Introduction and Purpose

Barnsley Council is continuing to change how we work together for a 'Better Barnsley'. We have ambitious plans to improve and grow as identified in our Corporate Plan for 2017-2020. This sets out what we aim to achieve over the next three years to improve outcomes for our customers and the community as we strive to become more customer focused, modern, efficient and business minded.

We're still focused on achieving our three key priorities:

- Thriving and vibrant economy
- People achieving their potential
- Strong and resilient communities

We still feel that these areas warrant greater attention, emphasis, and possibly resources, to influence other areas of activity and make the greatest impact overall.

The council will concentrate resources to make the most impact by providing services where they are most needed and we'll help people to do more for each other and their community. To do this, we need a solid evidence base to develop effective interventions which will help to achieve a 'Better Barnsley'. Our Borough Profile provides content intended to support effective strategic and local decision making for the future and identify commissioning needs by stimulating discussion, debate and action to enable us to focus on those improvements that will make the most difference to quality of life in Barnsley.

The data within this report are from the latest available as of May 2018. It compares the Area Council with Barnsley and that of England where possible.

This information is intended to support Area Councils to identify some of their strategic priorities and commission services to meet these challenges.

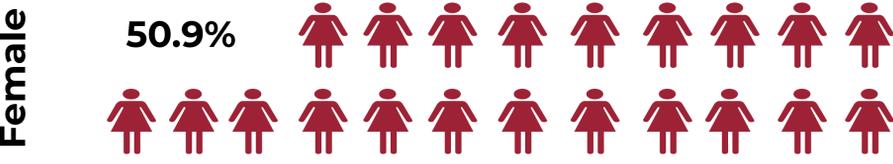

Demographics

Overall Population

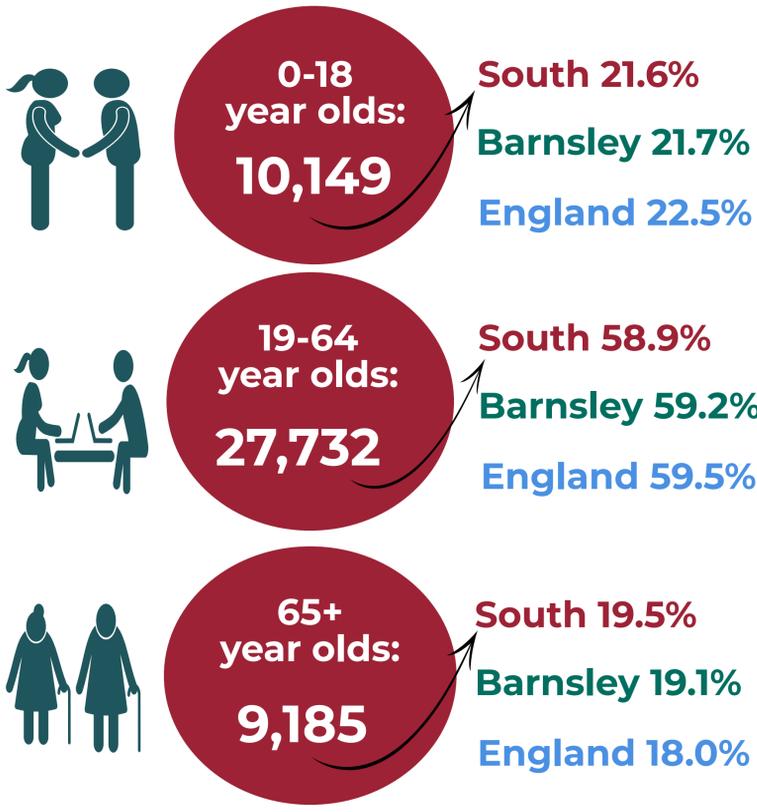

47,066

Up 4.2% since 2011

Barnsley's population has been growing constantly since 2001. Since the 2011 Census, the resident population of the South area has increased by 4.2%; similar to the increase for Barnsley overall (4.9%). These increases were mainly due to more births than deaths and international migration.

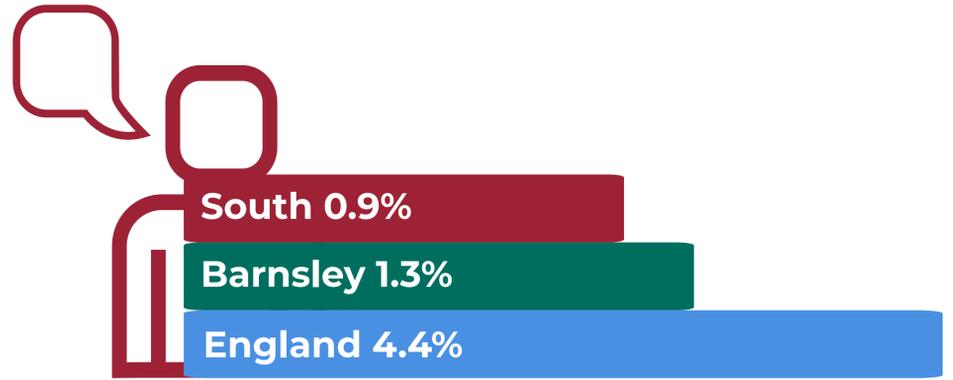

Age Profile and % of Total Population

The age profile of the population is changing both locally and nationally due to the rising number of people aged 65+ years. The resident population of the South area consists of similar proportions of young people (under 19 years), those of working age and those of pensionable age when compared to Barnsley and nationally.

Source: ONS 2017 Mid-Year Estimates

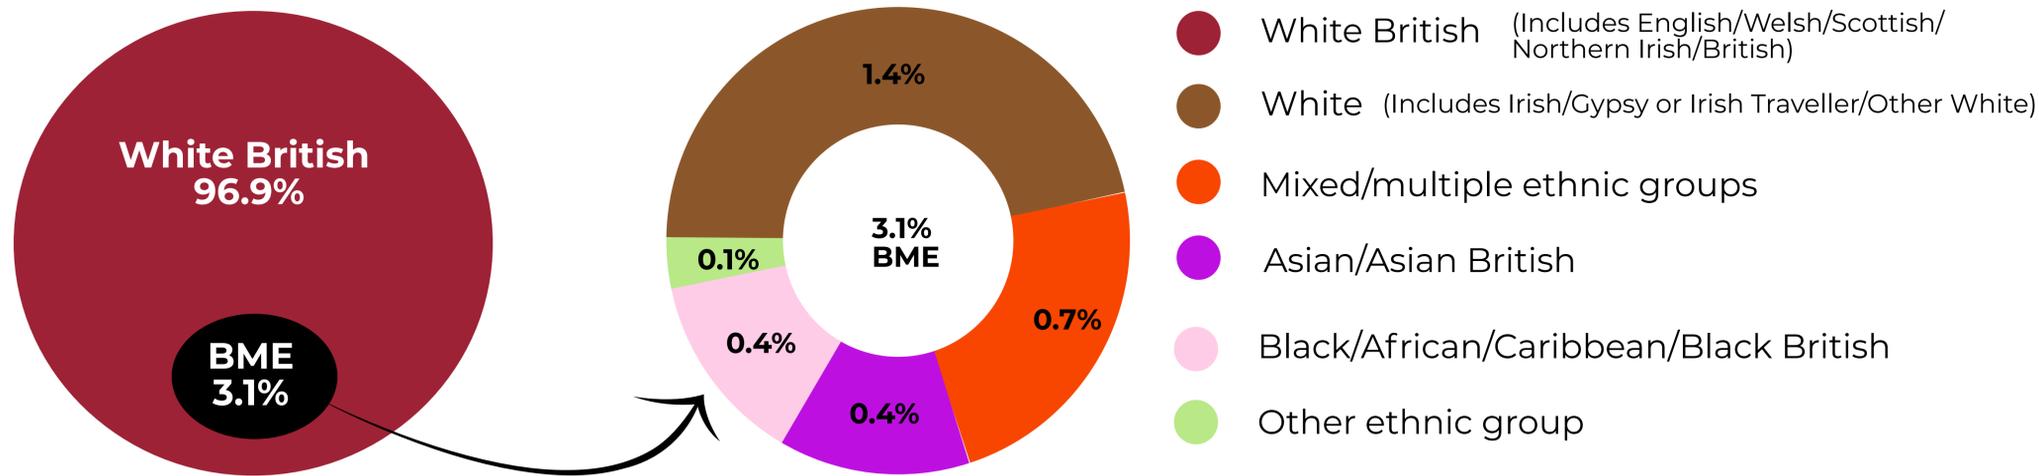

Main Language is not English

Source: ONS 2011 Census

In 2011, less than 1 in every 100 South area residents' main language was not English.

Ethnic Breakdown

	White British	BME
South	96.9%	3.1%
Barnsley	96.1%	3.9%
England	79.8%	20.2%

Barnsley's ethnic diversity continues to change. In 2011, in the South area 3 in every 100 people were from a Black and Minority Ethnic (BME) group; slightly lower than the overall Barnsley rate.

