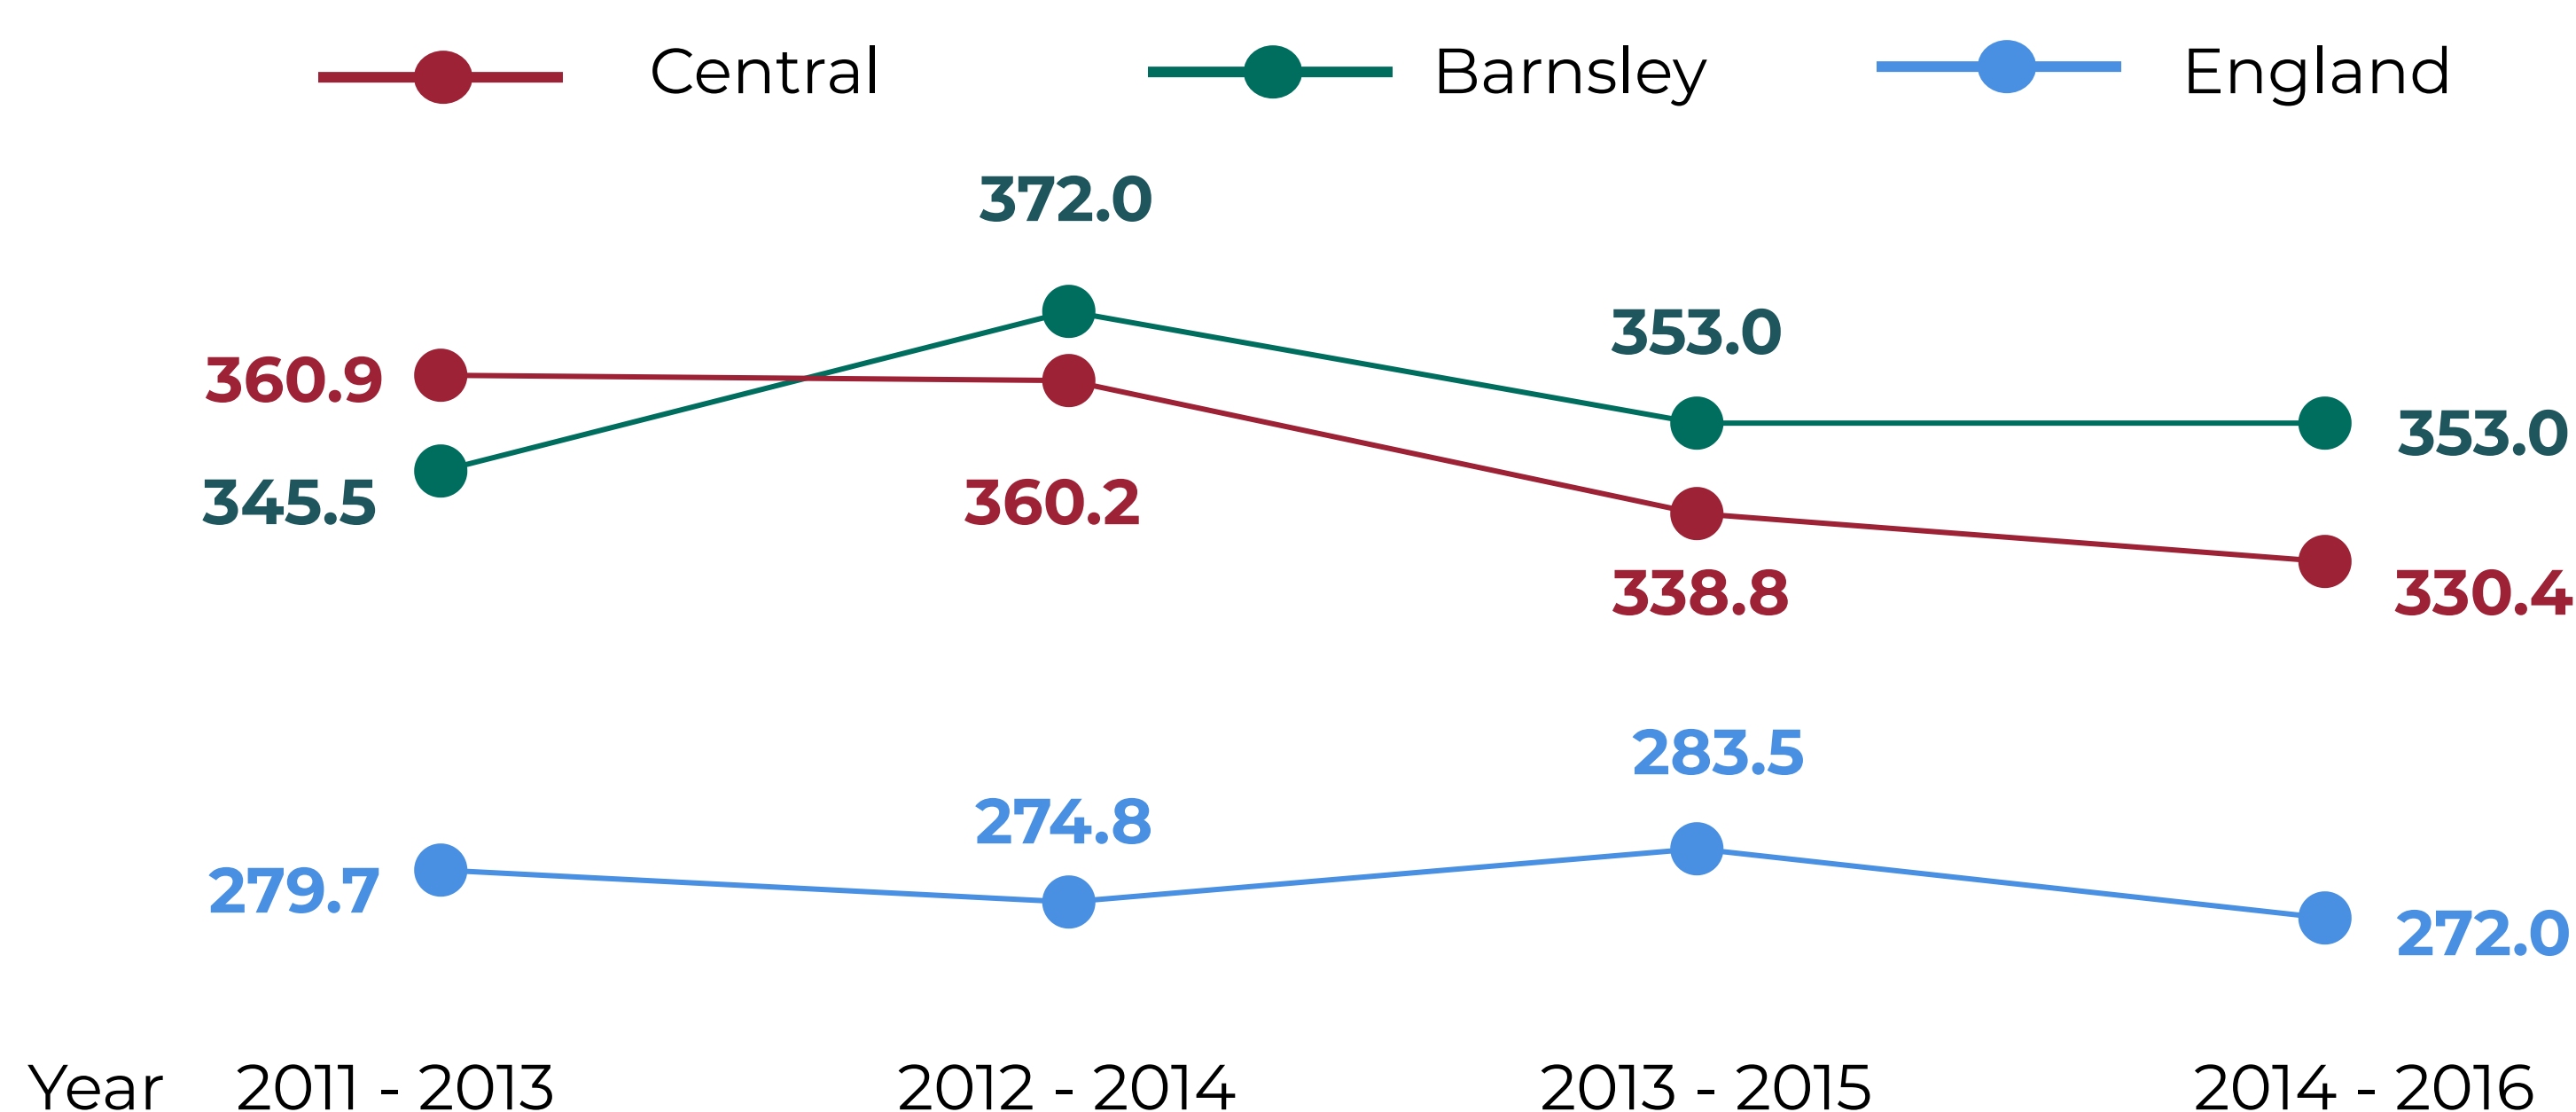

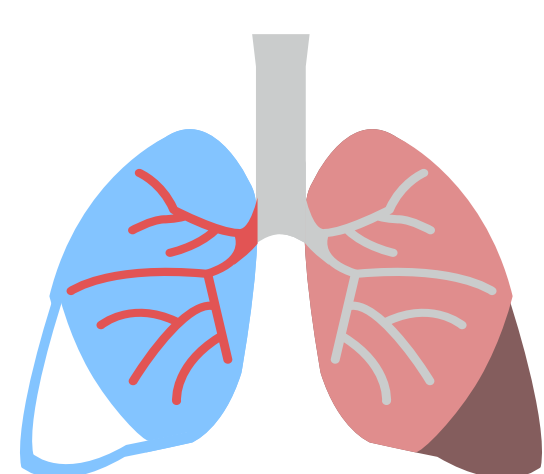

No England data available for smoking prevalence as the Area Council and Barnsley data has been calculated locally from GP records.

Local GP records 2013 - 2016

Almost one in four adults in Central area are smokers. Rates have been consistently higher than the Barnsley rates at each time point during the period 2013 to 2016. However, the current rate of 24.9% is the lowest since 2013.

### Related Deaths per 100,000 (Over 35's)

Central area's smoking related deaths rate (330.4 per 100,000 aged 35+) is lower than the Barnsley rate of 353.0 and is the lowest during the period 2011-2013 to 2014-2016.

Source: ONS mortality data and mid-year population estimates and NHS Digital 2011 - 2016

### At Time of Delivery

The proportion of women who smoke during pregnancy in Central area (17.7%) is higher than the proportion in Barnsley overall (16.8%).

Source: Calculated by PHE from the NHS Digital return on Smoking at Time of Delivery (SATOD) 2017-2018

# Households

## Residents Living Alone and Aged 65+ Years

The 2011 Census showed that 13.2% of the residents in Central area aged 65+ lived alone and could be at risk of social isolation. Rates are similar to those levels across Barnsley and nationally.

## Housing Tenure

### Owned

In 2011 6 in every 10 properties in Central area were owned with a mortgage or owned outright. Rates are similar to those levels across Barnsley and nationally.

### Social Rented

There are a higher proportion of properties in Central area that are social rented when compared to rates in Barnsley and nationally.

### Private Rented

In 2011 the proportion of all properties that were privately rented in Central area was higher than levels in Barnsley but slightly lower than nationally.

