Barnsley – the place of possibilities

Information correct at the time of printing November 2021.

December 2021

Welcome to the latest edition of Barnsley Spotlight magazine.

Keeping you up to date with information and what's going on in our wonderful borough.

It's time to believe in the possibilities of Barnsley, to look to the future with excitement and optimism. Our borough is a place that fosters and grows ambition, enabling everyone to be the best they can be. We know that there are big challenges now and to come, but if we stand still, our borough's economy will stand still.

COVID-19 is still here, so it's still important that we all do what we can to protect the ones we love. At work, at home, out with friends and family, in schools or colleges, you can still do your bit.

Let's keep our borough safe, look out for each other, and keep doing the things we love.

As we work together on our recovery, our priorities remain to achieve our Barnsley 2030 ambitions. Our borough will have better quality homes, jobs, services and transport links.

The town centre has been given a new heart and soul with the addition of **The Glass Works** – some thing we're extremely proud of and we hope you all are too. We're very much looking forward to more shops, bars and leisure venues opening next year. It's a place to shop, dine, play and learn – offering new favourites and old traditions, there is truly something for everyone.

We have exciting plans and will continue to invest in our Principal Towns and local centres to help them thrive. This will help level-up our local economy and create a network of successful high streets. Our Principal Towns team are currently working closely with local elected members and Ward Alliances on local priority projects which work for everyone.

We continue working with our partners to achieve the best possible outcomes for children and young people.

72.5% of working-age people in Barnsley have a job – this needs to be higher so our young people have something to aspire to.

Barnsley is investing so businesses, and jobs, stay in Barnsley.

Our health and social care services are committed to achieving a Healthy Barnsley. You should have the best possible chance of enjoying life in good physical and mental health.

Our investment in zero-carbon work will improve residents lives by addressing things like fuel poverty. We'll work hard to influence the Government's levelling up agenda to make sure it really benefits Barnsley.

Cllr Sir Steve Houghton CBE,
Leader of Barnsley Council

Sarah Norman,
Chief Executive of Barnsley Council

Continued services for our residents

Throughout the pandemic our staff have showed real strength, working under immense pressure to safely deliver our essential services. They remained motivated and quickly adapted to new ways of working during a time of uncertainty.

We are still seeing a level of disruption to services and adjustments as we learn to live with COVID-19. However, we are committed to doing everything we can to serve the residents of Barnsley.

Teams including Bereavement, Waste, Highways and Neighbourhoods are just some of the services who helped to keep our roads and test centres open, provided vehicles to deliver services and made sure people received PPE.

A huge thank you to all our teams who worked to keep themselves and others safe. We hope you will join us to continue to show them support.

If you need the magazine in a different format or language, you can either:

- visit our **contact us webpage** (for more phone numbers)
- email us **online@barnsley.gov.uk**
- call us on **01226 773555**.

We'll consider your request and get back to you within ten working days.

Barnsley 2030

Barnsley – the place of possibilities

Barnsley's shared new vision, 'the place of possibilities' and 2030 ambitions, has been inspired and created by you – our residents communities, businesses and organisations across all sectors.

Our ambitions provide us with a clear roadmap for what we all need to do to improve the borough for the benefit of everyone.

At the heart of all of this is you – the proud people of Barnsley that make our borough special.

You can get involved by showing your support, celebrating and championing your contributions in making Barnsley great so that you can inspire others along our journey.

Find out more and share your story at Barnsley2030.co.uk.

Healthy Barnsley

The incredible support received in Barnsley has made it possible for Natalie to set up Totally Runable Limited and expand their work across Yorkshire and beyond. Natalie said: "We have big plans to work with many more schools both across Barnsley and further afield, and we wouldn't think of doing it anywhere else than from our base in Barnsley."

– Natalie Jackson

Learning Barnsley

Having trouble finding a place to study, Abraham was recommended Northern College by his uncle. The academic strength that the college has given him has been outstanding, which made anything possible. Abraham said: "I'm absolutely ecstatic that I'm now in a position to study at university, and hopefully go on to do my dream course studying Business Management and Information Systems."

– Abraham Crabb

Growing Barnsley

Michelle runs a small business called Knitaway. She's started her business in her fifties during the COVID-19 pandemic. Recently, Michelle's started to go on Craft TV – The Craft Store, and she absolutely loves it. Michelle said: "Barnsley has been a fabulous place for me to set up my business, the people have been really, really supportive."

– Michelle Jackson

Sustainable Barnsley

Booth Brothers is a sustainable and responsible umbrella business located at Bullhouse Mill. The mill has an energy performance certificate of A+ which means 'carbon negative' and it was the first privately owned carbon-negative building in the UK at the time. Charles said: "We invite schools, business leaders and stakeholders to come and see us so that they can share our vision and follow the same journey that we've followed."