Learning

16 Primary schools

2 Secondary schools

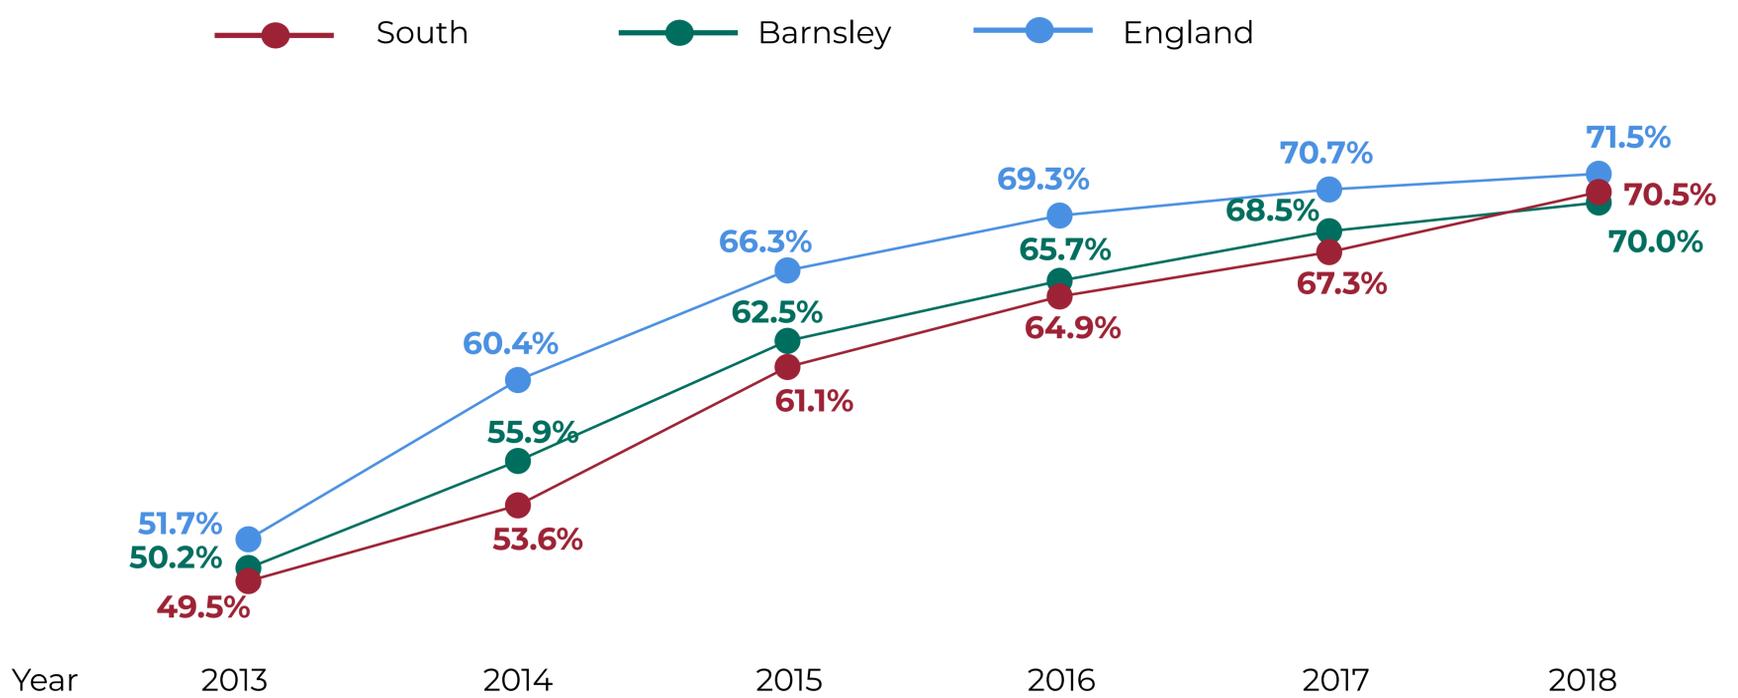

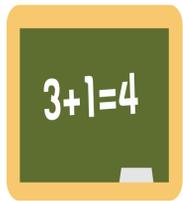

3,807 Pupils on roll

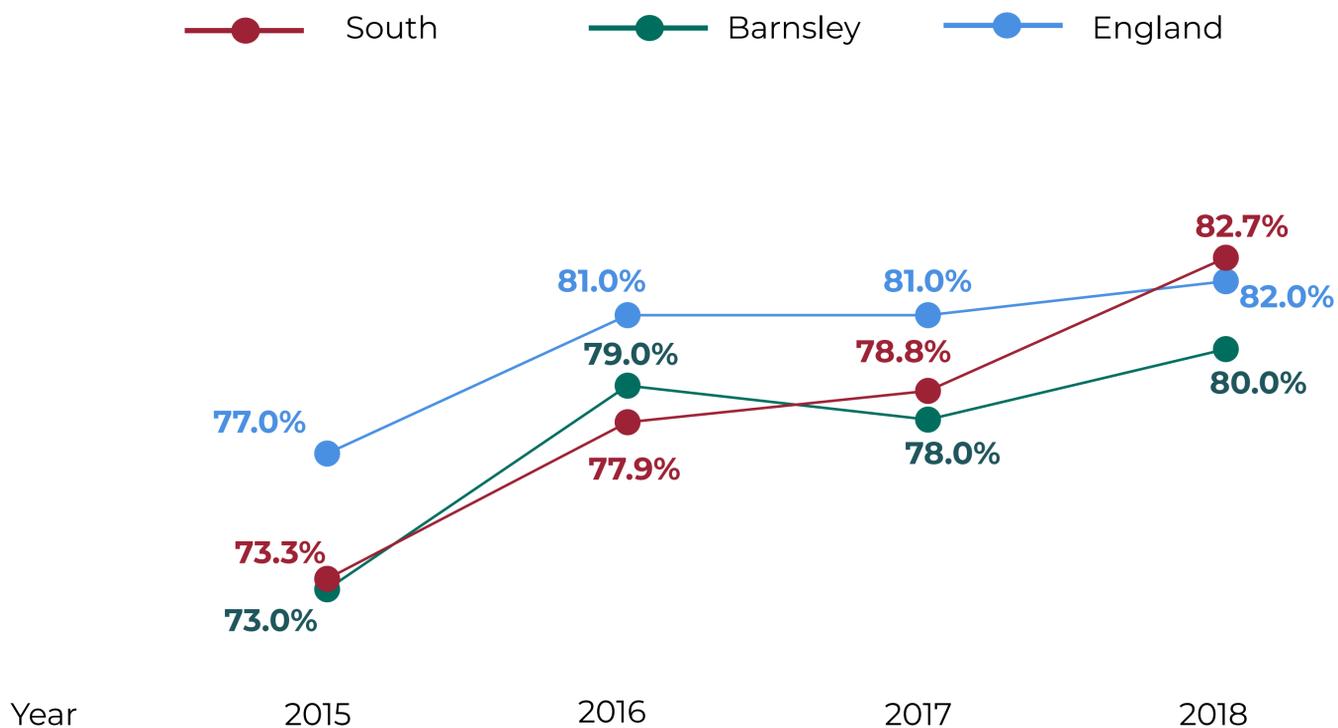

2,241 Pupils on roll

% of Pupils Achieving a Good Level of Development 2013 - 2018

The percentage of pupils resident in the South area achieving a good level of development increased in 2018. Outcomes remained below the national average but are now above the Barnsley average.

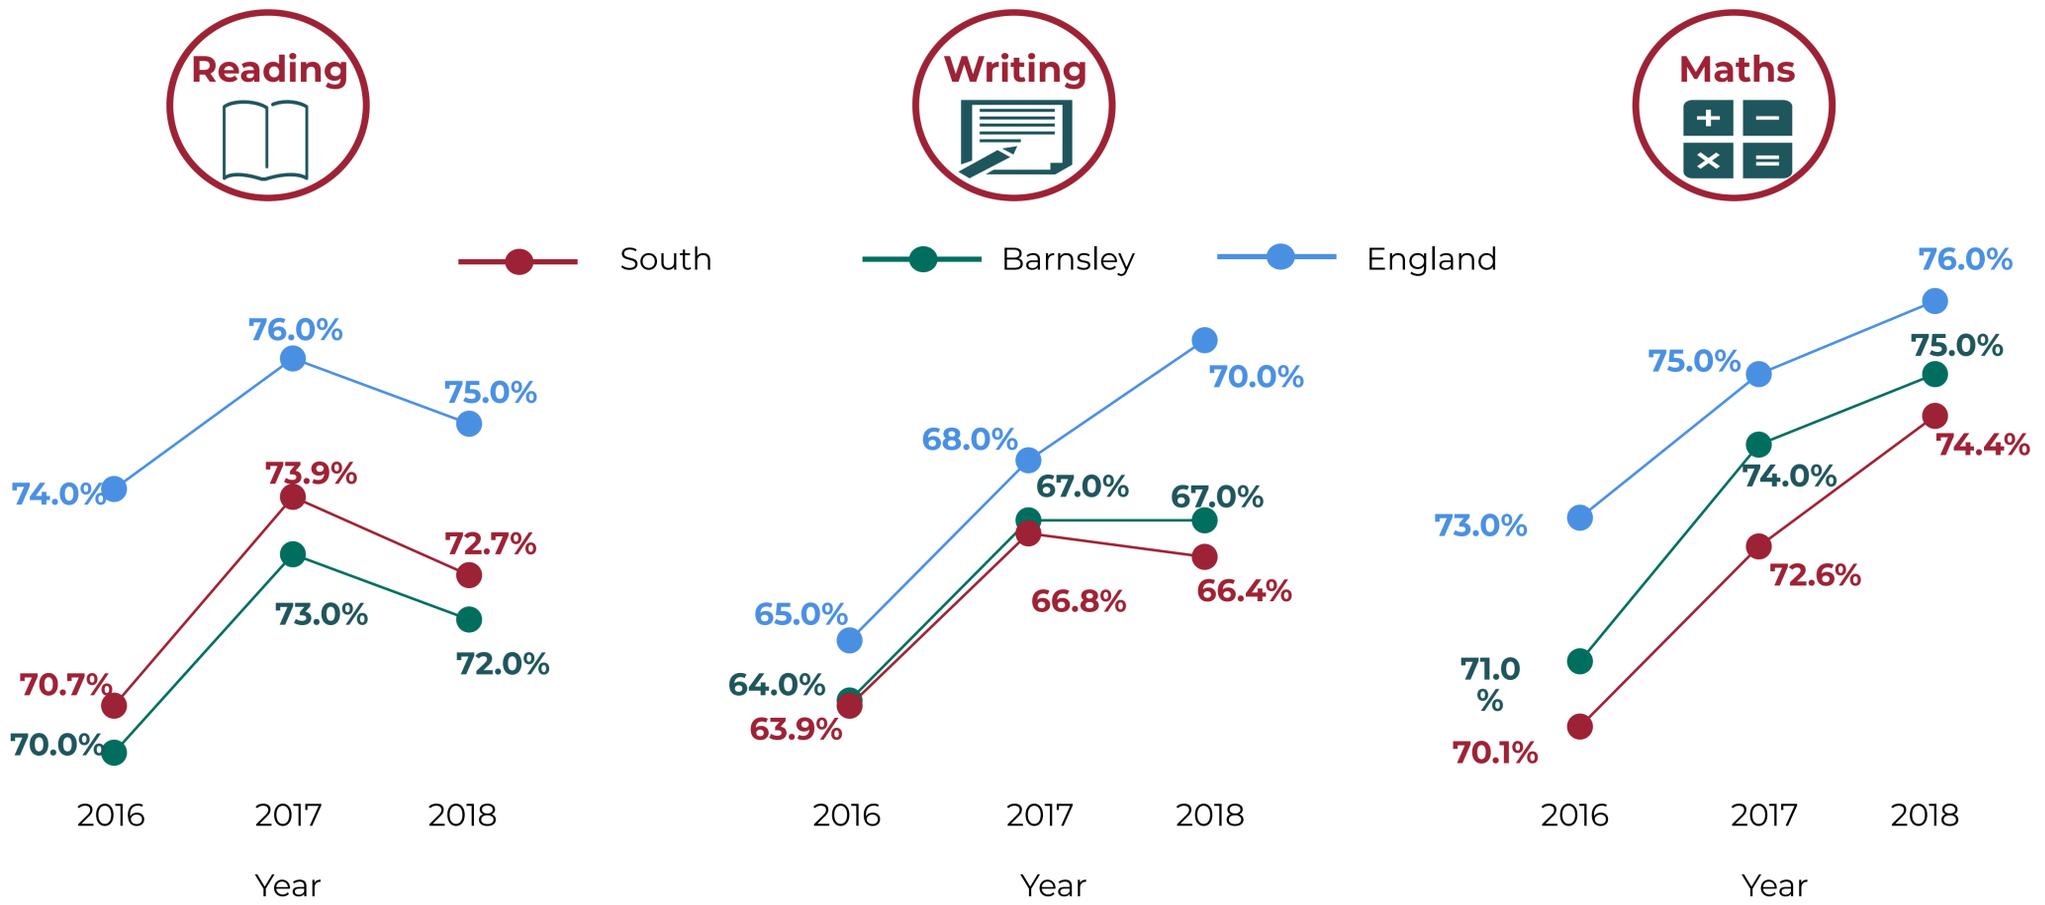

% of Pupils Achieving the Expected Standard in the Phonics Screening Check at the End of Year 1 2015 - 2018

The percentage of pupils resident in the South area achieving the expected standard in 2018 increased with outcomes now above both the Barnsley and national averages.