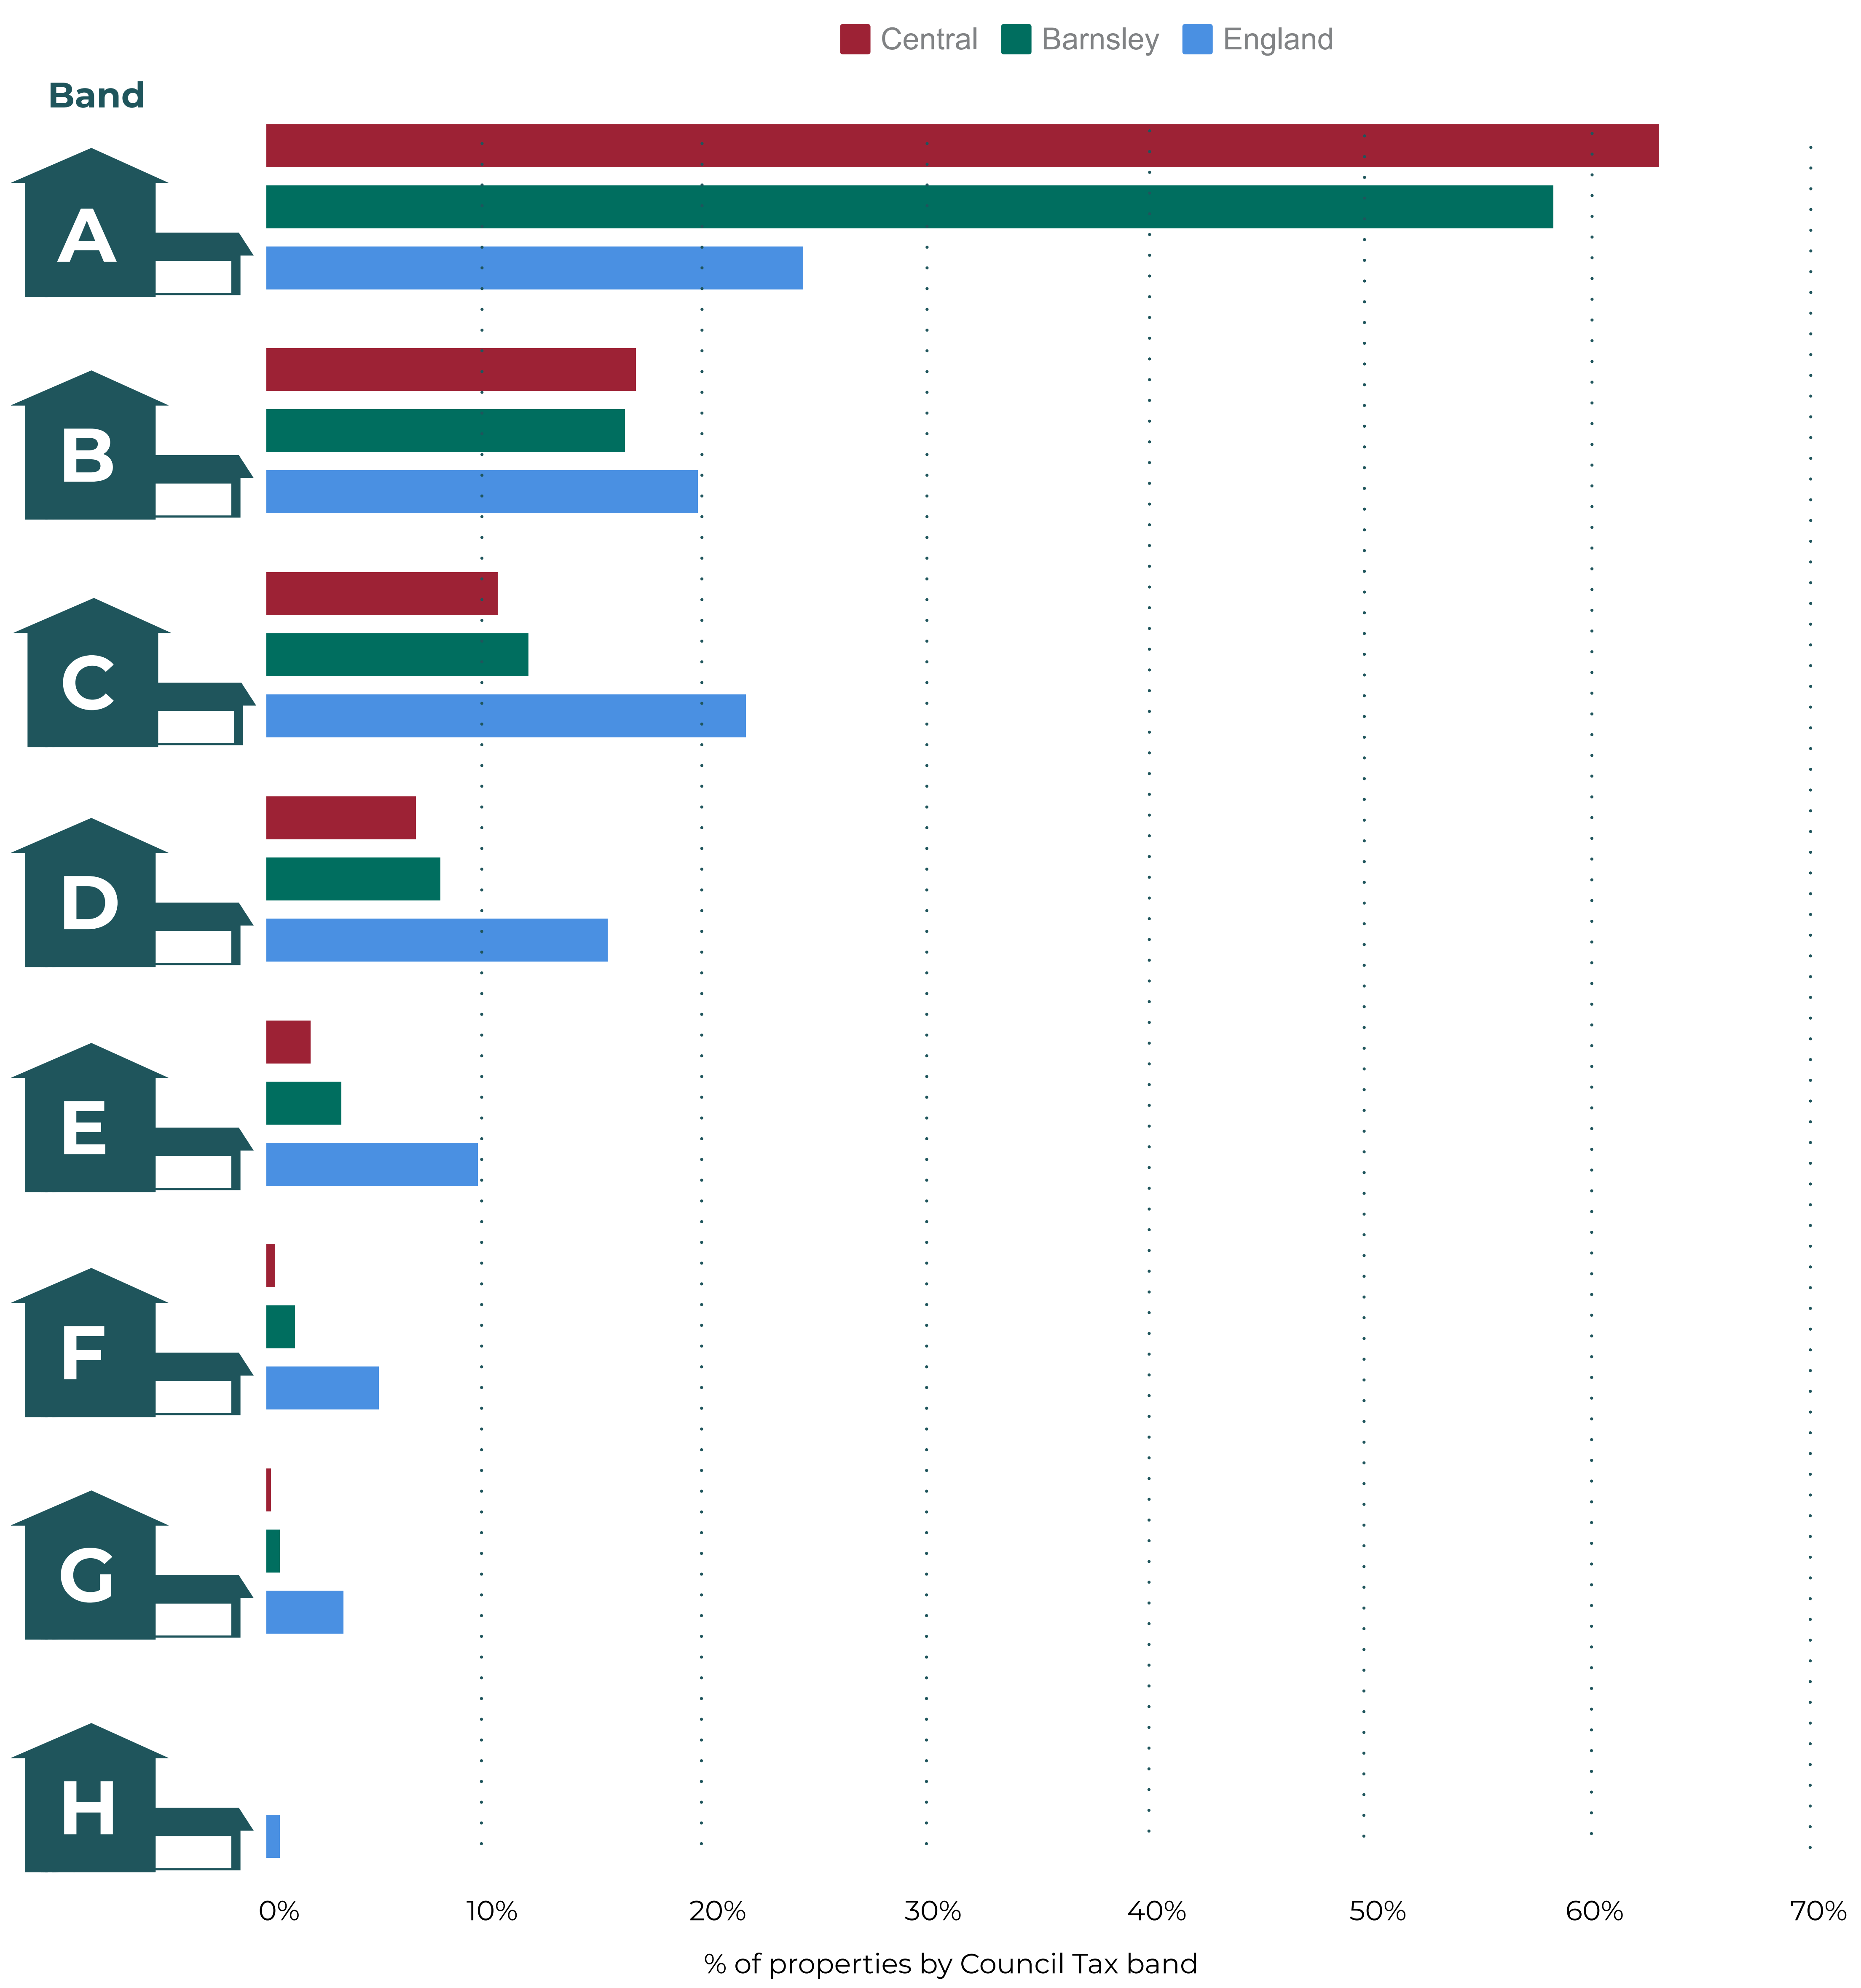

# Households

## Council Tax Band

# 26,415

residential properties in Central area

Properties are classified into one of eight valuation bands (A to H, with A being properties of lowest value to H being the highest). The government's Valuation Office determines the amount of Council Tax to pay. The chart shows that there are more Central area households in band A compared to Barnsley and national figures.

