Priorities and Outcome Statements

In developing and delivering services, providers should ensure they are contributing to the Authority's Council Plan for 2021 to 2024. Further information on the plan can be found here;

The Council Plan has been developed by the work that has taken place for the Barnsley 2030 project through a series of activities with residents, businesses, employees and other key stakeholders across the borough to build a picture of what Barnsley is like now and what we want it to be like by 2030.

We have five new priorities which are supported by 12 outcomes:

- Healthy Barnsley
- Learning Barnsley
- Growing Barnsley
- Sustainable Barnsley
- Enabling Barnsley