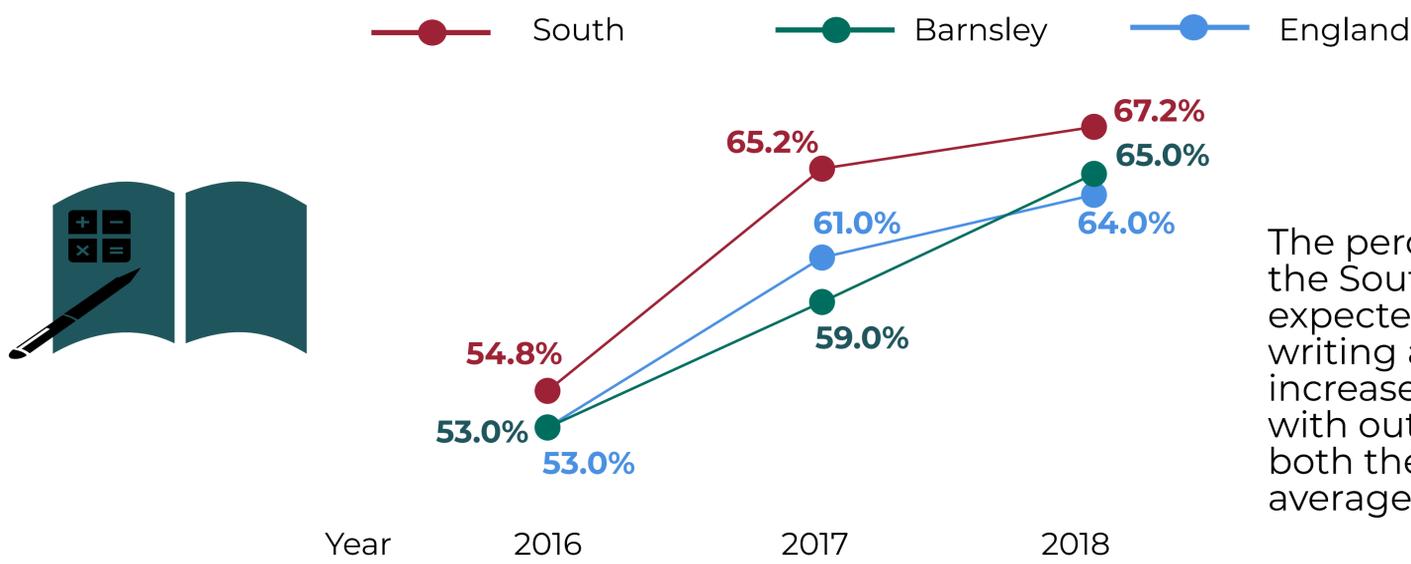

Learning

% of Key Stage 1 Pupils Achieving the Expected Standard 2016 - 2018

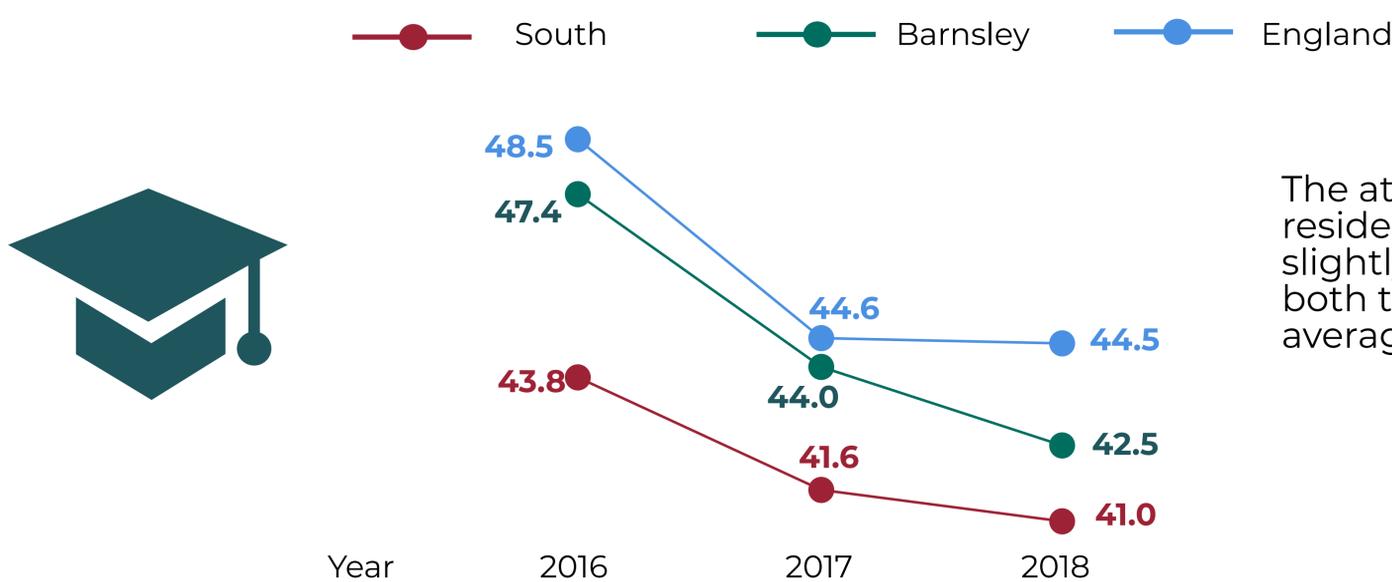

Attainment at the expected standard for pupils resident in the South area decreased in reading and writing in 2018 but increased in mathematics. Outcomes in writing and mathematics remained below both the Barnsley and national averages whilst reading remained above the Barnsley average and below the national average.

% of Key Stage 2 Pupils Achieving the Expected Standard in Reading, Writing and Maths Combined 2016 - 2018

The percentage of resident pupils in the South area achieving the expected standard in reading, writing and mathematics combined increased between 2017 and 2018 with outcomes remaining above both the Barnsley and national averages.

Average Attainment 8 Score at the End of Key Stage 4 2016 - 2018

The attainment 8 score of pupils resident in the South area decreased slightly in 2018, remaining below both the Barnsley and national averages.

Learning

Average Progress 8 Score at the End of Key Stage 4 2016 - 2018

	2016	2017	2018
South	-0.66	-0.53	-0.48
Barnsley	-0.22	-0.15	-0.15
England	0.00	0.00	0.00

In 2018 pupils resident in the South area made less progress than pupils with similar starting points in Barnsley and nationally. However the progress score was higher than the 2017 score.

% of Pupils Eligible for Free School Meals on January Census Day 2018

Primary

South

17.5%

Barnsley

18.3%

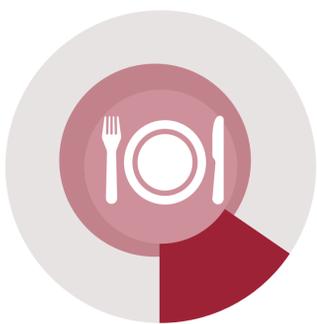

England

13.7%

The percentage of primary school pupils eligible for and claiming a free school meal in the South area decreased in 2018 and remained above the national average but below the Barnsley average in 2018.

Secondary

South

15.6%

Barnsley

16.5%

England

12.4%

The percentage of secondary school pupils eligible for and claiming a free school meal in the South area increased slightly and remained above the national average but below the Barnsley average in 2018.

Source: DfE 2017/18

Health and Wellbeing

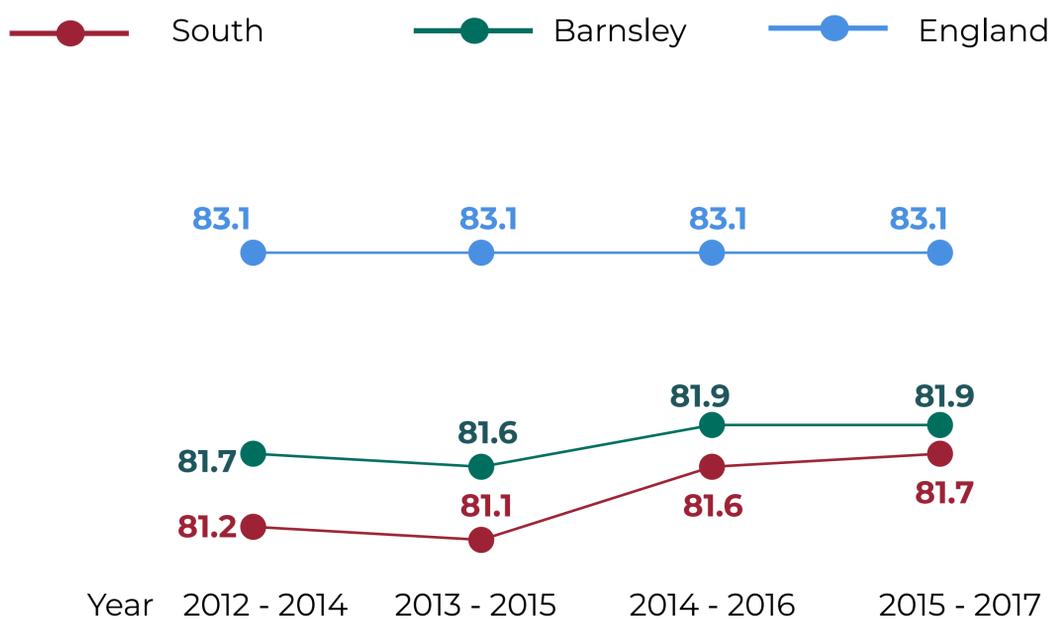

Life Expectancy at Birth

Male

Life expectancy at birth for males in the South area is 0.3 years lower than for men in Barnsley overall. The current rate of 78.4 years is higher than in 2012-2014 when it was 77.3.

