Introduction and Purpose

Barnsley Council is continuing to change how we work together for a 'Better Barnsley'. We have ambitious plans to improve and grow as identified in our Corporate Plan for 2017-2020. This sets out what we aim to achieve over the next three years to improve outcomes for our customers and the community as we strive to become more customer focused, modern, efficient and business minded.

We're still focused on achieving our three key priorities:

- Thriving and vibrant economy
- People achieving their potential
- Strong and resilient communities

We still feel that these areas warrant greater attention, emphasis, and possibly resources, to influence other areas of activity and make the greatest impact overall.

The council will concentrate resources to make the most impact by providing services where they are most needed and we'll help people to do more for each other and their community. To do this, we need a solid evidence base to develop effective interventions which will help to achieve a 'Better Barnsley'. Our Borough Profile provides content intended to support effective strategic and local decision making for the future and identify commissioning needs by stimulating discussion, debate and action to enable us to focus on those improvements that will make the most difference to quality of life in Barnsley.

The data within this report are from the latest available as of May 2018. It compares the Area Council with Barnsley and that of England where possible.

This information is intended to support Area Councils to identify some of their strategic priorities and commission services to meet these challenges.

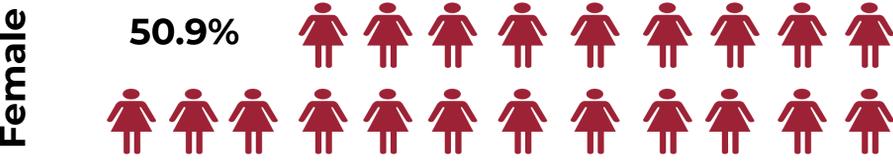

Demographics

Overall Population

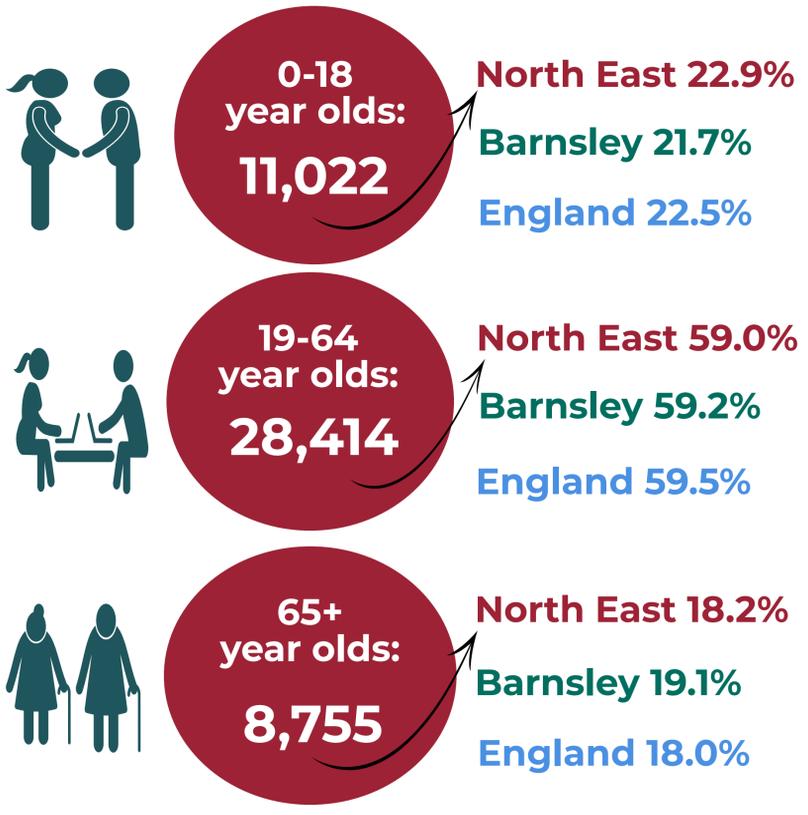

48,191

Up **5.2%** since 2011

Barnsley's population has been growing constantly since 2001. Since the 2011 Census, the resident population of the North East area has increased by 5.2%, whereas across Barnsley there was a 4.9% increase. These increases were mainly due to more births than deaths and international migration.

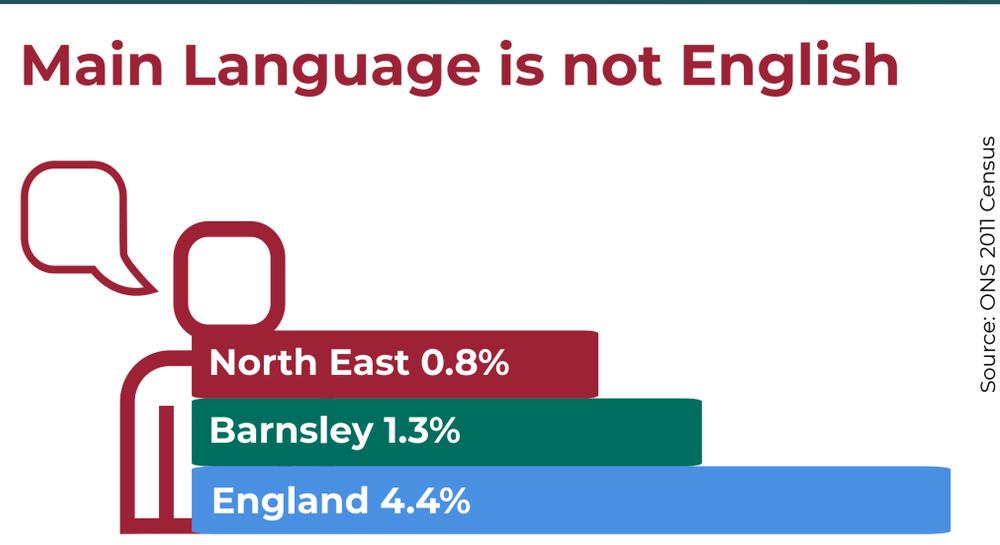

Age Profile and % of Total Population

The age profile of the population is changing both locally and nationally due to the rising number of people aged 65+ years. The resident population of the North East area consists of similar proportions of young people (under 19 years), those of working age and those of pensionable age when compared to Barnsley and nationally.