# Crime

## Total Crime (rate per 1,000 population)

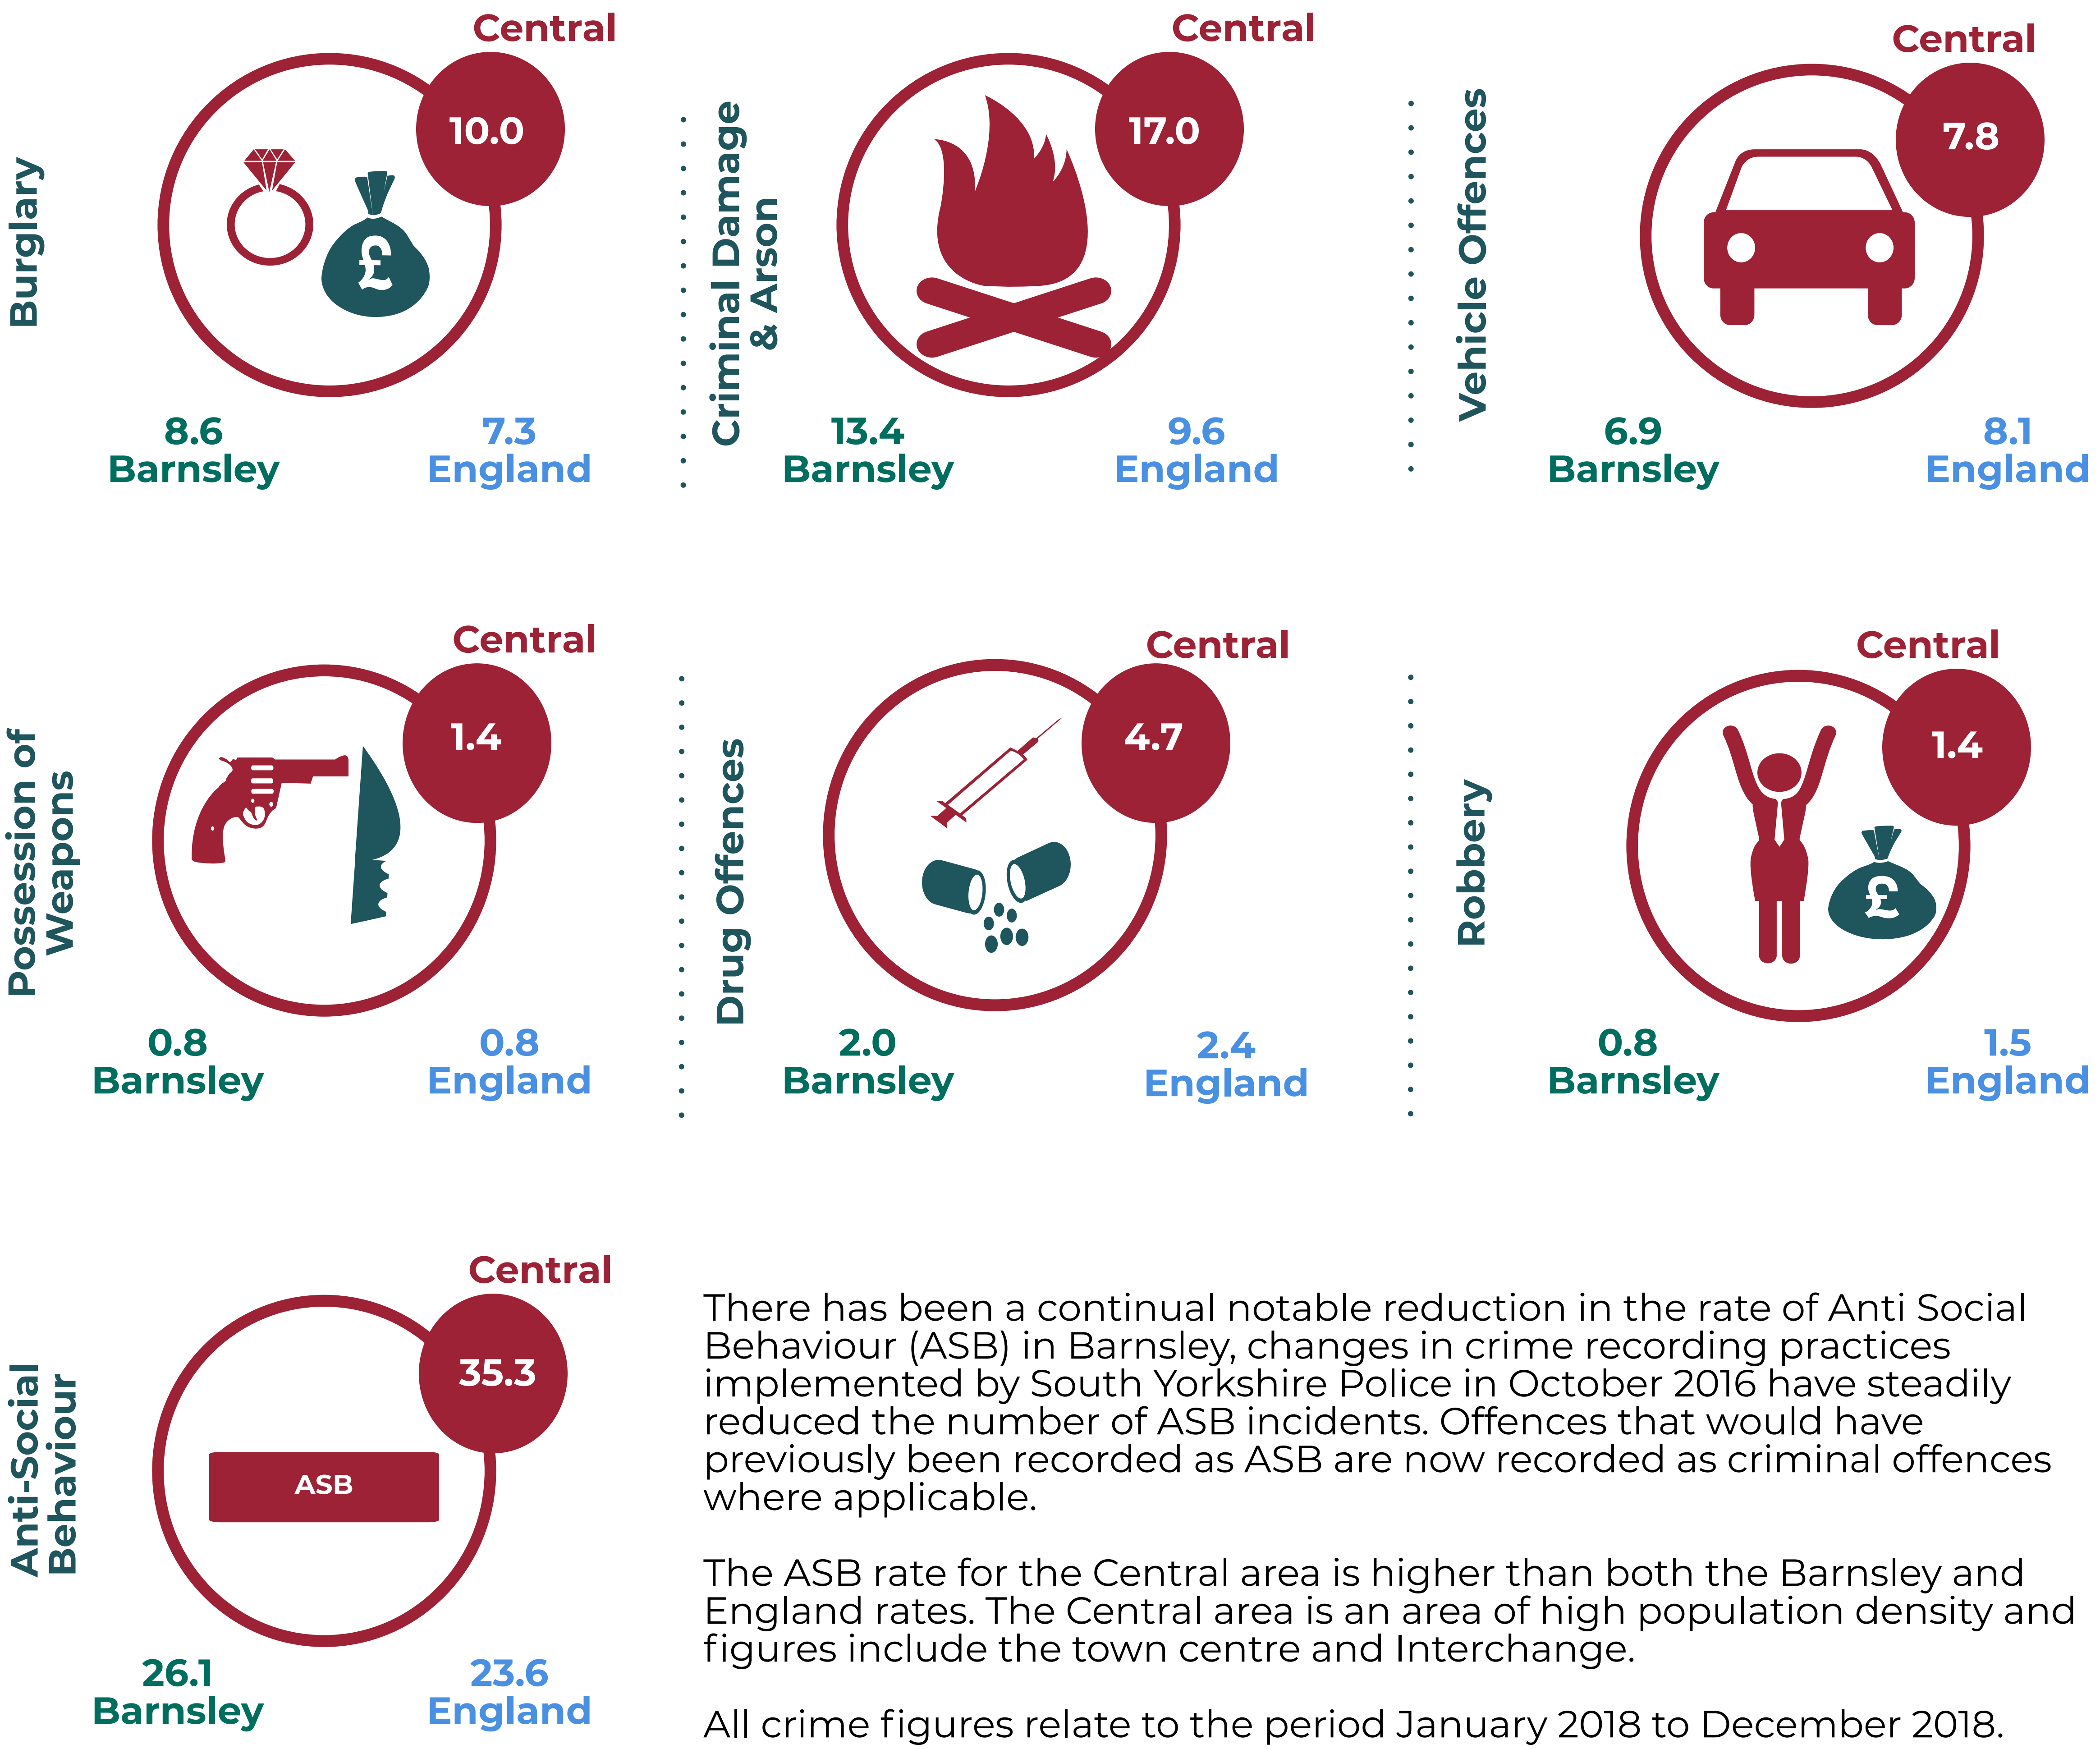

**137.7**  
per 1,000 population in Central Area Council

Figures for total crime excluding fraud.

	per 1,000 population
Central	137.7
Barnsley	99.0
England	87.0

Source: Police recorded crime 2018

## Crime (rate per 1,000 population)

There has been a continual notable reduction in the rate of Anti Social Behaviour (ASB) in Barnsley, changes in crime recording practices implemented by South Yorkshire Police in October 2016 have steadily reduced the number of ASB incidents. Offences that would have previously been recorded as ASB are now recorded as criminal offences where applicable.