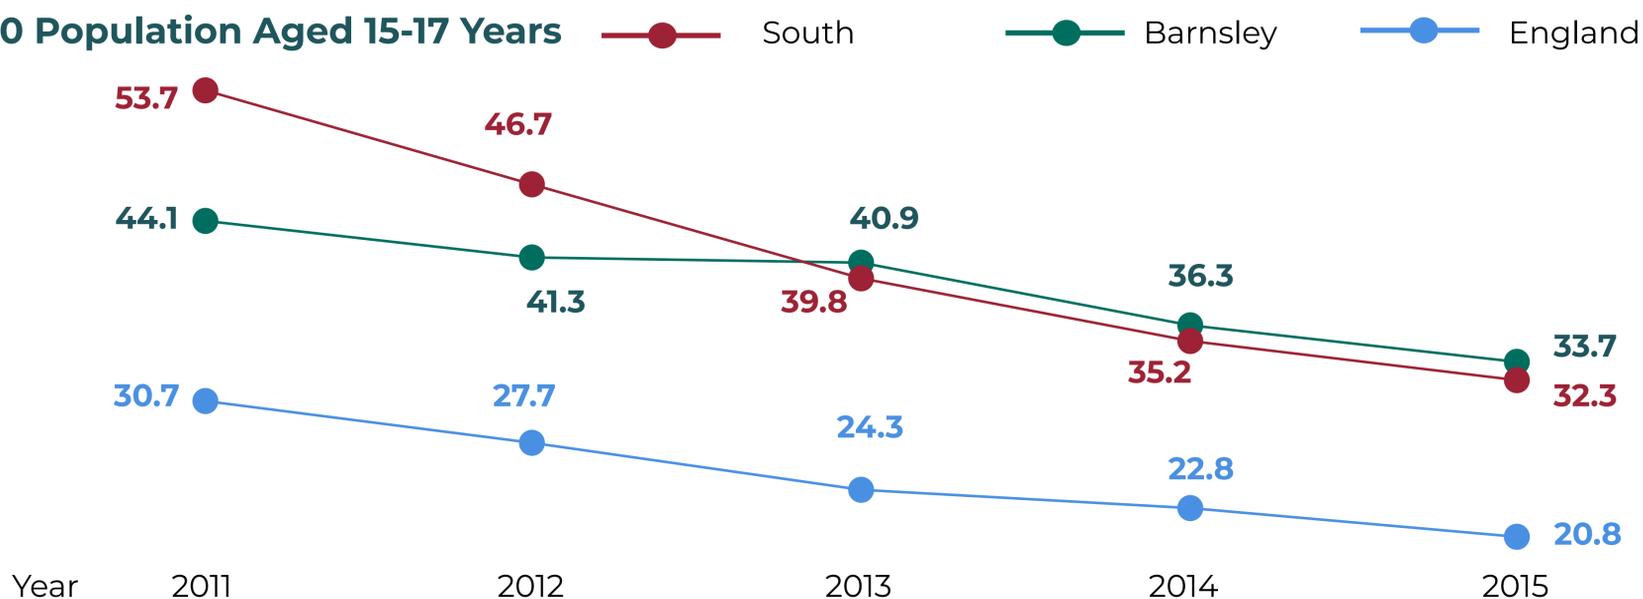

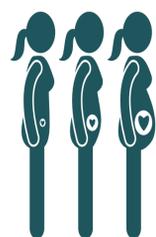

Female

Life expectancy at birth for women in the South area is 0.2 years lower than for women in Barnsley overall. The current rate of 81.7 years is higher than in 2012-2014 when it was 81.2.

Under 18's Conceptions

Rate per 1,000 Population Aged 15-17 Years

Under 18 conception rates in the South area have been lower than the rates in Barnsley for the last three time points. The 2015 rate of 32.3 is the lowest since 2011.

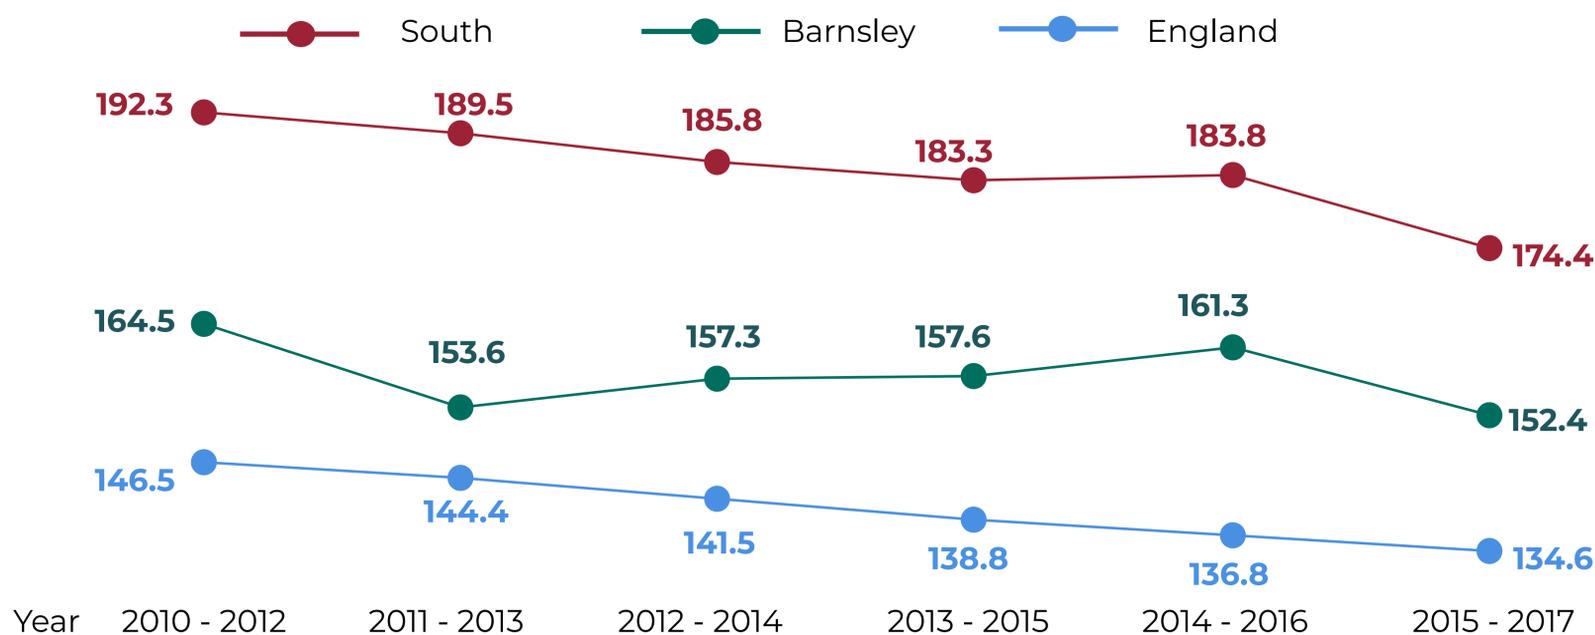

Source: ONS 2012-2017

Source: ONS 2011-2015

Health and Wellbeing

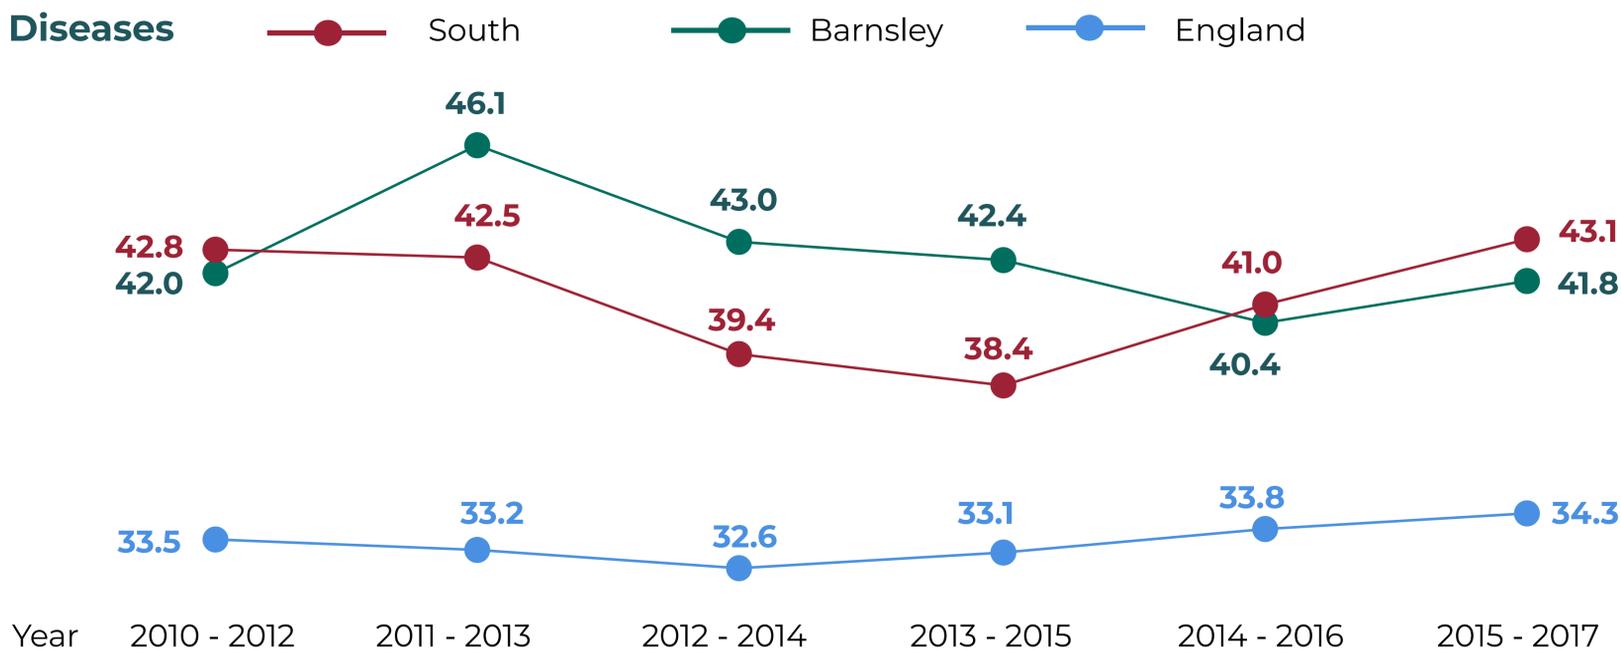

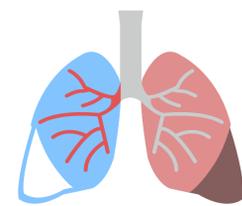

Under 75 Mortality (rate per 100,000 population)

Cancer

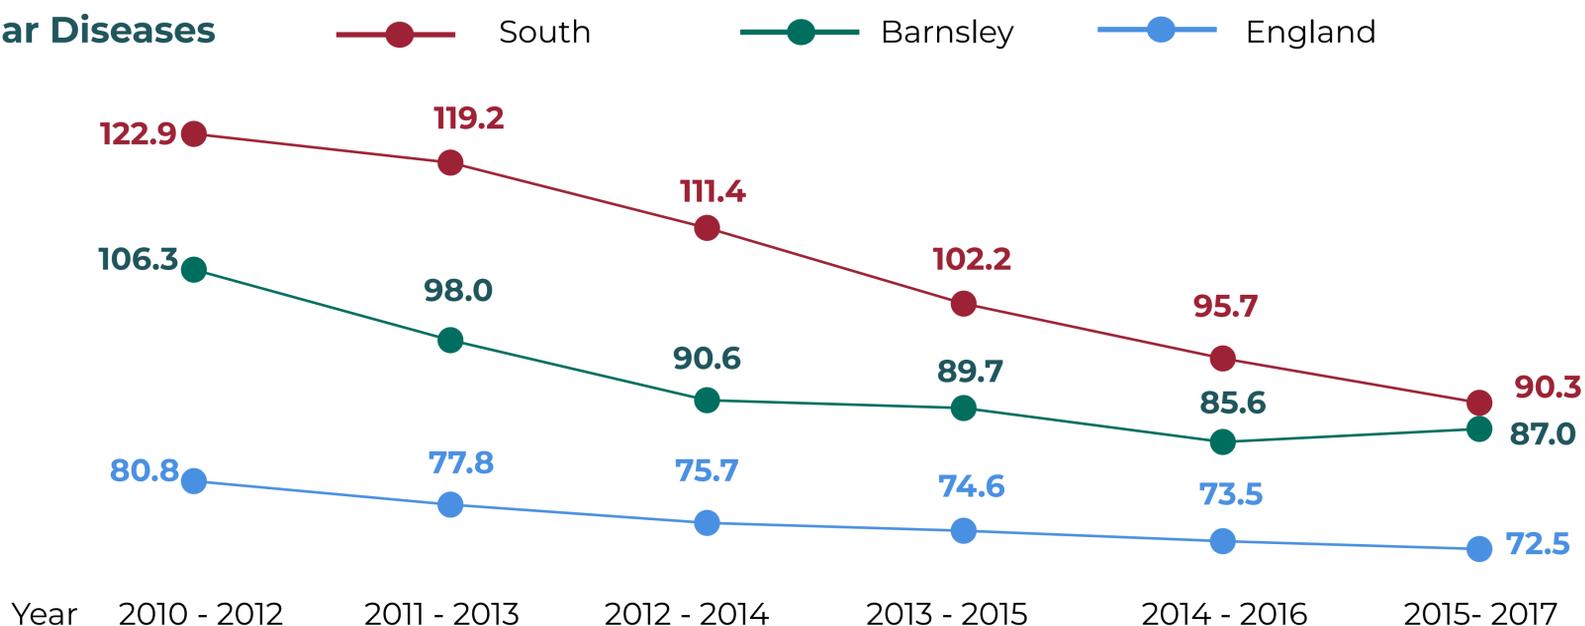

The South area's cancer mortality rate for persons aged under 75 years has decreased since 2010-2012 but remains significantly higher than the Barnsley and England rate.