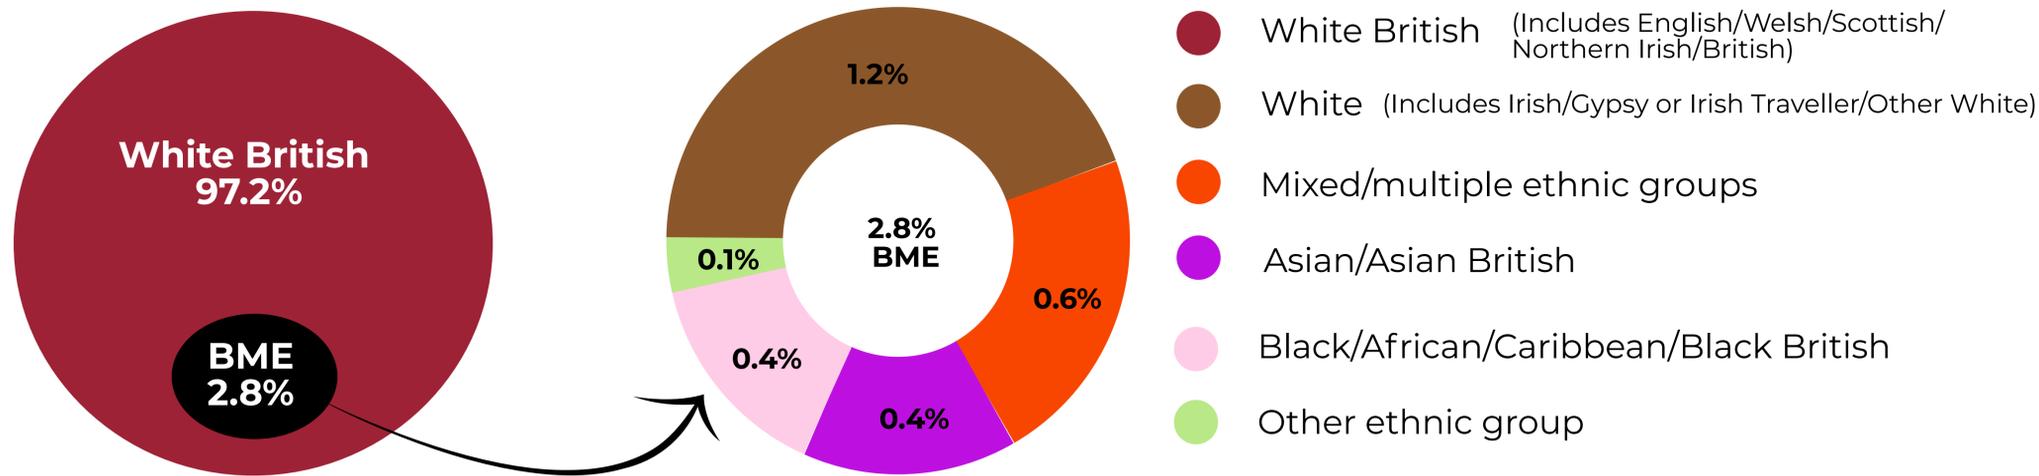

Source: ONS 2017 Mid-Year Estimates

Source: ONS 2011 Census

In 2011, less than 1 in every 100 North East area residents' main language was not English.

Ethnic Breakdown

	White British	BME
North East	97.2%	2.8%
Barnsley	96.1%	3.9%
England	79.8%	20.2%

Barnsley's ethnic diversity continues to change. In 2011, in the North East area 3 in every 100 people were from a Black and Minority Ethnic (BME) group; slightly lower than the overall Barnsley rate.

Health and Wellbeing

Smoking

Prevalence - Adults (over 18's)

