# Introduction and Purpose

Barnsley Council is continuing to change how we work together for a 'Better Barnsley'. We have ambitious plans to improve and grow as identified in our Corporate Plan for 2017-2020. This sets out what we aim to achieve over the next three years to improve outcomes for our customers and the community as we strive to become more customer focused, modern, efficient and business minded.

We're still focused on achieving our three key priorities:

- Thriving and vibrant economy
- People achieving their potential
- Strong and resilient communities

We still feel that these areas warrant greater attention, emphasis, and possibly resources, to influence other areas of activity and make the greatest impact overall.

The council will concentrate resources to make the most impact by providing services where they are most needed and we'll help people to do more for each other and their community. To do this, we need a solid evidence base to develop effective interventions which will help to achieve a 'Better Barnsley'.

The data within this report are from the latest available as of May 2018. This information is intended to stimulate discussion, debate and action to support Area Councils and Ward Alliances to identify some of their strategic priorities on an area basis and commission services to meet these challenges.

This profile compares the Ward with the overall Barnsley figure and that of England where possible.

# Demographics

## Overall Population

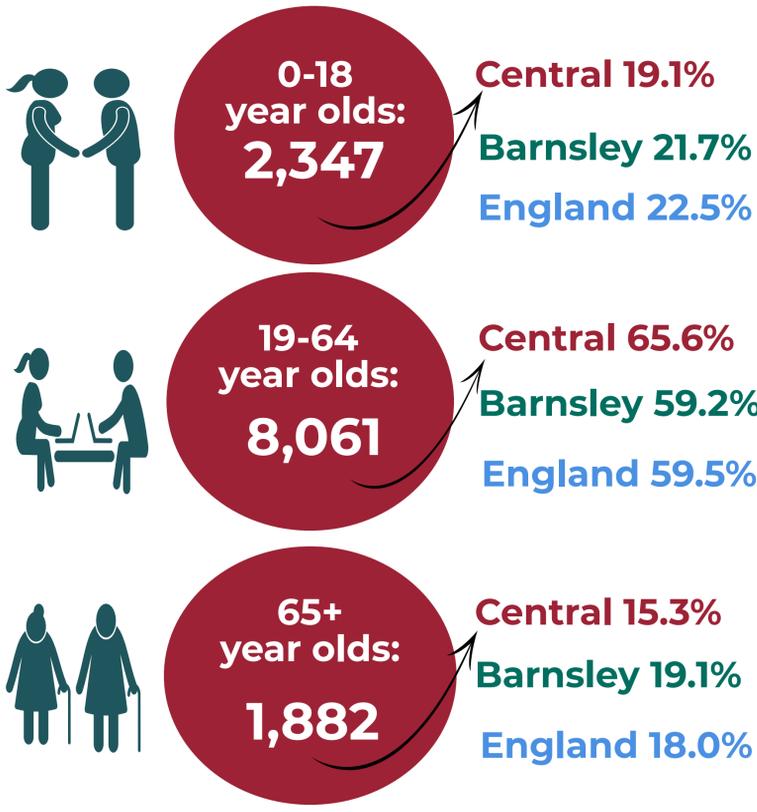

**12,290**

Up **9.6%** since 2011

Barnsley's population has been growing constantly since 2001. Since the 2011 Census, the resident population in Central ward has increased by 9.6%; almost double the rate of increase for Barnsley overall (4.9%). The increase in population is mainly due to more births than deaths and international migration. There are slightly more males compared with females within the ward.

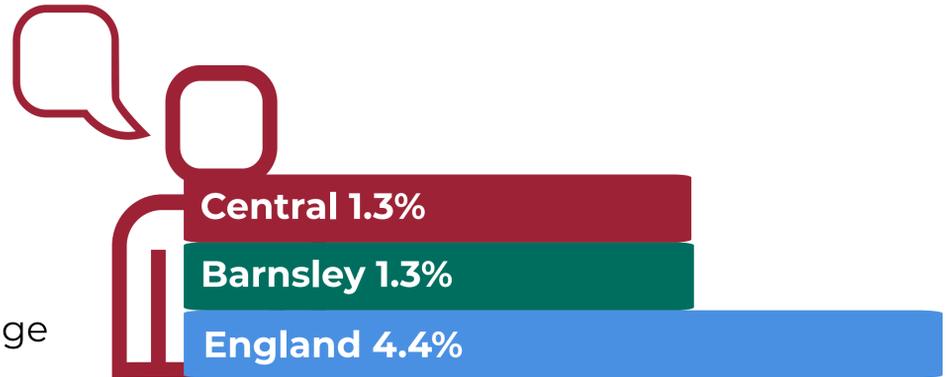

## Age Profile and % of Total Population

The age profile of the population is changing both locally and nationally. Central ward has a higher proportion of 19-64 year olds than both Barnsley and England.