– Charles Booth

Co-working space in Barnsley

Feeling fed up with working from home? Or maybe you're looking for a space to meet like minded businesses with business support on site? Why not consider co-working at DMC?

Our space is fresh and modern with connectivity at the heart of the design. You can grab a desk wherever you choose as well as unlimited Yorkshire tea and coffee to keep your creativity levels up.

Until the end of 2021, we're offering a one day free pass for new customers. Get in touch with us online at barnsleydmc.co.uk or email dmc@barnsley.gov.uk to book your slot or to find out more about our pricing structure.

We're more than just a building

We're powered by Barnsley Council, and that means we can provide fully funded business support through our on-site start up support team, part of Enterprising Barnsley.

You can access a wide range of business support programmes and projects that are driving the tech and digital ecosystem at regional and national levels. Not only do we provide a creative and inspiring place with a great brew, but we also provide the networks, contacts and the things you need to support your business growth such as access to expertise in finance, skills and innovation.

Your local high street

Rediscover the place of possibilities

High streets in Barnsley are on the road to recovery. Following £20 million of investment. The Glass Works in the town centre is open, and £5 million is being spent to improve local economies in Cudworth, Hoyland, Goldthorpe, Penistone, Royston, and Wombwell (with another £30 million planned over the next five years).

With your love and care – and maybe parting with some of your hard-earned cash – high streets in Barnsley will thrive. So, get out there! Buy your everyday essentials local, get your new hairdo local, and meet up with your pals in the local. Here's what else you can do.

Give the gift of a Barnsley Gift Card.

You can spend the Barnsley Gift Card in over 170 businesses. Choose a value between £5 and £500. Valid for 12 months. Look out for the Barnsley Gift Card logo at the checkout and use like your regular debit or credit card. To buy, and to see who accepts the Barnsley Gift Card, visit barnsleygiftcard.com.

Sign up to Mi Rewards – Barnsley's customer loyalty scheme. Businesses in Barnsley are working together to reward you for spending your money with them. Spend in local businesses taking part in Mi Rewards and you'll earn points, entering you into a monthly prize draw. It's free to sign up, visit mi-rewards.com.

MI REWARDS

Click and collect with ShopAppy. Here's how shopping online can help your local high street! Buy online from all your favourite independent shops – decide to pick up from the shop, a convenient pick-up point, or delivered to your home. Barnsley is online now with more towns going live in 2022, visit shopappy.com.

Visit your nearest market. We run outdoor markets in Hoyland, Penistone, Wombwell and Barnsley, and the indoor market and Market Kitchen in the town centre. Pop by the indoor market and pick up a copy of the markets' cookbook – the Barnsley Larder. Visit barnsley.gov.uk/markets.

Be kind to one another. When you visit your local high street, you might notice venues have plastic screens, you may be asked to queue outside, and you may be asked to pay by card. Respect what businesses are doing to keep you and their staff safe. If you have symptoms of COVID-19 – get tested and stay home. Visit gov.uk/coronavirus.

Stay up to date with latest news about Barnsley town centre. On social media, follow Love Barnsley Town Centre, The Glass Works, Barnsley and District Markets, and Market Kitchen. Be the first to know about events, offers, and giveaways – sign up to our free newsletters. Visit barnsley.gov.uk/towncentre.

And lastly, of course, you don't just have to shop. Borrow a book from the library, sign up for a crafts workshop, keep active at your local gym, take in a show or a film, pop for a stroll or cycle to your nearest park – breathe in that fresh air. Barnsley really is the place of possibilities! Visit barnsley.gov.uk/love-barnsley.

Advancing Digital

for your career

Improve your performance at work or explore opportunities to progress your career in a new job with **free digital training**.

If you have a job, take our digital skills analysis to see how you can take your career to the next level.

Our team will provide information, advice and guidance on the best training options. There's a range of flexible opportunities to fit in around your life and work at no cost to you.

Find out more at barnsley.gov.uk/AdvancingDigital

To contact the team, you can email EmploymentSupport@barnsley.gov.uk or call 01226 775100.

Join Barnsley's invaluable care sector

Do you want to make a difference to people's lives in Barnsley? If you want a rewarding career you can be proud of, working in care could be for you.

Your transferable skills and compassionate nature could help make a real difference in the borough, supporting people who need your help and companionship.

There are a wide range of care roles available in Barnsley. Visit barnsley.gov.uk/services/jobs/working-in-care

Could you foster a Barnsley child?

We want to hear from you if you can offer a loving, stable home to a child or sibling group. We consider people from a wide variety of backgrounds and circumstances. There are also different types of fostering you can consider, like short breaks, emergency care or being a long-term carer. With us, you'll get ongoing training and development, and there's support for carers and children from our Barnsley-based teams. We offer a complete package with good financial support.