Respiratory Diseases

The South area's under 75 mortality rate from respiratory diseases (43.1 per 100,000) is higher than the Barnsley rate of 41.8 per 100,000. Rates have fluctuated during the period 2012-15 to 2014-17.

Cardiovascular Diseases

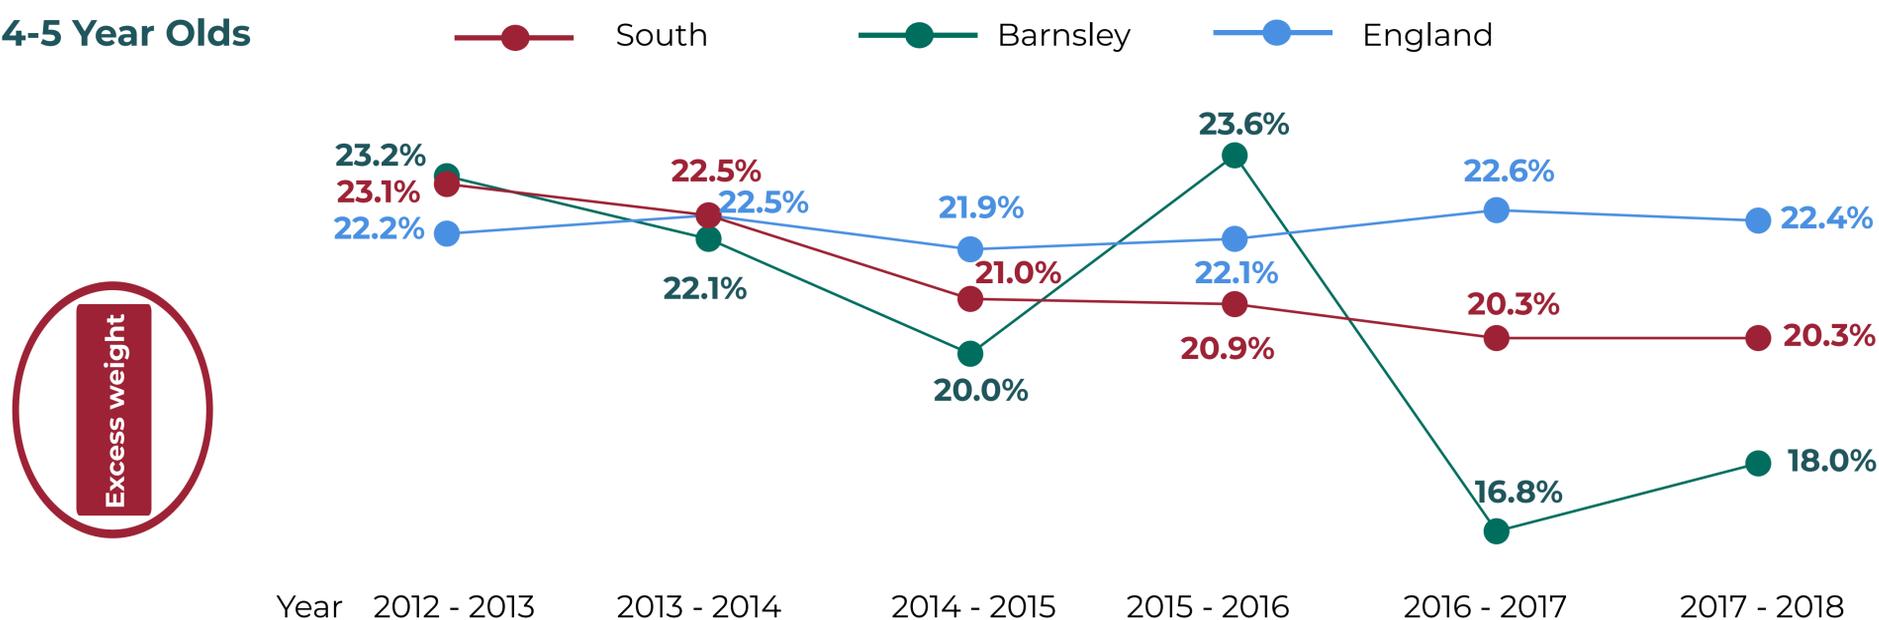

The South area's under 75 mortality rates from cardiovascular diseases have been consistently higher than the rates in Barnsley during the period 2010-2012 to 2015-2017. However, rates have reduced at each time point and the current rate of 90.3 per 100,000 is the lowest during the period.

Health and Wellbeing

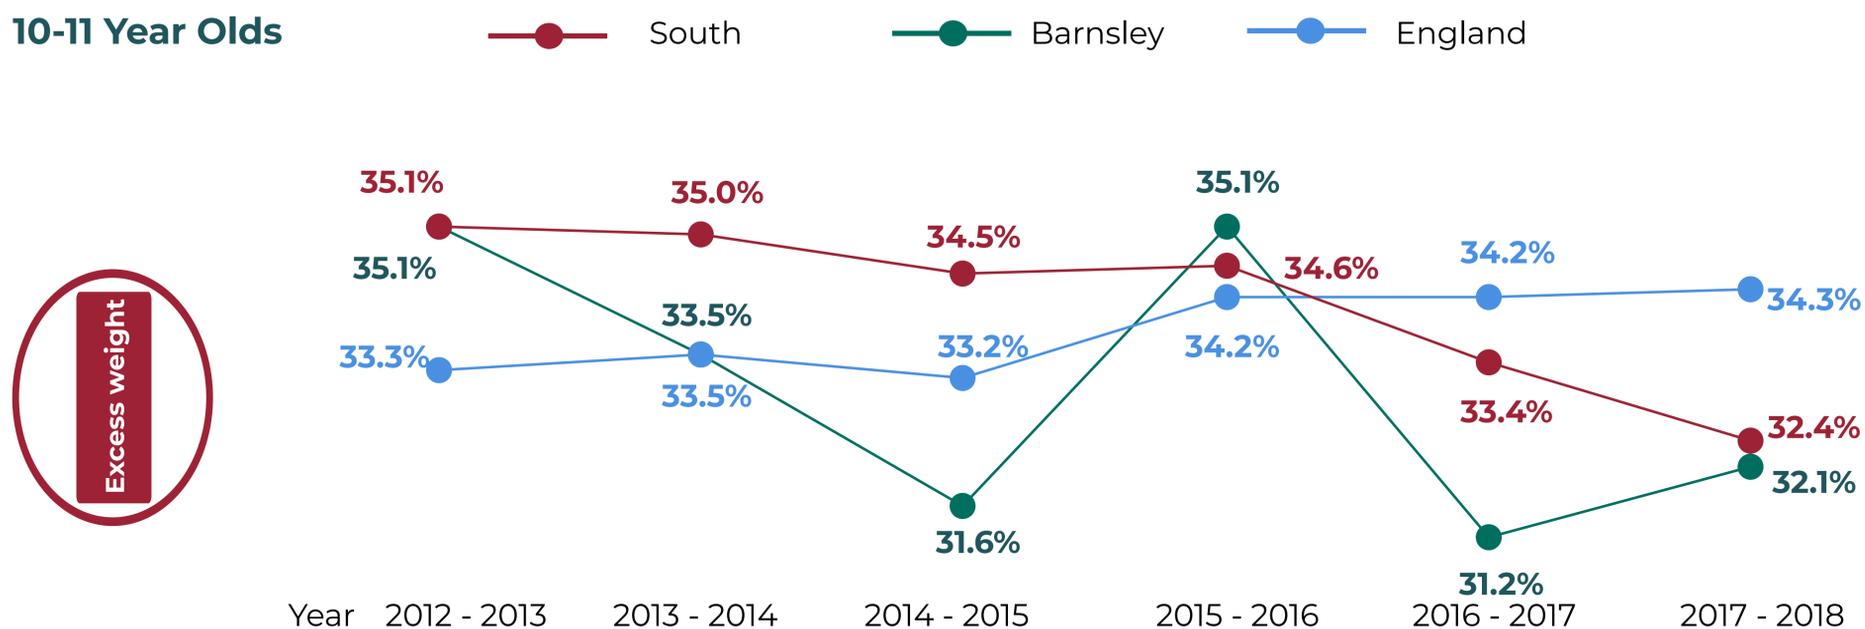

Excess weight

4-5 Year Olds

The proportion of 4-5 year olds in the South area who are overweight or obese (20.3%) is higher than the proportion in Barnsley overall (18.0%). The current rate is consistent with the previous year.

10-11 Year Olds

The proportion of 10-11 year olds in the South area who are overweight or obese (32.4%) is slightly higher than the proportion in Barnsley overall (31.1%). However, the current rate is the lowest since 2012-2013.