Source: ONS 2017 Mid-Year Estimates

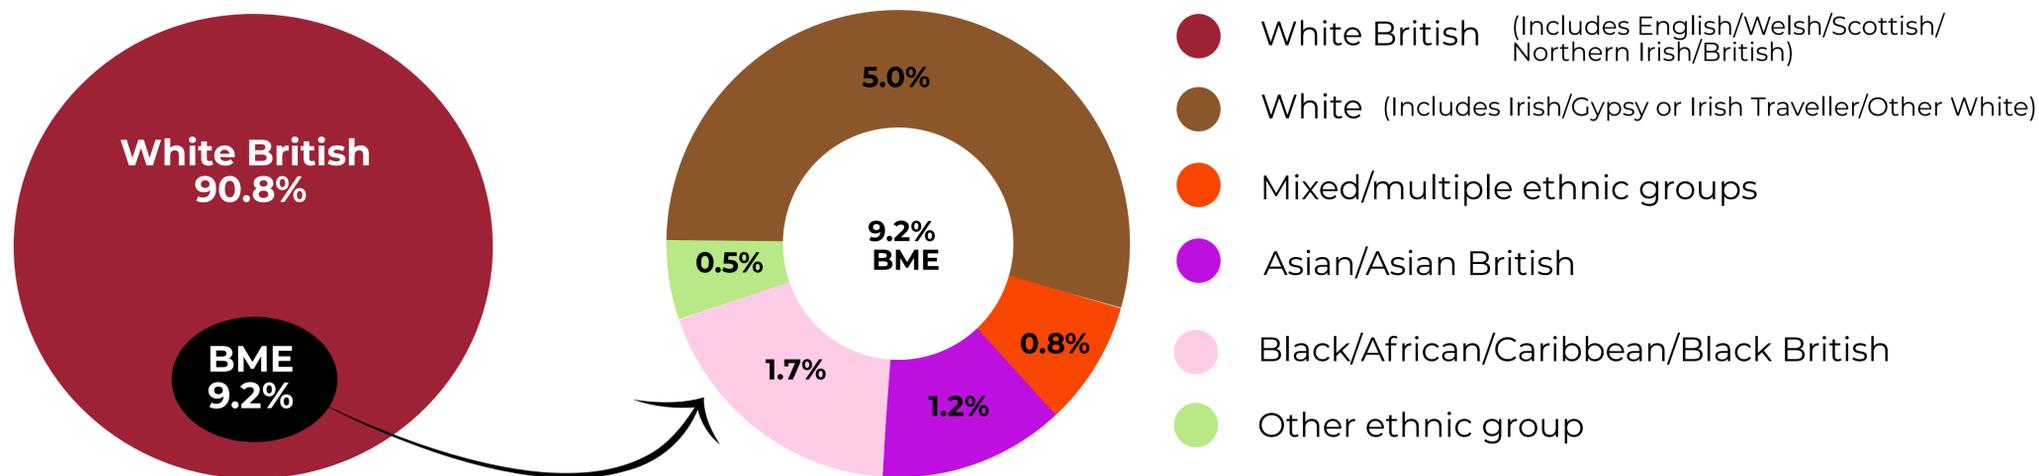

## Main Language is not English

In 2011, 1 in every 100 Central ward residents' main language was not English; equal to the rate for Barnsley overall.

Source: ONS 2011 Census

## Ethnic Breakdown

	White British	BME
Central	90.8%	9.2%
Barnsley	96.1%	3.9%
England	79.8%	20.2%

Barnsley's ethnic diversity continues to change. In the 2011 Census, 9 out of 100 people in Central ward were from a Black and Minority Ethnic (BME) group compared to 4 in every 100 people in Barnsley overall. The 2011 Census is the most up to date national data available on ethnicity.

Source: ONS mortality data and mid-year population estimates and NHS Digital 2011 - 2016

### At Time of Delivery

The proportion of women who smoke during pregnancy in Central ward (19.8%) is higher than the proportion in Barnsley (16.8%) and England (10.8%).

Source: Calculated by PHE from the NHS Digital return on Smoking at Time of Delivery (SATOD) 2017-2018

# Households

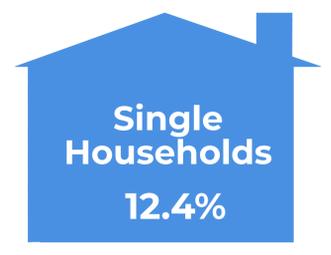

## Residents Living Alone and Aged 65+ Years

Central

Barnsley

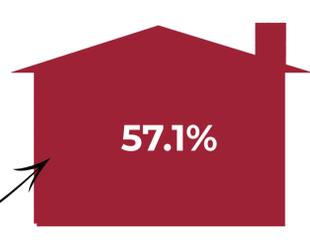

England

The 2011 Census showed that 11.6% of households in Central ward contained residents aged 65+ years that were living alone and could be at risk of social isolation.