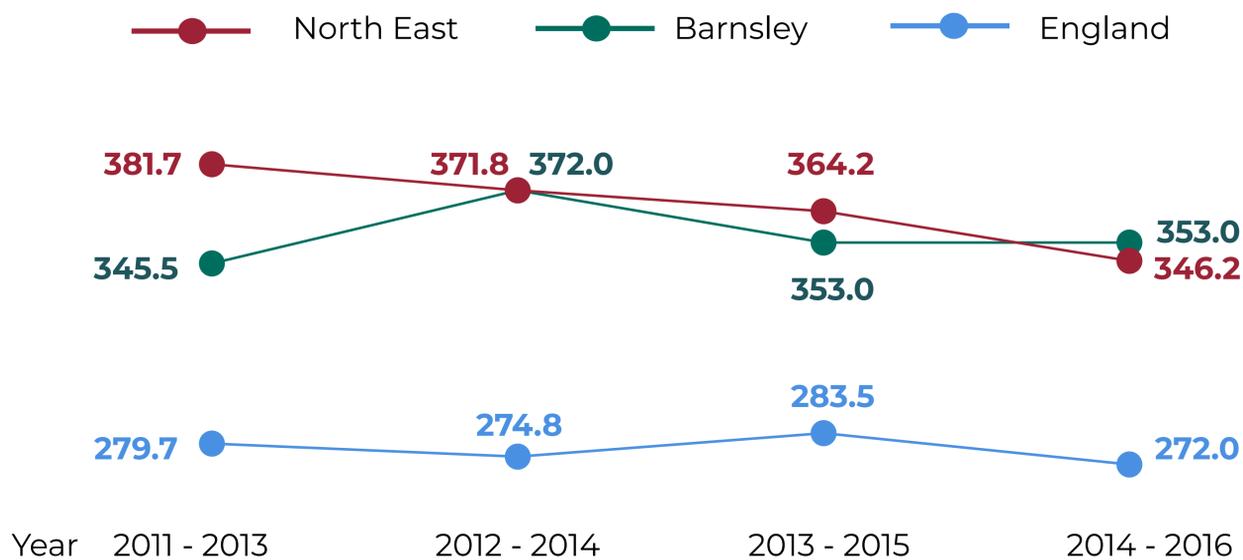

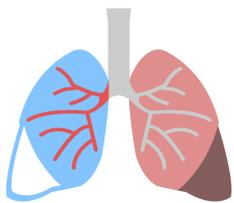

No England data available for smoking prevalence as the Area Council and Barnsley data has been calculated locally from GP records.

Local GP records 2013 - 2016

Just over one in four adults in the North East area are smokers. Rates have been consistently higher than the rates for Barnsley at each time point during the period 2013 to 2016. The current rate of 25.5% is the lowest since 2013.

Related Deaths per 100,000 (Over 35's)

The North East area's smoking related deaths rate (346.2 per 100,000 aged 35+) is lower than the Barnsley rate of 353.0 and is the lowest during the period 2011-2013 to 2014-2016.

Source: ONS mortality data and mid-year population estimates and NHS Digital 2011 - 2016

At Time of Delivery

The proportion of women who smoke during pregnancy in the North East area (17.3%) is higher than the proportion in Barnsley overall (16.8%).

Source: Calculated by PHE from the NHS Digital return on Smoking at Time of Delivery (SATOD) 2017-2018

Households

Residents Living Alone and Aged 65+ Years

The 2011 Census showed that 12.7% of the residents in the North East area aged 65+ lived alone and could be at risk of social isolation. Rates are similar to those levels across Barnsley and nationally.

Housing Tenure

Owned

More than 6 in every 10 properties are owned with a mortgage or owned outright in the North East area. Ownership is about the same for Barnsley overall and slightly above the national rate.

Social Rented

In 2011 there were more than 1 in 5 social rented homes in the North East area; slightly above the Barnsley rate and significantly higher than nationally.

Private Rented

In 2011, more than 1 in 10 properties within the North East area were private rented; slightly below the Barnsley rate and significantly below the national.