Fostering a child is incredibly rewarding and is life-changing for both the carer and the child. Find out more today by visiting barnsley.gov.uk/fostering or calling **01226 775879**.

Fostering in Barnsley

WE'RE CRACKING DOWN ON FLY-TIPPERS!

We're continuing to clear up dumped waste across the borough to tackle fly-tipping.

On average, 95% of our waste is cleared within five days each month, thanks to our dedicated team who work across Barnsley. We also work to crack down on illegal dumpers by issuing fixed penalty notices and prosecutions. Please do not rely on social media to identify someone to remove your waste, it's important to check they have the correct waste carrier's licence.

We'd like to say a massive thank you to everyone who has reported incidents to us, help us to continue this work by reporting fly-tipping at barnsley.gov.uk/flytipping.

By working together, we can reduce instances of fly-tipping and work to keep our borough clean and green.

DUMPIT & SCARPER

EVERYBODY THINK!

Open Day

Thursday 2 December 4.00pm – 7.00pm

Join us for our first face-to-face* Open Day in almost two years!

info@barnsley.ac.uk
 01226 216 123

*We hope this will be a face-to-face Open Day but will be led by government guidelines at the time of the event.

What's new at Barnsley Museums?

There have been tons of transformations happening at Barnsley Museums.

Everything from new shops, outside spaces to explore, displays, exhibitions and many more new experiences to be had.

Shop, bake and discover at Worsbrough Mill and Country Park

On your next trip to Worsbrough Mill and Country Park, take time to pop into the new visitor gallery and shop. A treasure trove for budding bakers and wildlife enthusiasts there's an array of delights to discover as you browse for gift ideas and the visitor centre gives a glimpse into the Mills captivating history.

Other developments include a hub for the Mill's award-winning volunteers to use, a micro bakery and an extension to the very popular on-site café, Millers tearoom.

Restoring the glory at Cannon Hall Museum, Park and Gardens

Cannon Hall's park and gardens have undergone a major restoration project following nearly £4 million worth of investment. There is even more to love about the popular visitor attraction now.

It includes a major new woodland discovery trail, boats back on the lake for the first time in nearly 100 years, and two miles of new paths.

A five-metre-long monster is part of the new trail packed with 20 free play features including a balancing beam, tepees, Saxon hut, willow tunnel, and musical instruments.

Historic buildings have been restored and reopened for the first time in centuries. Three cottages have been renovated and include a new volunteer hub and second-hand book shop. The former derelict north range glass house is now back to its former glory.

The Cooper Gallery host world class artists

Drawings by some of the world's most famous artists have landed at the Cooper Gallery as part of a major British Museum touring exhibition.

The gallery hosts Pushing paper: contemporary drawing from 1970 to now, which includes works by Tracey Emin, David Hockney, Grayson Perry, Anish Kapoor, Bridget Riley and more than 50 other leading names in the art world.

Whilst there, pop into Joshua's, the stunning new table service café in the Cooper garden cottage.

A whole new look at Experience Barnsley Museum

Experience Barnsley, the award-winning museum dedicated to our borough's fascinating history, has seen some exciting changes recently. The family-friendly interactive gallery has undergone a dramatic refresh. You can explore and discover many new objects, interactives and digital activities all linked to Barnsley's proud past.

The Barnsley Wall has rare archaeological artifacts, displays and

films which all trace the history of the area from pre-historical times to the 21st century.

The museum also explores working life, leisure time, and home and family over the years – take a seat in our 1970s living room. The museum has continued to collect items since opening, from medieval finds to digital photos of life in lockdown.

Complete your visit with some delicious cake and coffee in the stylish café.

TOGETHER WE CAN STAY HEALTHY

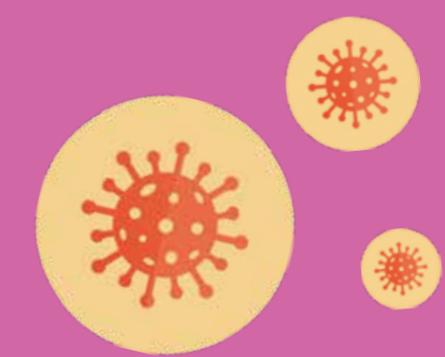

An open letter to all Barnsley residents

As we head into winter, we want to share with you some of the challenges and opportunities facing NHS and care services, and how together, we can all help each other.

The way Barnsley people have responded flexibly to the NHS throughout the past 18 months has been amazing and we still need your help.

The pandemic is not over. Rates remain high, people continue to die from COVID-19, and others are experiencing long-COVID. It is still having an impact on all aspects of people's lives and we certainly see it still in health and care services.

There are some simple things that would make a real difference to making sure that everybody gets the care they need.