## Housing Tenure

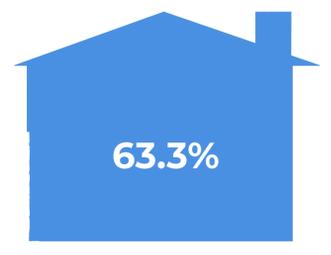

### Owned

Central

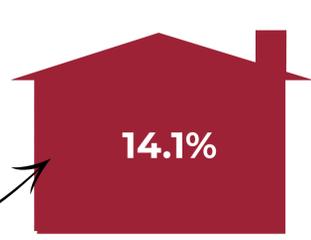

Barnsley

England

More than half of the properties in Central ward are owned with a mortgage or owned outright. This is lower than both the Barnsley and England rates.

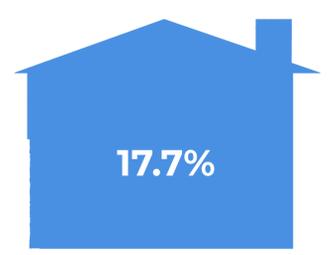

### Social Rented

Central

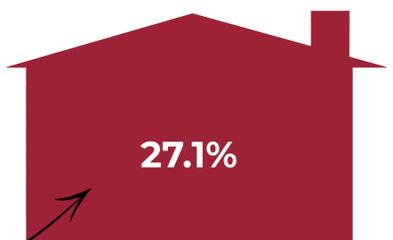

Barnsley

England

Less than 1 in 5 properties in Central ward are social rented; lower than both Barnsley and England.

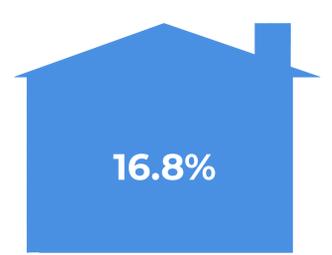

### Private Rented

Central

Barnsley

England

More than 1 in 4 properties in Central ward are privately rented. This is more than double the overall Barnsley rate and more than 10% higher than the England rate.