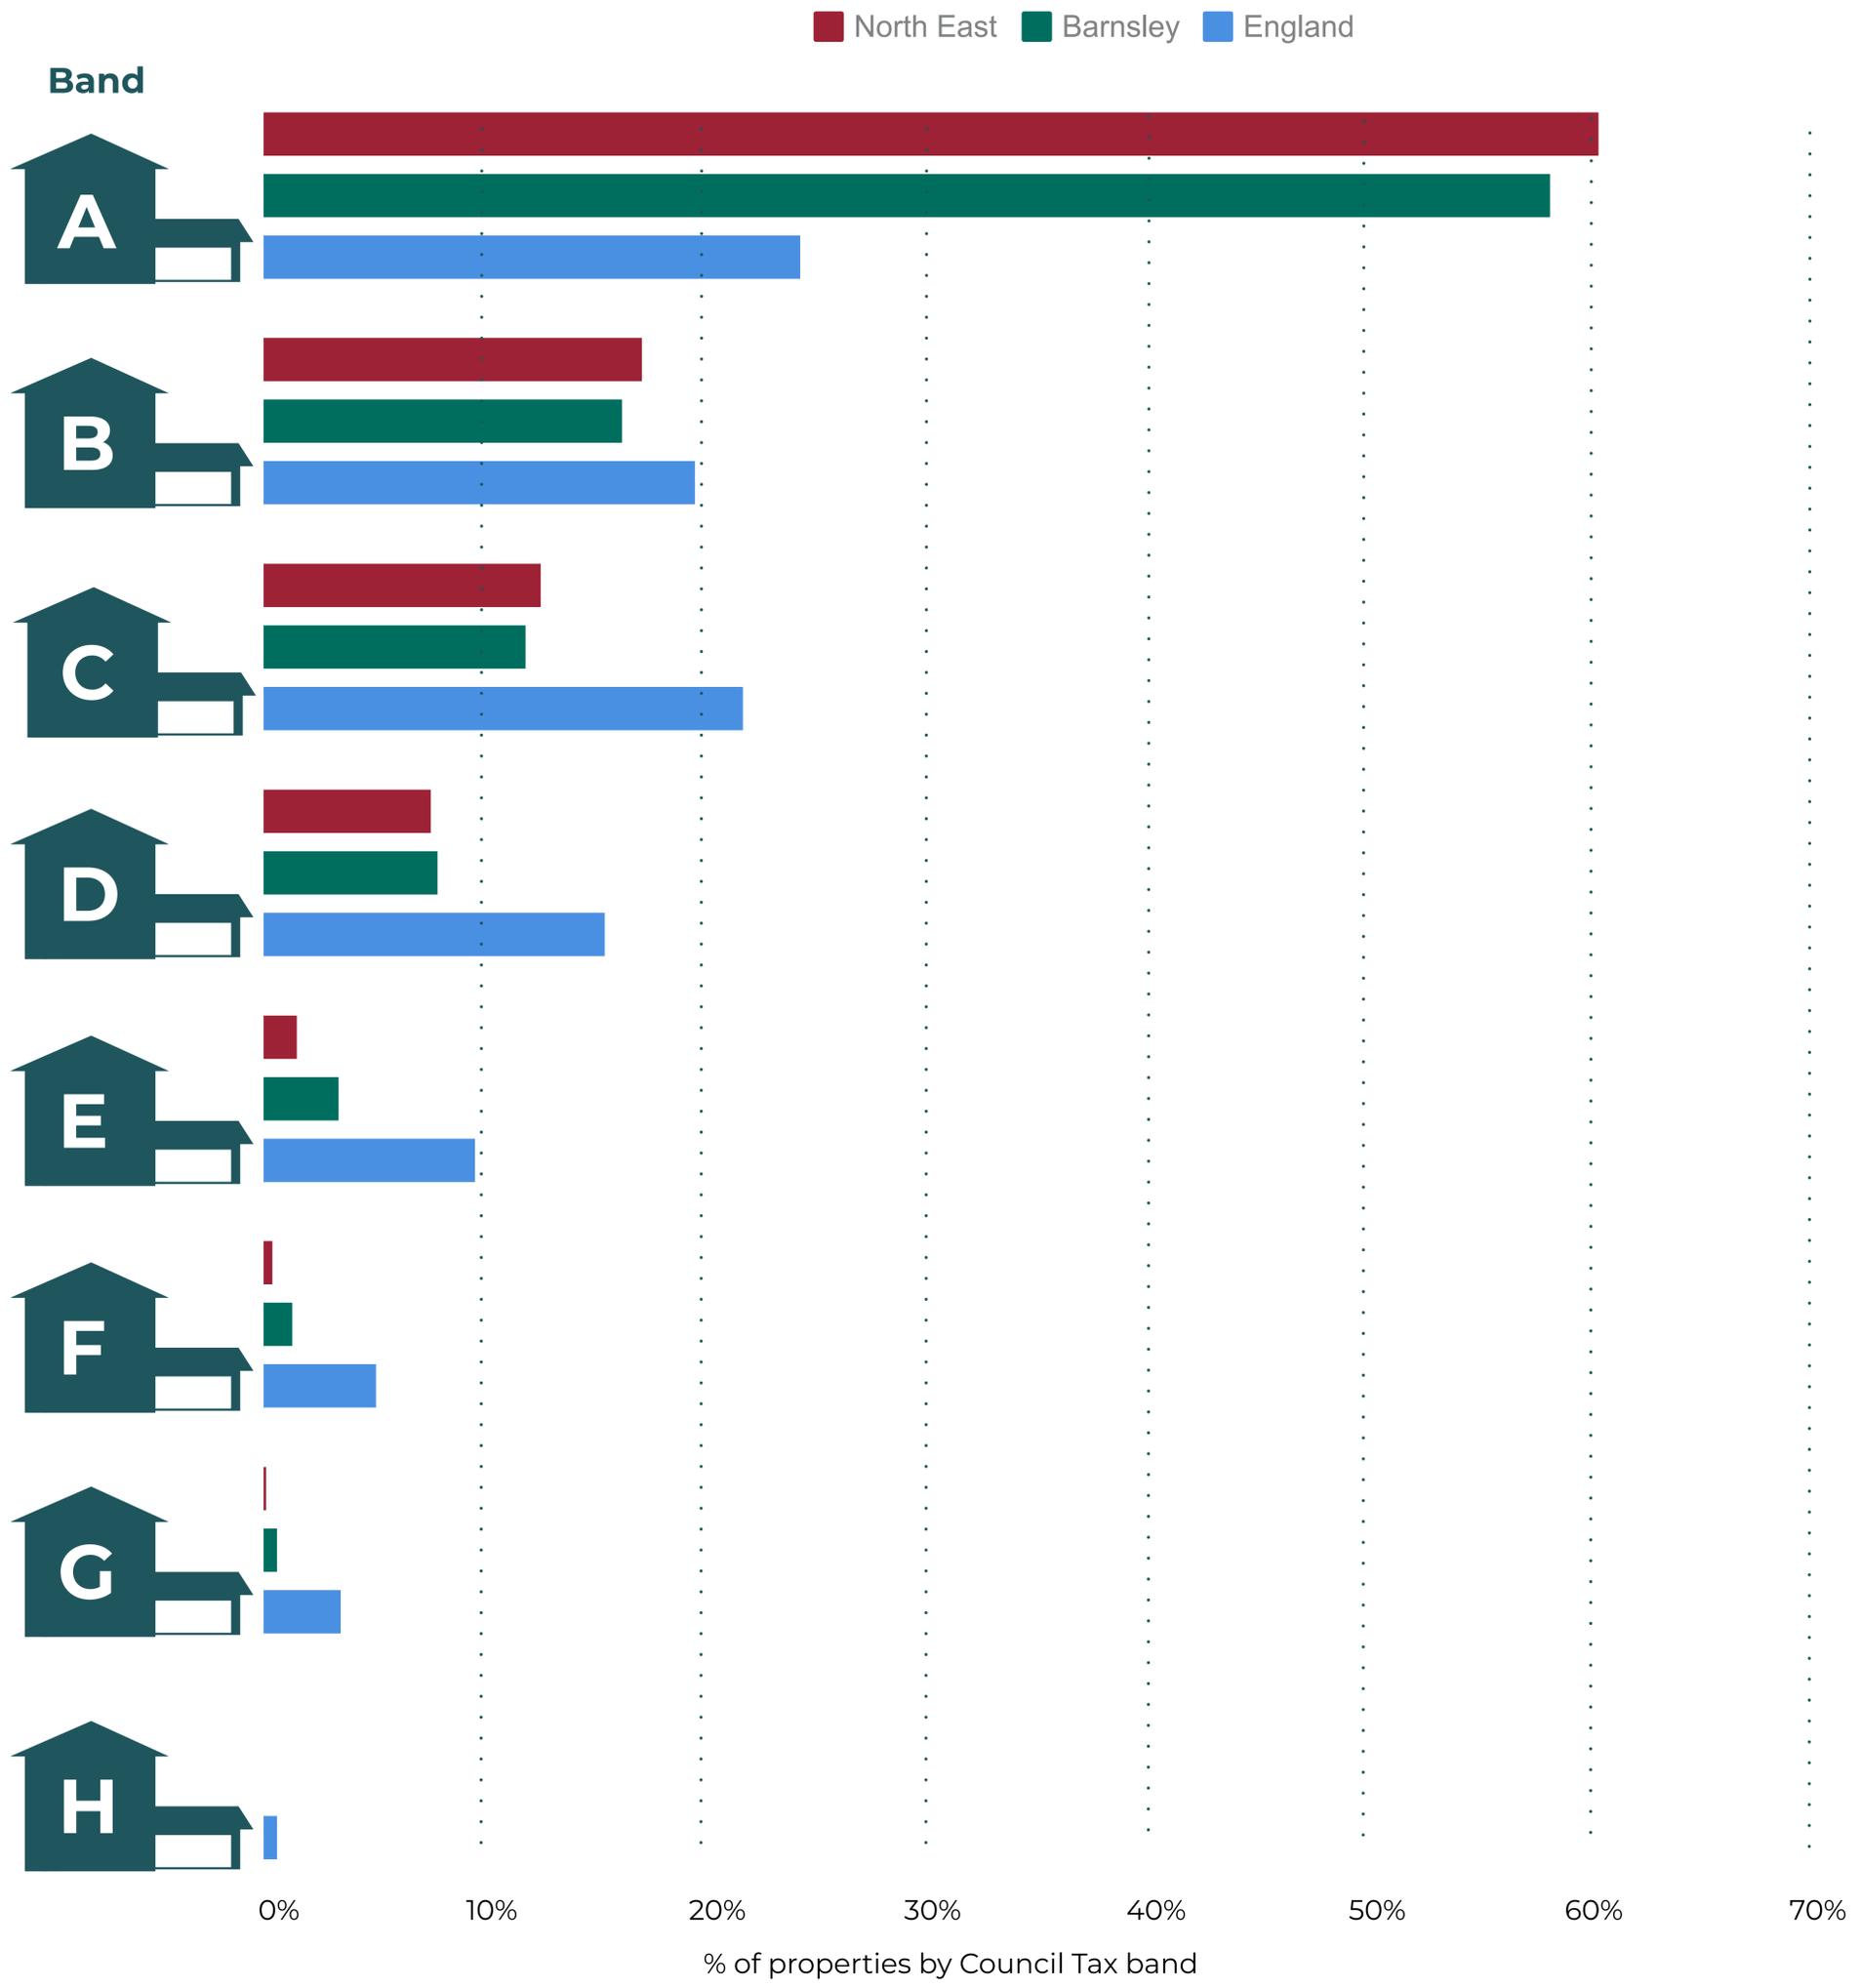

Households

Council Tax Band

21,329

residential properties in the North East area

Properties are classified into one of eight valuation bands (A to H, with A being properties of lowest value to H being the highest). The government's Valuation Office determines the amount of Council Tax to pay. The majority of properties in the North East area are classified as band A.

Crime

Total Crime (rate per 1,000 population)