Breastfeeding

Initiation

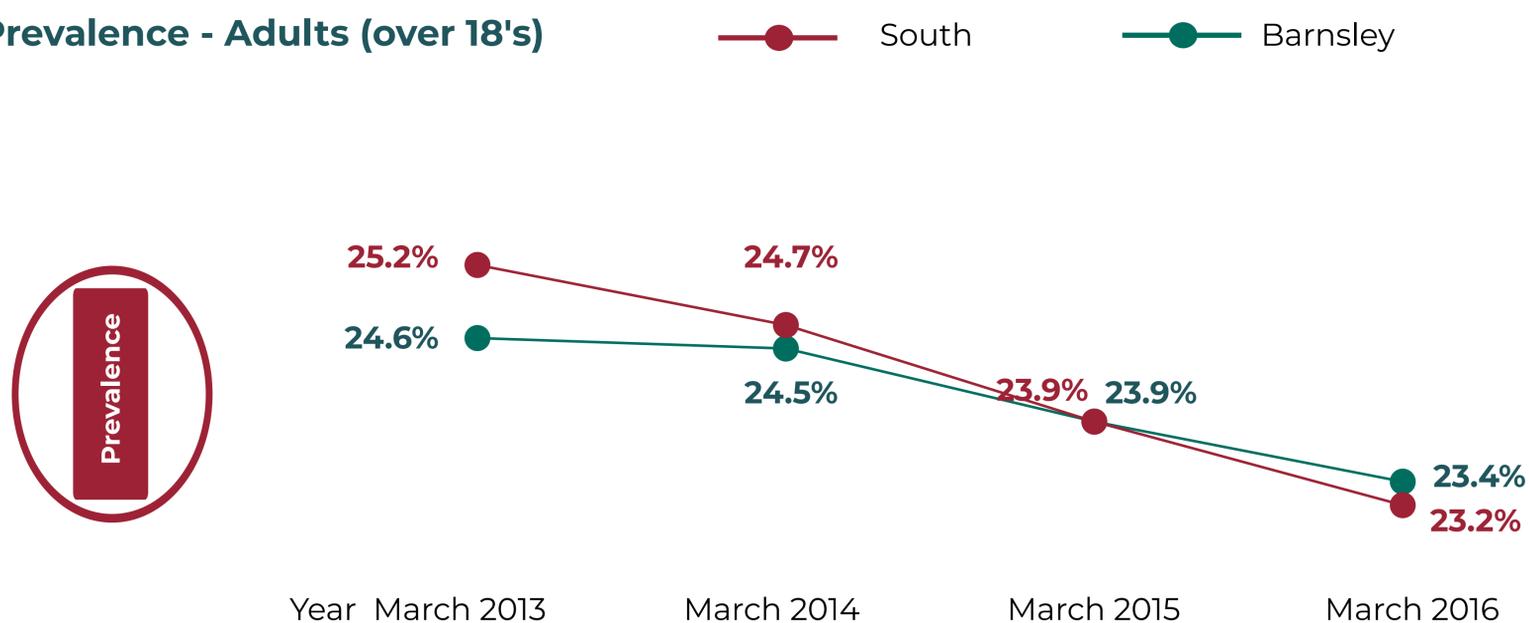

Just over half of women in the South area (55.6%) breastfeed their babies at birth; equivalent to the Barnsley rate.

Source: NHS England 2016-2017

Health and Wellbeing

Smoking

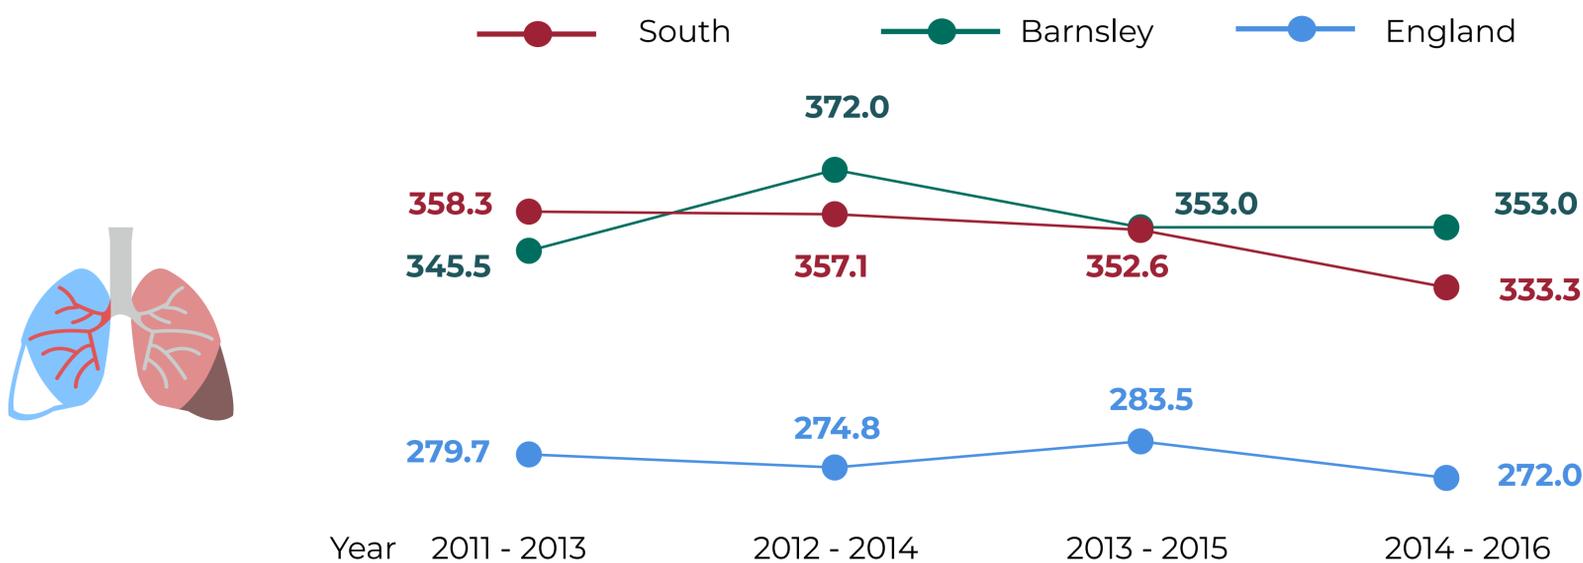

Prevalence - Adults (over 18's)

Local GP records 2013 - 2016

Just over two in five adults in the South area are smokers. The current rate of 23.2% is slightly lower than the Barnsley rate of 23.4% and is the lowest since 2013.

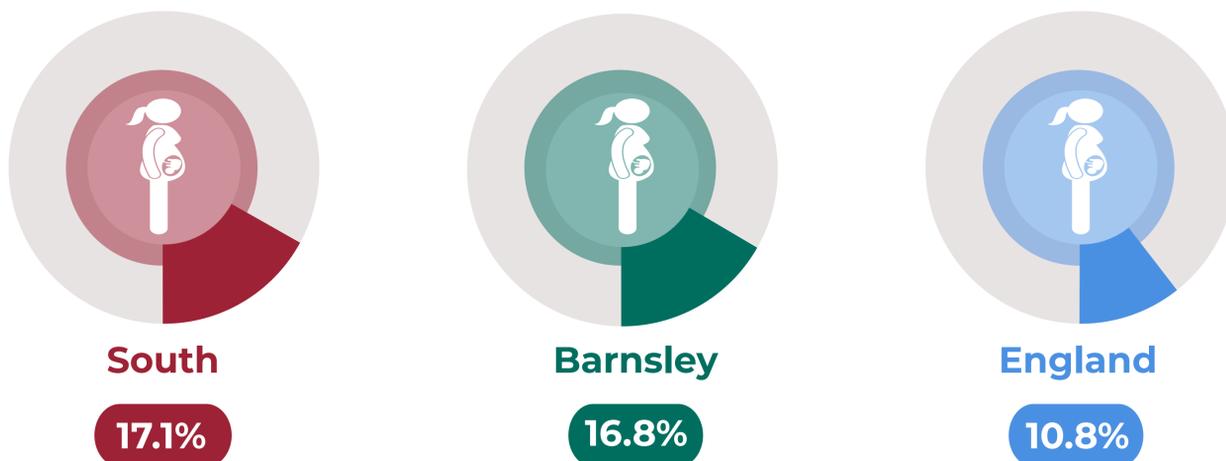

Related Deaths per 100,000 (Over 35's)

The South area's smoking related deaths rate (333.3 per 100,000 aged 35+) is lower than the Barnsley rate of 353.0 and is the lowest during the period 2011-2013 to 2014-2016.

Source: ONS mortality data and mid-year population estimates and NHS Digital 2011 - 2016

At Time of Delivery

The proportion of women who smoke during pregnancy in the South area (17.1%) is higher than the proportion in Barnsley overall (16.8%).

Source: Calculated by PHE from the NHS Digital return on Smoking at Time of Delivery (SATOD) 2017-2018

Households

Residents Living Alone and Aged 65+ Years

The 2011 Census showed that 13.2% of the residents in the South area aged 65+ lived alone and could be at risk of social isolation. Rates are similar to those levels across Barnsley and nationally.

Housing Tenure

Owned

More than 6 in every 10 properties are owned with a mortgage or owned outright in the South area. Ownership is about the same for Barnsley overall and slightly above the national rate.

Social Rented

In 2011, there were more than 1 in 5 social rented homes in the South area; slightly above the Barnsley rate and significantly higher than nationally.

Private Rented

In 2011 there were 12.8% of properties within the South area which were private rented; the same as the Barnsley rate and significantly below the national rate.

