

## Sandhill Primary School governor vacancies

Sandhill Primary School (one of Every Child Matters Multi Academy Trust Schools) is looking for driven governors with a passion to challenge and drive our inclusive and passionate school forward on its journey of improvement.

Sandhill is a standard sized primary school in Great Houghton and also serves the communities of Little Houghton and Middlecliffe. Sandhill is relentless in its ambition for the pupils and parents in the catchment it serves.

Currently, Sandhill operates with an Interim Executive Board (IEB) but we are looking for governors that are either experienced or new to the role to create a new governing body for the school. We currently have parent governors who are very interested in the role, but we are looking for Local Authority and Co-opted governors to ensure that we are quorate.

We are looking for governors who will:

- understand their roles and responsibilities
- work in school (when able to) to challenge and evaluate effectiveness of school policy
- partake in CPD that will ensure they are effective in their role
- be happy to have a named responsibility and linked with the leader in school
- attend termly meetings and engage in professional meetings/dialogue to lead the school further

Whether you have an education or legal, financial background or not, or interested due to the community we serve, we would welcome interest of governors looking to lead the school with the executive leadership within the school.