87.0

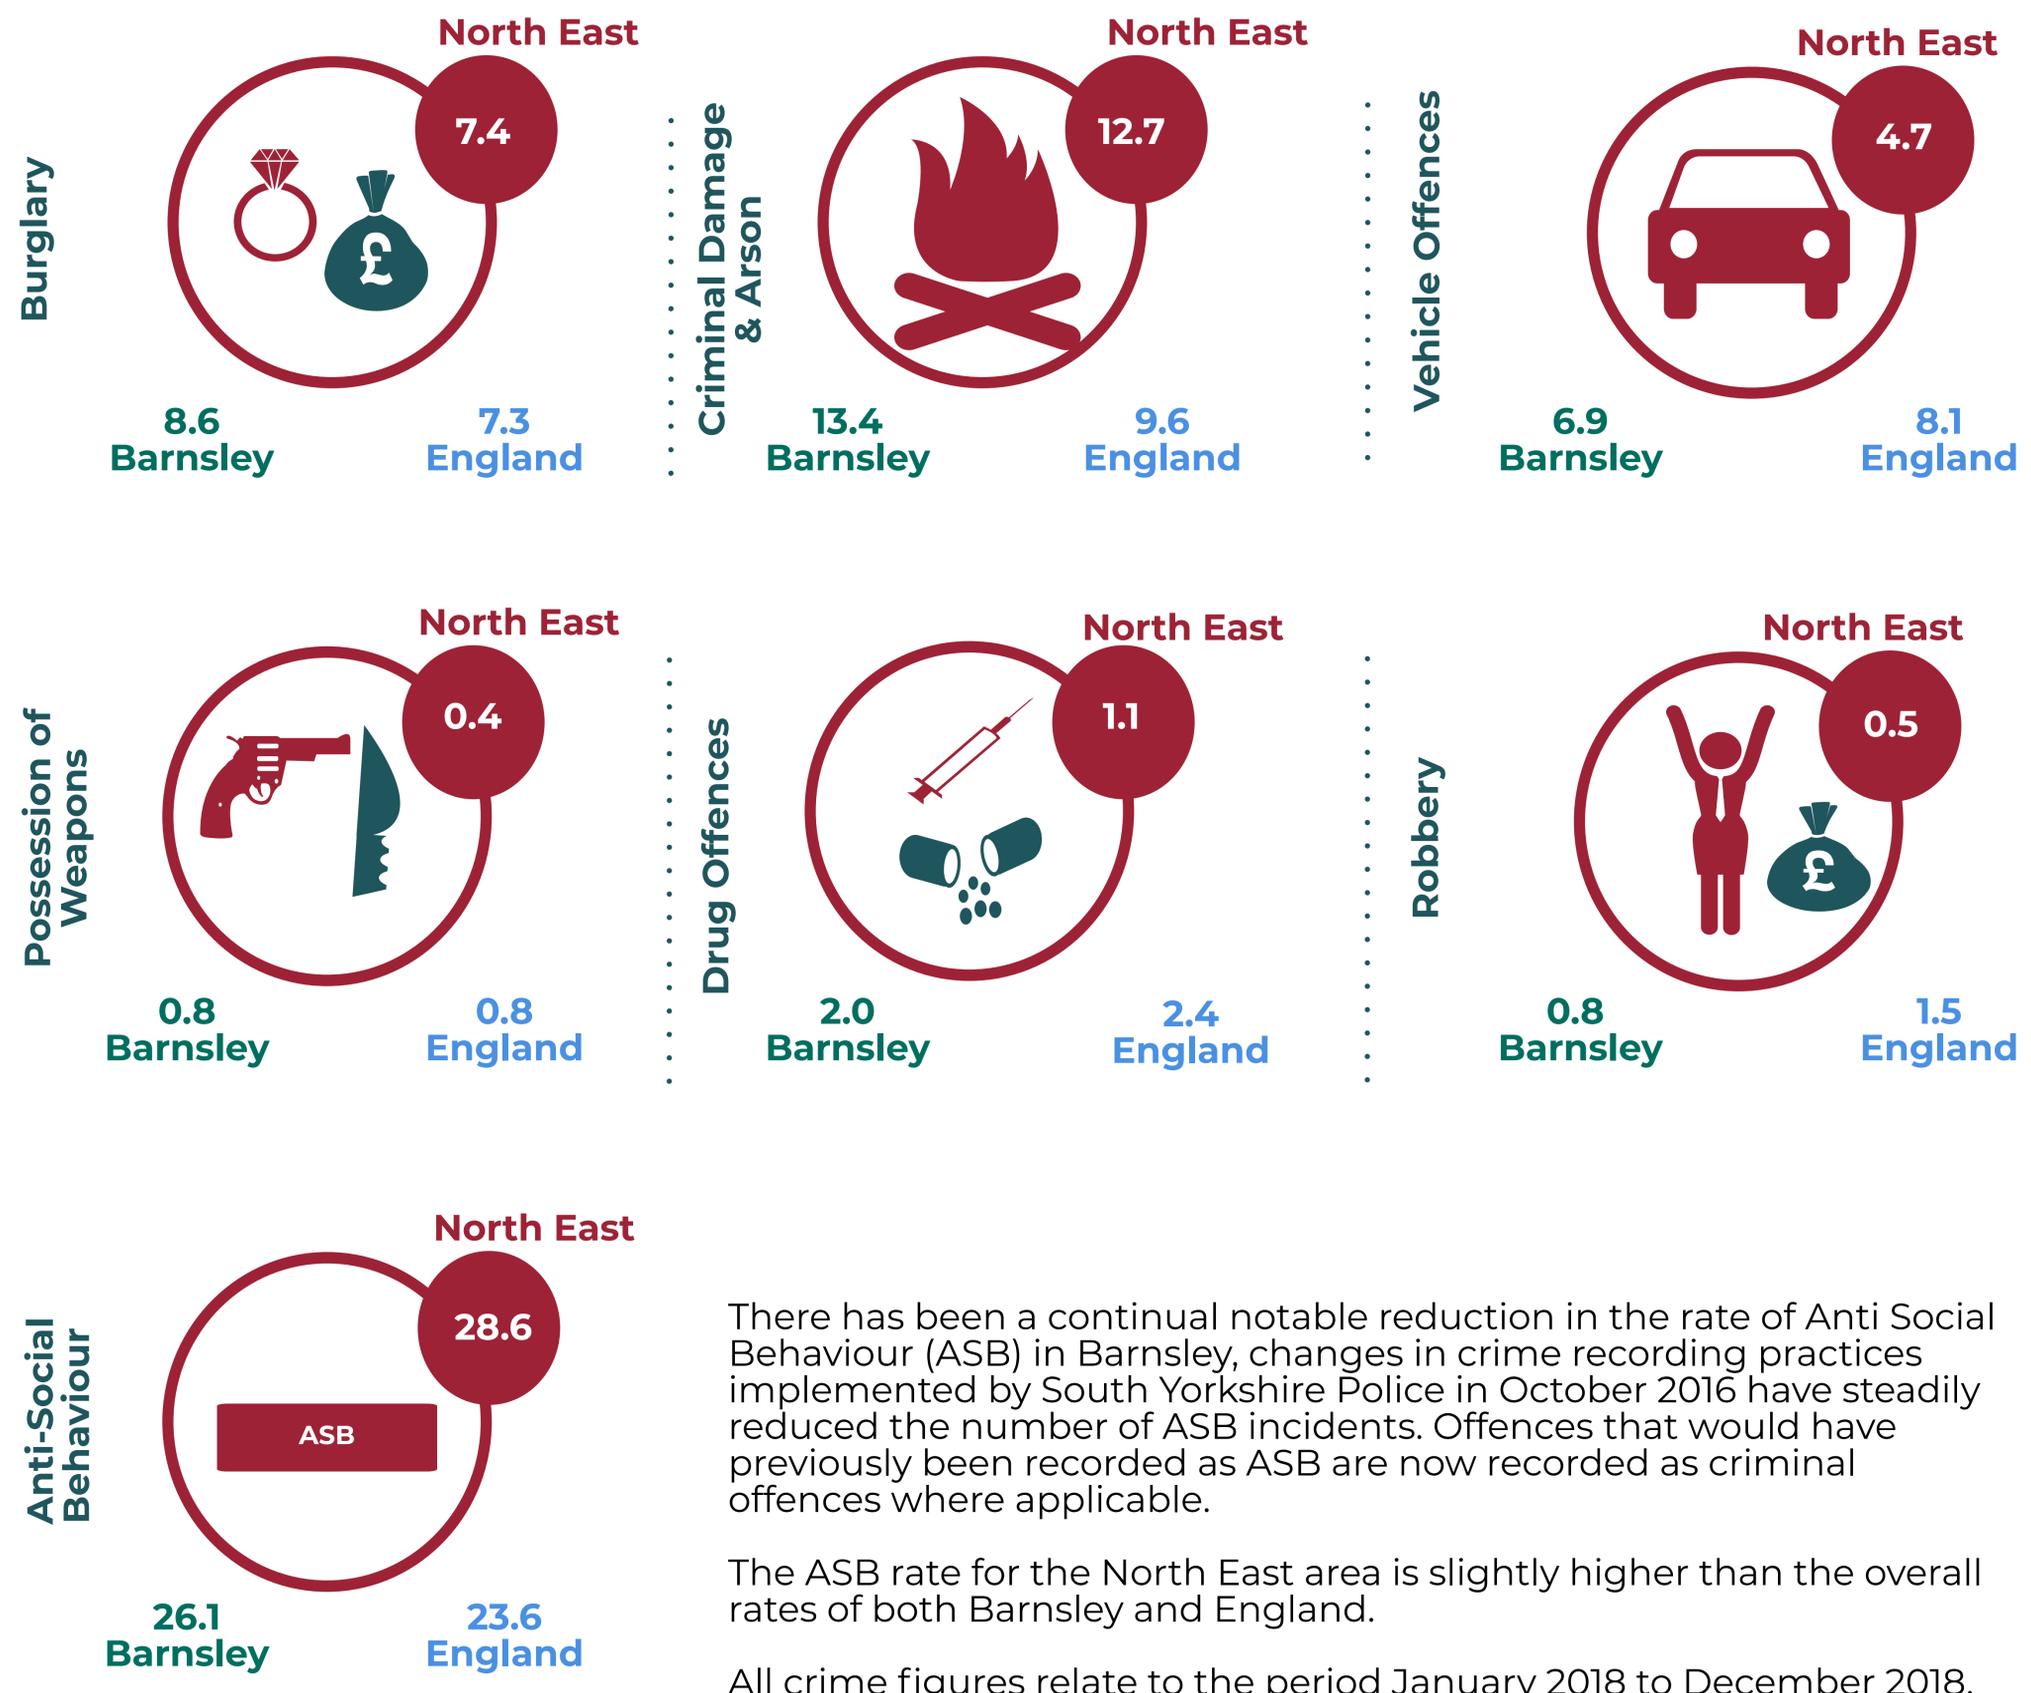

per 1,000 population in North East Area Council

Figures for total crime excluding fraud.

	per 1,000 population
North East	87.0
Barnsley	99.0
England	87.0

Source: Police recorded crime 2018

Crime (rate per 1,000 population)

There has been a continual notable reduction in the rate of Anti Social Behaviour (ASB) in Barnsley, changes in crime recording practices implemented by South Yorkshire Police in October 2016 have steadily reduced the number of ASB incidents. Offences that would have previously been recorded as ASB are now recorded as criminal offences where applicable.

