

September 2021

Not sure which two year olds you need to arrange an integrated review for ?

- Two year olds who are looked after children (LAC)
- Two year olds for whom there are concerns about their development - they are below expected development milestones
- Two year olds who may have identified needs and other professional involvement but their needs are not being met

- Please indicate that contact from 0-19 Public Health Nursing Service is being requested on the BMBC 2 year progress check or include this on your alternative template and email securely to 2yearcheck@barnsley.gov.uk
- A practitioner from the 0-19 Public Health Nursing Service will endeavour to respond to your request within 10 working days of receipt of the 2 year progress check. Please contact the Single Point of Access (SPA) contact number on 01226 774411 if you need to follow up.
- If there are other professionals currently involved but the child's identified needs are not being met then an Integrated Review meeting should be arranged.

- If however there is already in place targeted support from other professionals involved and the child's needs are being identified and being met then an Integrated Review Meeting is not necessary

Any questions contact EYFSConsultants@barnsley.gov.uk