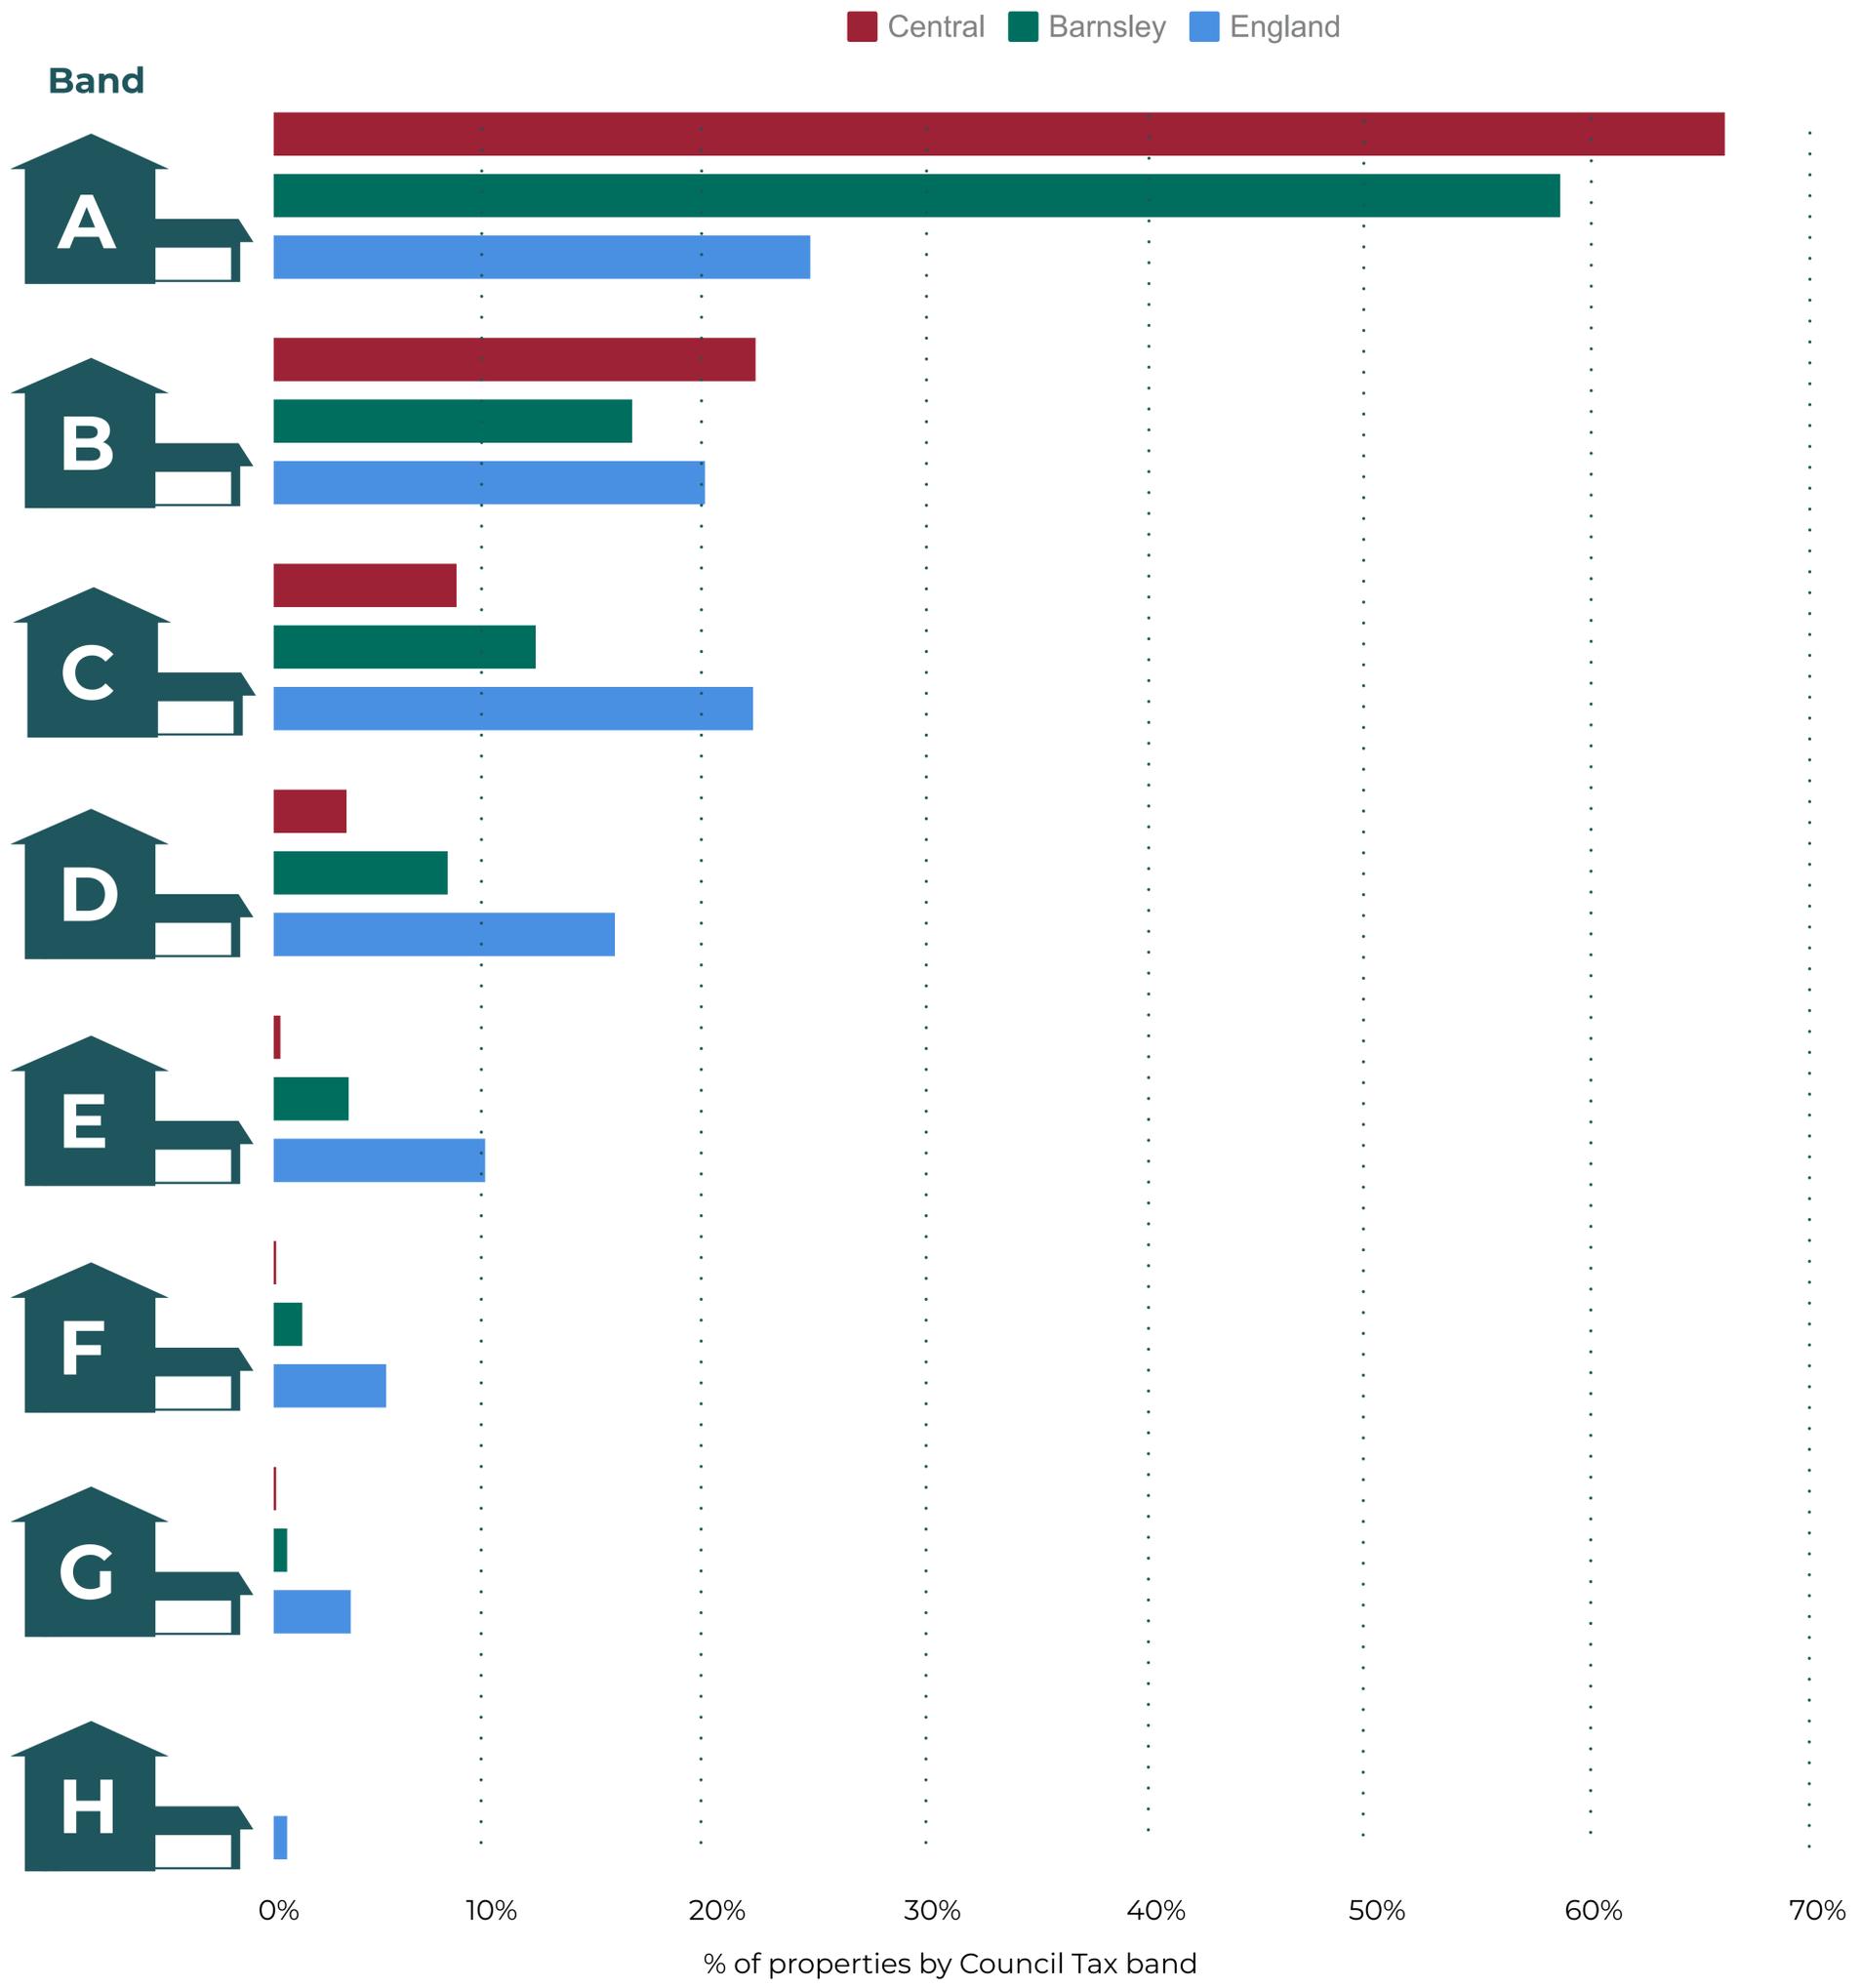

# Households

## Council Tax Band

# 5,918

residential properties in Central ward

Properties are banded into one of eight valuation bands (A to H, with A being properties of lowest value to H being the highest). These are decided by the government's Valuation Office which determines the amount of council tax to be paid. The chart shows that there are more Central ward households in Bands A and B compared to Barnsley and England.