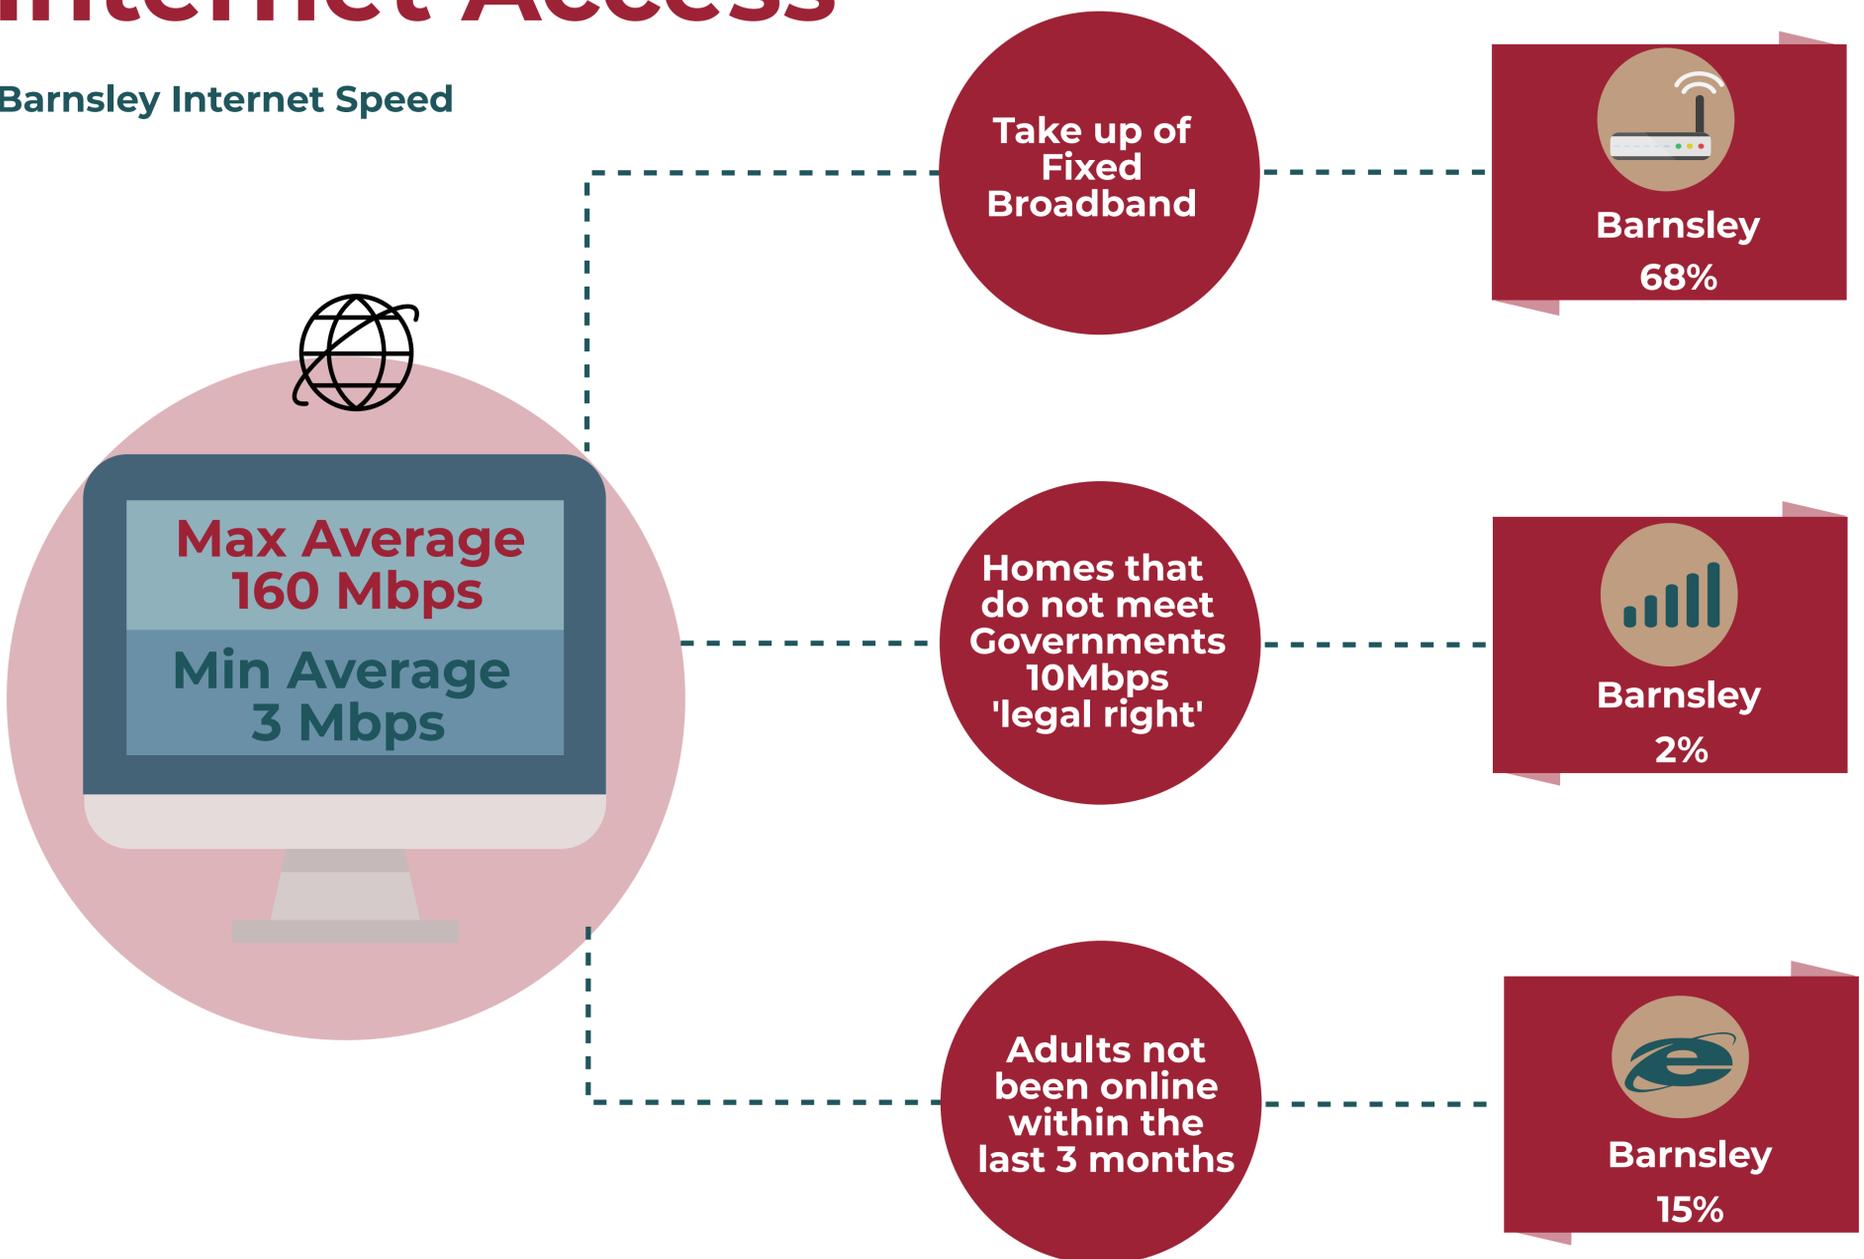

The ASB rate for the North East area is slightly higher than the overall rates of both Barnsley and England.

All crime figures relate to the period January 2018 to December 2018.
