

My Ref: FOI 6445
Enquiries to: Information Requests
E-Mail: informationrequests@barnsley.gov.uk

Dear Requester,

Re: Request for Information – Freedom of Information Act 2000

I wish to confirm that the council has completed its search for the information which you requested.

The information requested and our findings are as follows: -

Under the Freedom of Information Act 2000, I would like to request a copy of the lighting asset location data held by your authority.

Specifically, I request:

1. The geographic location of lighting assets maintained by your authority.

Please see the attached document

2. Coordinates for each asset, preferably as latitude and longitude, although alternative coordinate systems (e.g. British National Grid Easting/Northing) would also be acceptable.

Please see the attached document

3. Any unique asset identifier associated with each light, where available.

Please see the attached document

4. The date or timeframe in which the data was last updated or collected.

Unfortunately, the Council is unable to provide the information requested for Point 4 ("Last Date Modified"). The available data records the date on which an inventory extract was generated and does not reliably identify when an individual asset record was last amended.

5. Where available, information on the operational hours of the lighting asset (for example, dusk-to-dawn operation, part-night lighting schedules, or other programmed operating times).

Please see the attached document

6. Where available, information on the height, lighting type, or asset classification (e.g. LED lantern, column height, bollard lighting, floodlighting, or other recorded asset characteristics).

Please see the attached document

I appreciate that the information requested in points 5 and 6 may not be held for all assets. Where these data are available, I would be grateful if they could be included alongside the location data.

I would be grateful if the data could be provided in a machine-readable geospatial format, preferably:

- CSV (.csv)
- GeoJSON (.geojson)
- ESRI Shapefile (.shp)

If the data is already published or downloadable through another route, please provide the relevant link. However, where possible, I would prefer to receive the underlying dataset directly, particularly where this would facilitate reuse and integration into research and public-interest applications.

In addition, I would be grateful if you could confirm:

- Whether the data can be shared under the Open Government Licence (OGL); and
- If not, the licence, copyright, or reuse conditions that apply to the data.

My preference is for the data to be made available under the Open Government Licence (OGL) to support its reuse for research and public-interest purposes.

Answer – type your response here.

- Font should be Arial, Size 12, Black, not italicised or in bold.

- If you think that an exemption may be applicable, please contact the IR inbox and let us know. Please do not apply an exemption without notifying us.

- When including data that's in a table format, please don't use a screenshot/image of it. We'd greatly appreciate the data being typed up into a table as using images in the response letter affects accessibility for the site where we publish information requests. If it's in a spreadsheet, please save a copy into the FOI folder.

If you have any queries about this letter, please contact Information Requests Via email.

Please remember to quote the reference number above in any future communications.