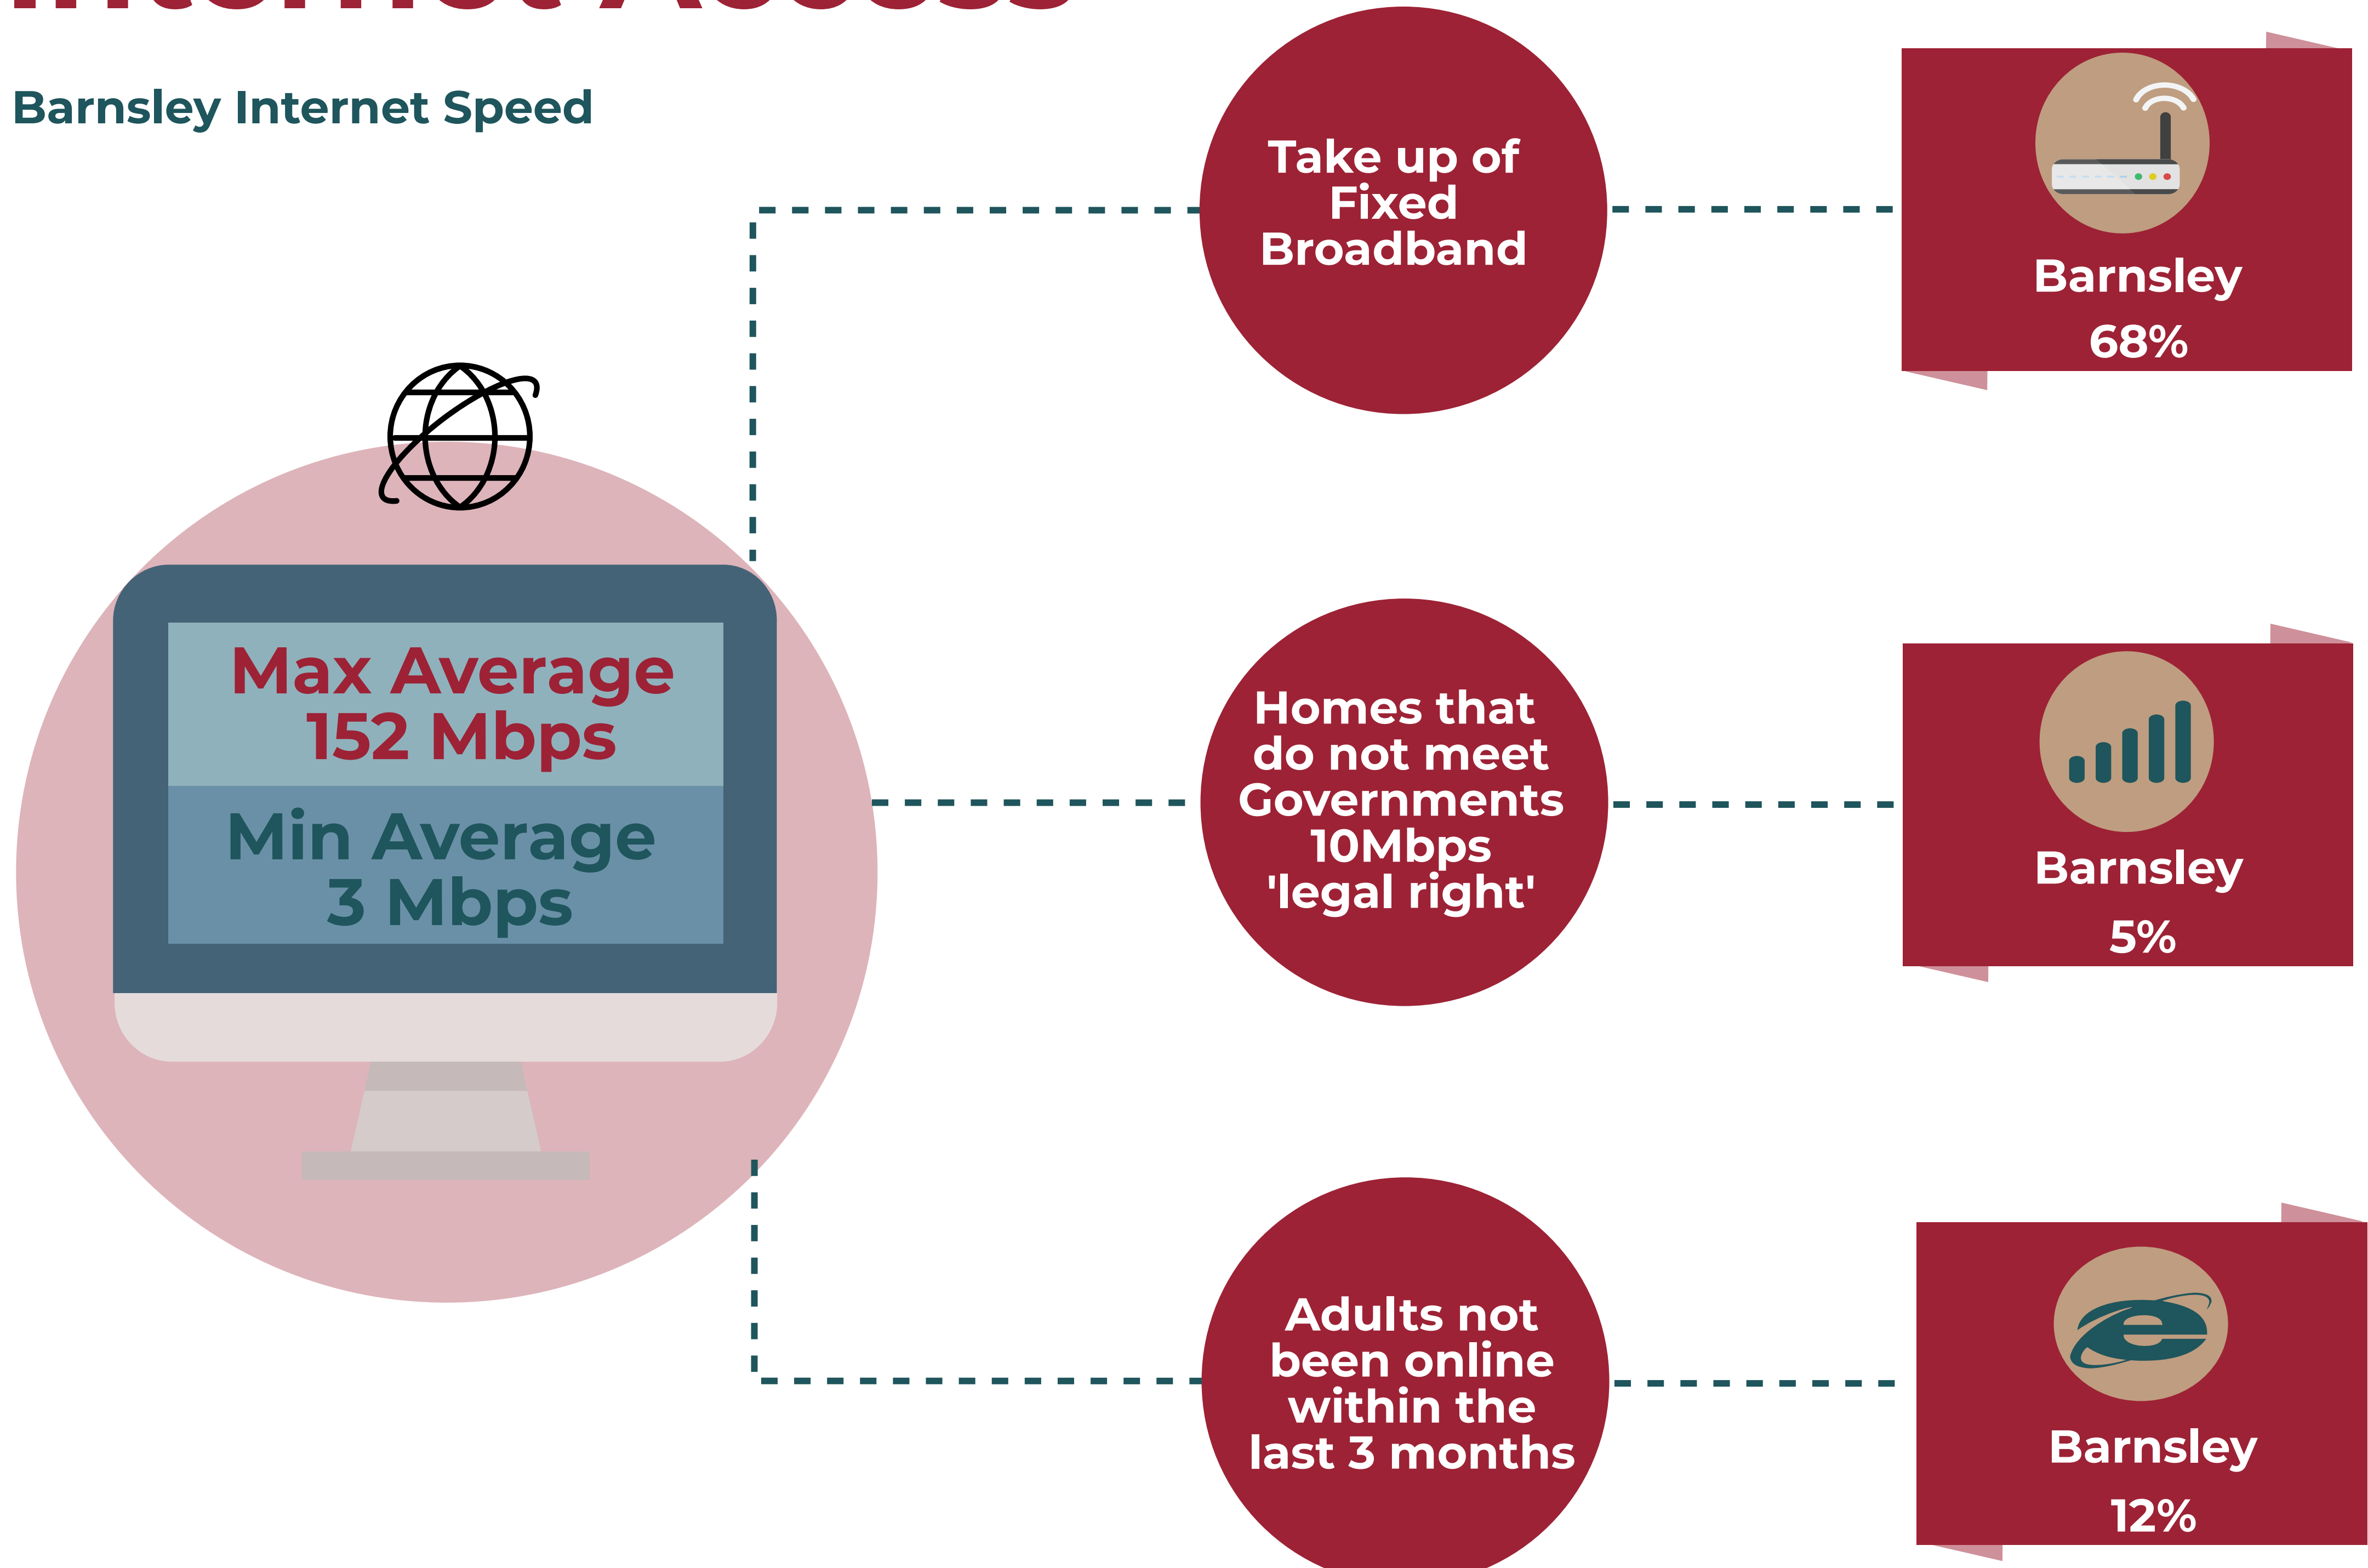

The ASB rate for the Central area is higher than both the Barnsley and England rates. The Central area is an area of high population density and figures include the town centre and Interchange.

All crime figures relate to the period January 2018 to December 2018.