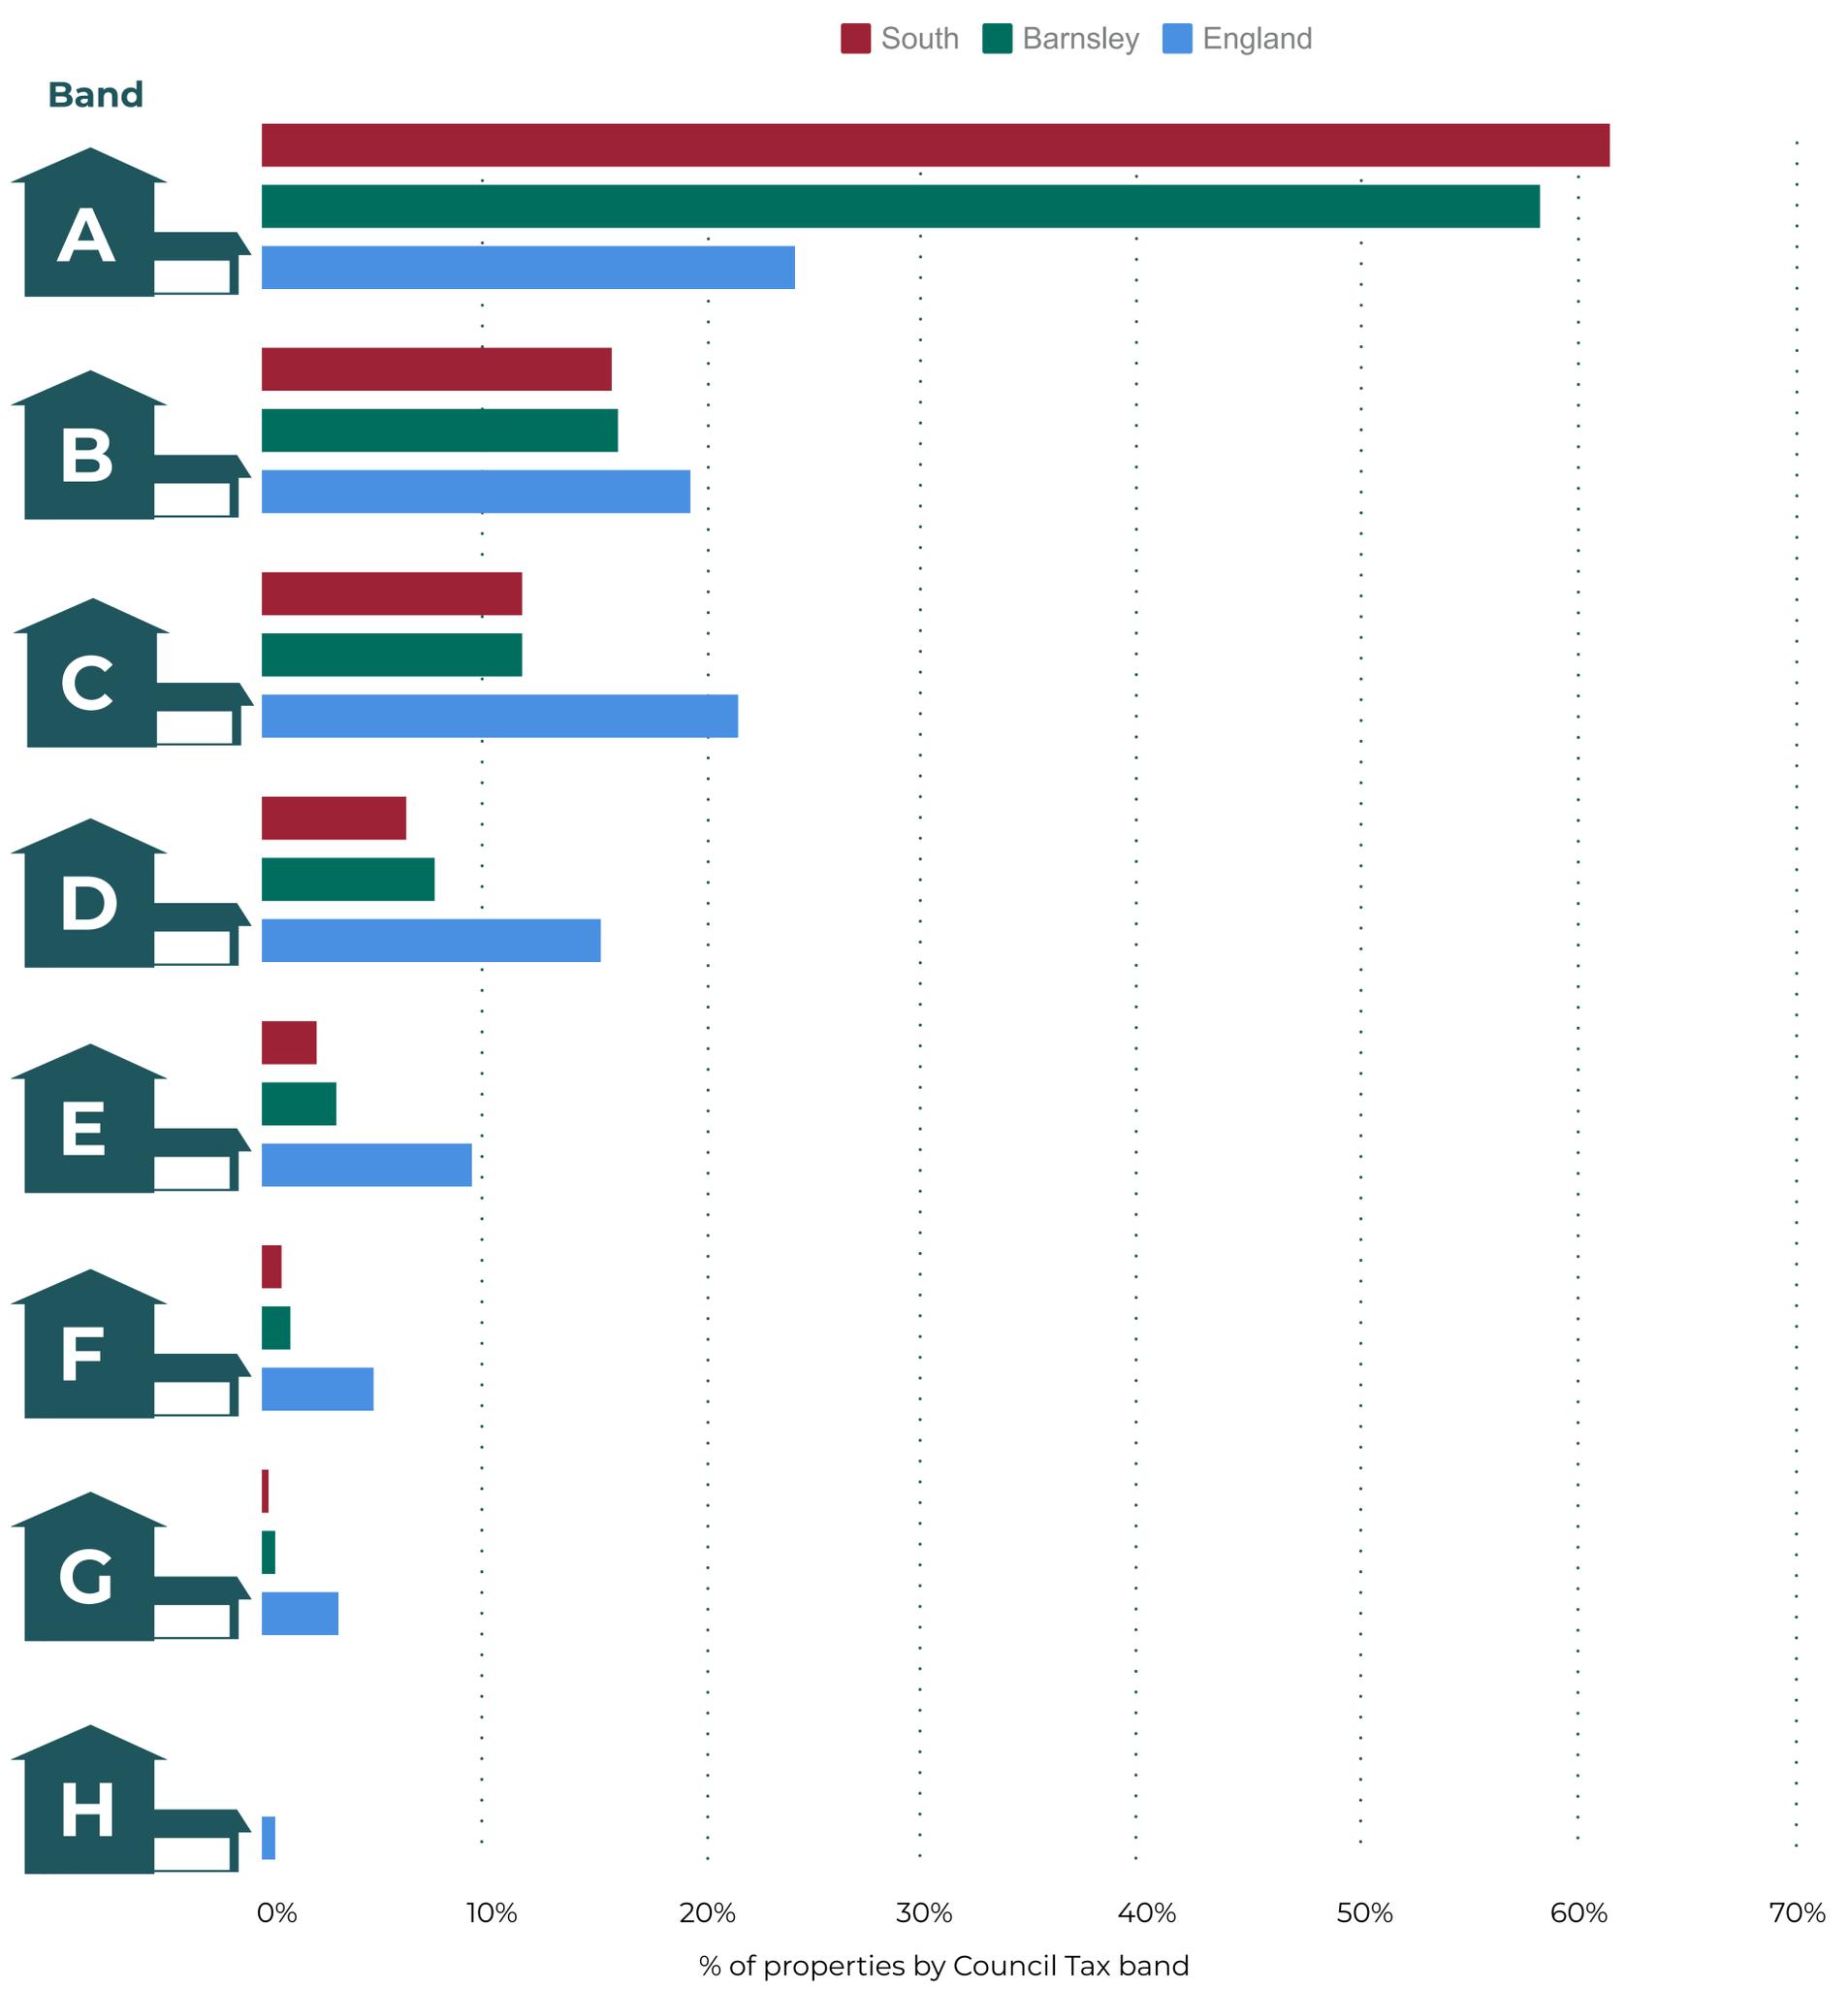

Households

Council Tax Band

21,240

residential properties in the South area

Properties are classified into one of eight valuation bands (A to H, with A being properties of lowest value to H being the highest). The government's Valuation Office determines the amount of Council Tax to pay. The majority of properties in the South area are classified as band A.

Crime

Total Crime (rate per 1,000 population)