# Crime

## Total Crime (rate per 1,000 population)

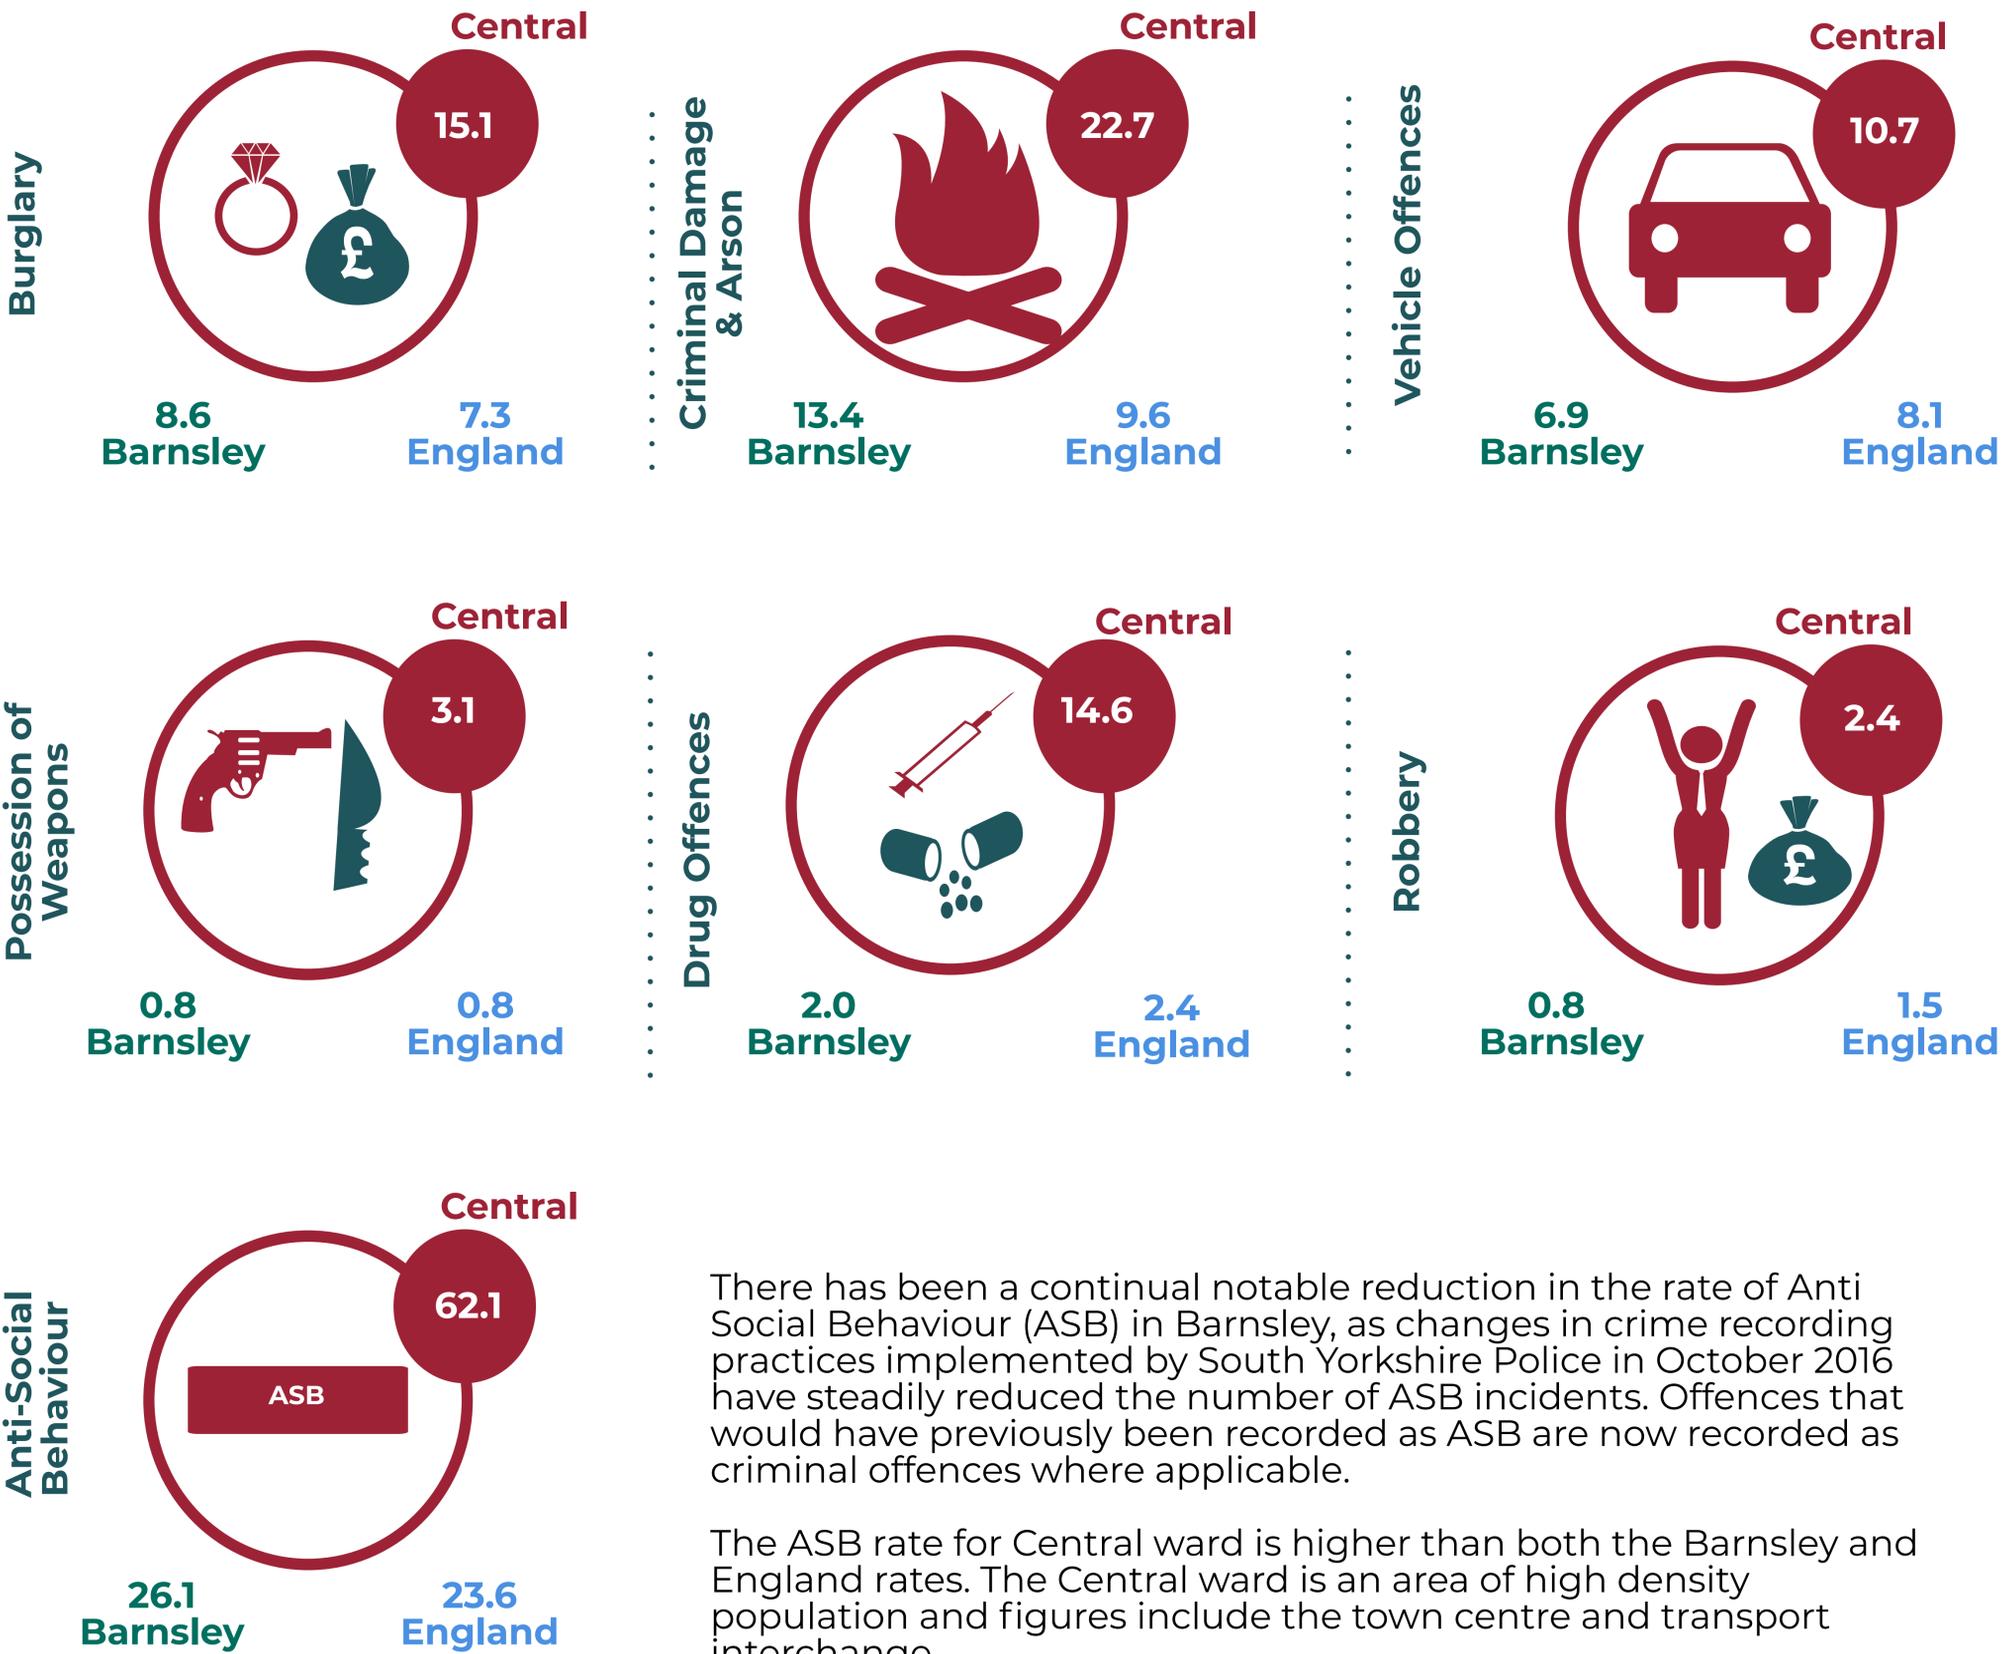

**275.1**  
per 1,000 population in  
Central ward

Figures for total crime excluding fraud.

	per 1,000 population
Central	275.1
Barnsley	99.0
England	87.0

Source: Police recorded crime 2018