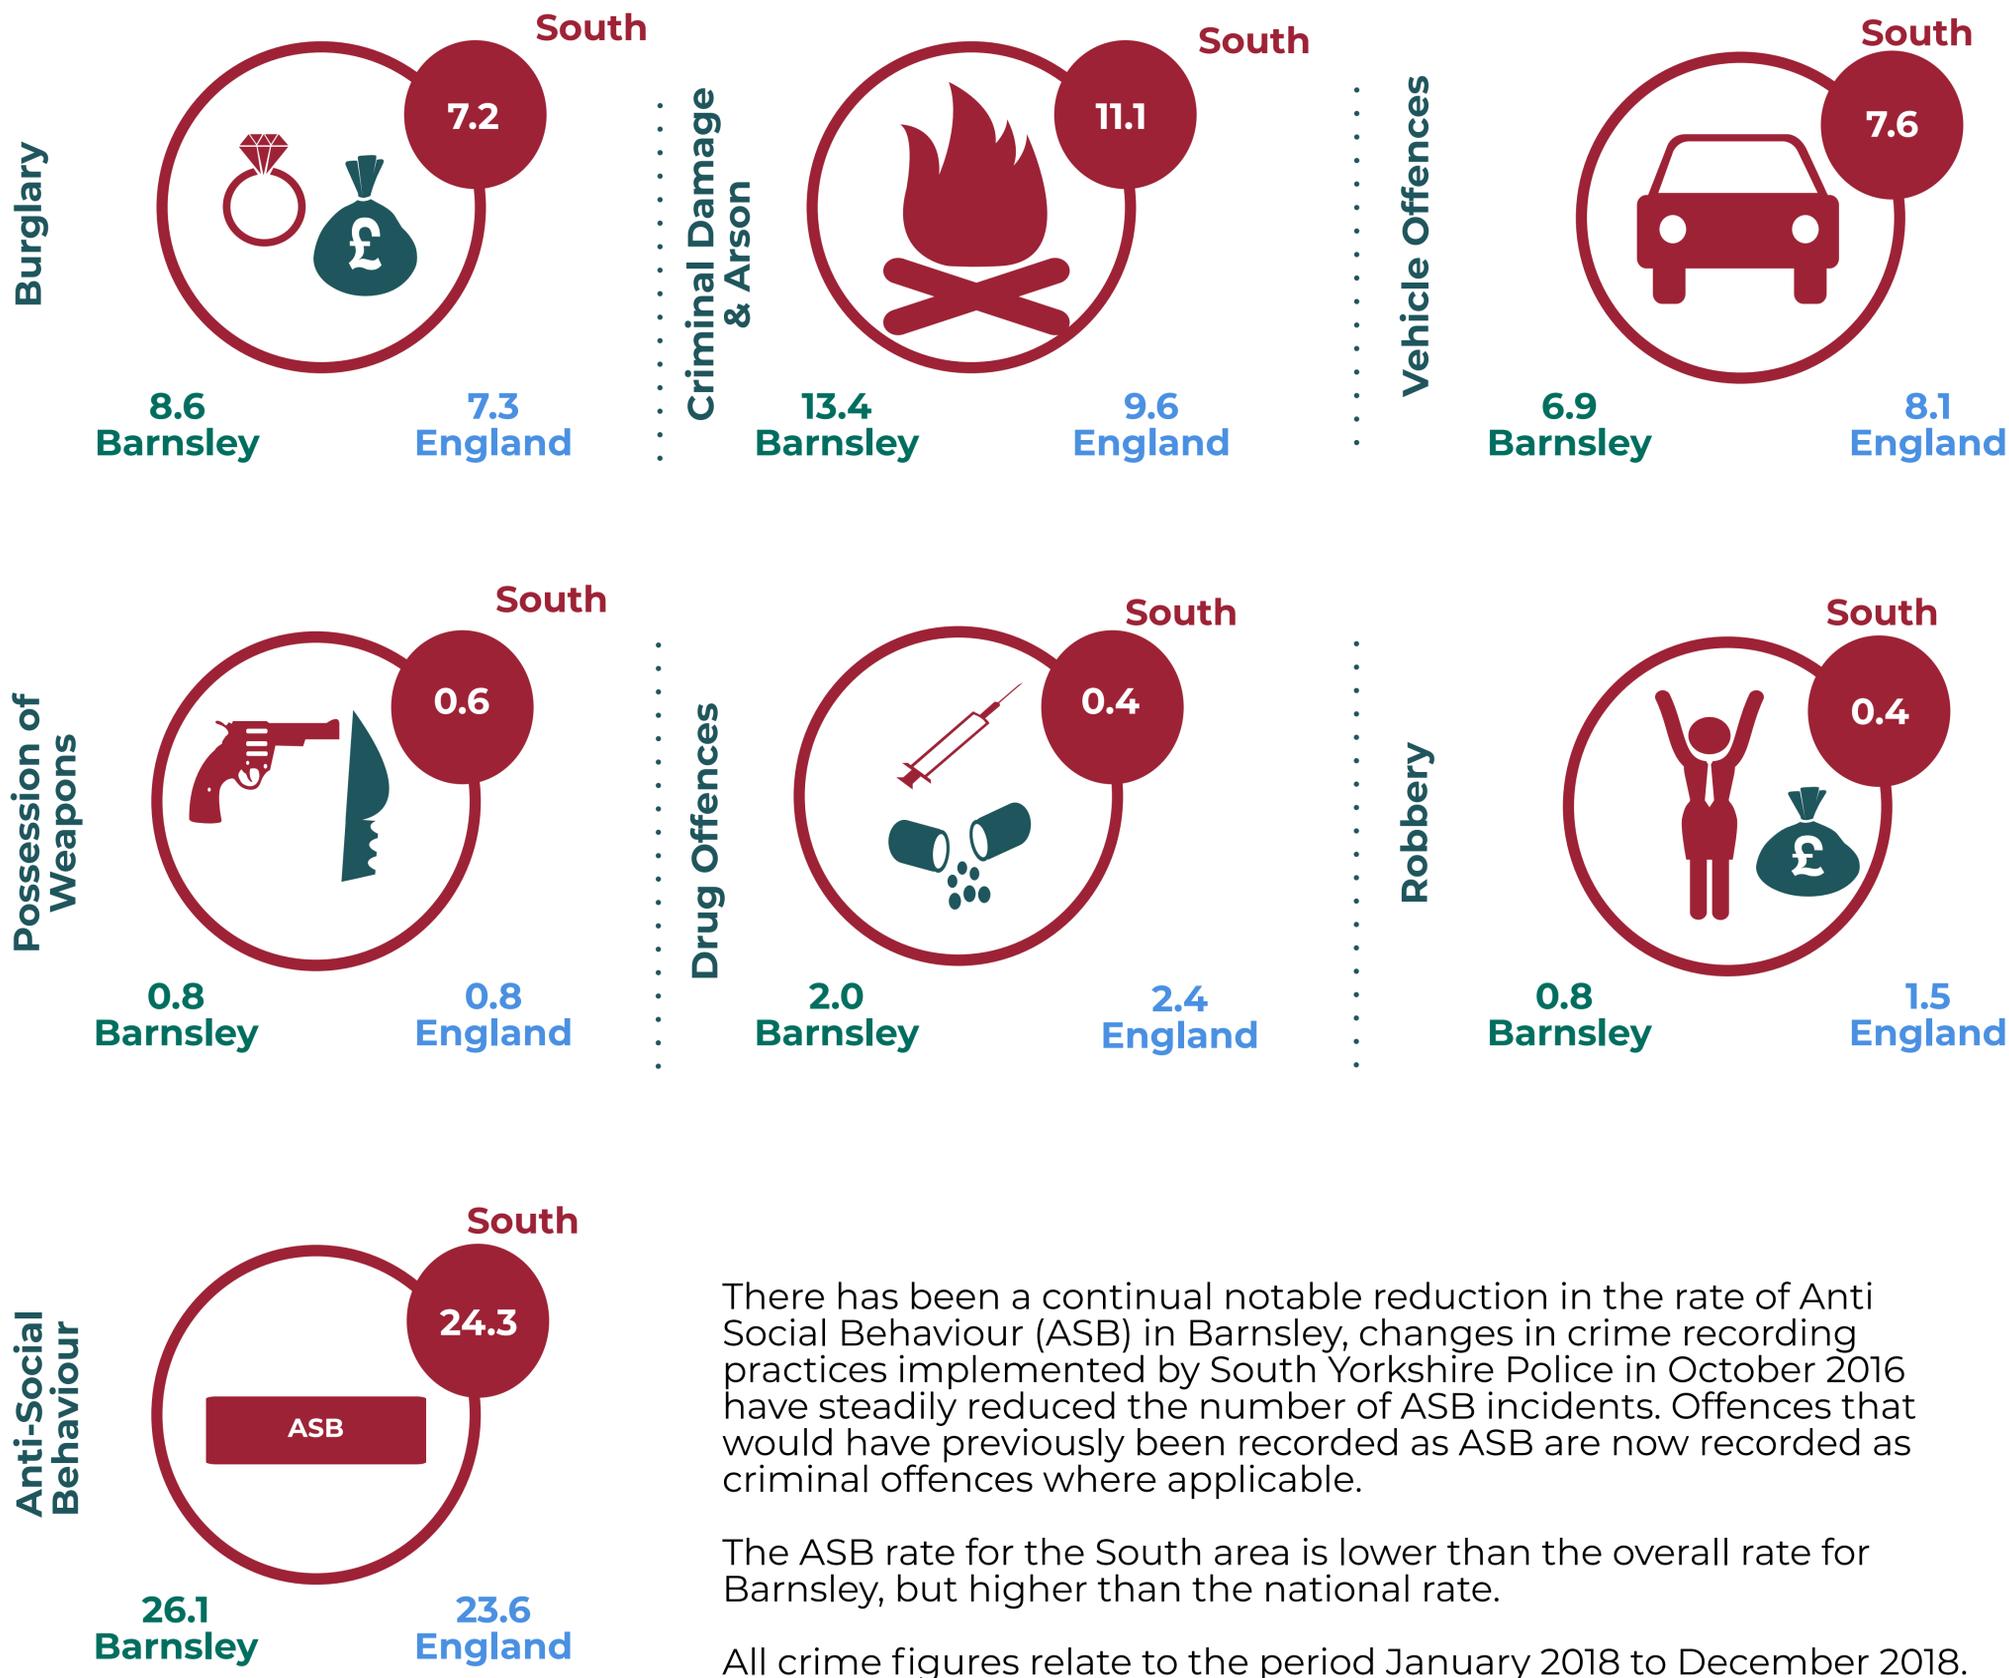

81.7
per 1,000 population in South Area Council

Figures for total crime excluding fraud.

	per 1,000 population
South	81.7
Barnsley	99.0
England	87.0

Source: Police recorded crime 2018

Crime (rate per 1,000 population)

There has been a continual notable reduction in the rate of Anti Social Behaviour (ASB) in Barnsley, changes in crime recording practices implemented by South Yorkshire Police in October 2016 have steadily reduced the number of ASB incidents. Offences that would have previously been recorded as ASB are now recorded as criminal offences where applicable.

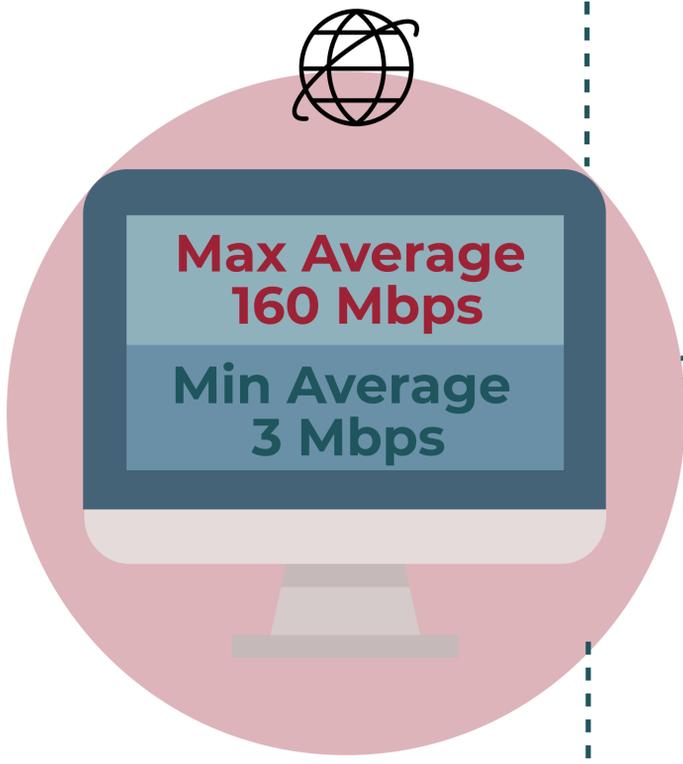

The ASB rate for the South area is lower than the overall rate for Barnsley, but higher than the national rate.

All crime figures relate to the period January 2018 to December 2018.