## Crime (rate per 1,000 population)

There has been a continual notable reduction in the rate of Anti Social Behaviour (ASB) in Barnsley, as changes in crime recording practices implemented by South Yorkshire Police in October 2016 have steadily reduced the number of ASB incidents. Offences that would have previously been recorded as ASB are now recorded as criminal offences where applicable.

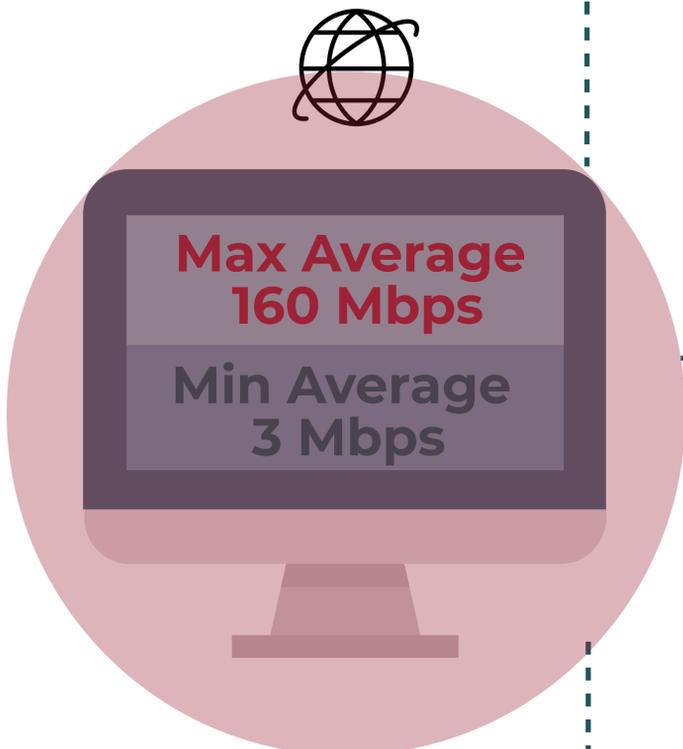

The ASB rate for Central ward is higher than both the Barnsley and England rates. The Central ward is an area of high density population and figures include the town centre and transport interchange.

All crime figures relate to the period January 2018 to December 2018.