We also need to work together to slow the spread of COVID-19 to keep each other safe and protect our health services, here's what actions you can take to help:

- **Please have your COVID-19 vaccine.** Vaccines and regular testing are the best way to protect everyone from COVID-19. If you haven't yet had your first dose, it's not too late. If you're concerned about getting your vaccine, please talk to someone and look at our advice and guidance online to find out more about the jab and why it's so important you have yours. Getting your second dose of the COVID-19 vaccine along with any boosters once invited or flu vaccines if you're eligible is also very important to give you the best protection.
- **Test regularly.** Use lateral flow tests at home and get a free PCR test if you have symptoms. This combination of testing helps us find and isolate people with COVID-19 and is vital in stopping the spread.
- **Follow safe behaviours.** As you spend more time socialising with loved ones, it's important to follow safe behaviours to minimise the risk of spreading COVID-19. Remember to wash your hands regularly, wear a face covering in busy areas, make space for others, and, where possible, let fresh air into your meet ups. These tools will help reduce the risk of catching COVID-19 and allow us to do the things we enjoy safely.

If we can all use services in these ways while also following safe COVID behaviours, we'll be much better prepared for these coming months through what's going to be a tough and challenging winter.

TOGETHER WE CAN CHOOSE WELL

You've given incredible support to the NHS during the pandemic, but it's not over yet, and we still need your help. Together we can all do our bit. Here are some of the things which will help you to get the suitable support you need:

- 1 **Self-care.** If you can, use the online resources that are available to you. Always think what your first port of call might be for the symptoms you're experiencing. Basic self-management of common conditions keeps more appointments available for those who need them. The NHS website and the NHS App both have symptom checkers which are very good at giving you that initial advice. The NHS App also allows you to book or amend an appointment at your GP surgery and order your routine prescriptions. If you have young children, check out the South Yorkshire Healthier Together website for advice if they are unwell.
- 2 **Barnsley pharmacies** offer a wide range of services and expert advice for a whole host of common conditions like aches and pains, colds, tummy troubles. If they think you need additional help, or advice, they will let you know.
- 3 **Talk before you walk.** If you do feel that you've got a health issue that needs resolving and you're worried about it, and it's not life-threatening, call NHS 111 or use the 24/7 online service. It will get you the care and support you need and give you good advice. If you can't go online, call. It's free and it's there to help.
- 4 **Your mental health and wellbeing.** Make sure that if you are anxious about your mental health, or the mental health of somebody else, you use the free mental health lines that are available 24/7. Talk to somebody, we will always talk to you and get you the help that you need. You can call 0800 183 0558. Check out the guide to support and services on any of the local NHS or council websites.
- 5 **999 and Accident and Emergency (A&E)** are there for you when there is a serious or life-threatening emergency. Please use them for those reasons. This means that our emergency service workers are available to help people who need it most.

What we're doing

We'd like to share with you some of the things we're doing in Barnsley as we continue to see the very real impact COVID-19 has had on our services.

- We have been awarded funding to create new NHS community based diagnostic hubs which will offer scans, tests, and checks. The first one in Barnsley will be based at The Glass Works in the town centre. This will speed up some waiting times, and it will offer a convenient location to have these things done.
- Our GP services are recruiting more staff in a range of roles providing additional support to people with ongoing, or long-term, conditions. These include physiotherapists for example who have the skills to assess, diagnose, treat, and manage muscle or joint problems. Many GP practices have a range of different professionals who can diagnose and treat health conditions. It means you get more specialist support, and you don't always need to see a GP for every appointment.
- Many GP practices are working differently by offering an initial assessment when you contact them. This helps them make sure they can get you to the right member of the team. They are also able to offer telephone appointments for those who want them, which frees up more time for those who need a face-to-face appointment.
- Local pharmacies are also working with GPs in their local area. They are offering a more enhanced service for certain conditions. We saw lots of success in the summer, where some pharmacies offered advice and prescribing services for people with hay fever. A person would usually visit their GP as well as a pharmacy – this joint service meant the person could instead go straight to the pharmacy. More services like this are planned for different conditions.
- The council and voluntary community organisations are also working hard and doing all they can to support people to stay healthy and independent at home. Unpaid carers are experts in care and continue to play a key role in helping us support loved ones, family, and their friends – and we'd like to thank each carer.
- Our community services will continue to provide invaluable support to residents to recover in familiar settings such as at home close to family and friends. It is important people do not stay in hospital any longer than they need to.

Thank you for continuing to work together with us. We must all be more kind to ourselves and those around us as we all work through these very challenging times.

Health and care leaders across Barnsley, Barnsley Integrated Care Partnership.

Tenants First ESF - ACHIEVE is a service from Berneslai Homes, helping tenants to gain new skills, feel more confident, and move forward.

Keep warm and well this winter

We all feel the effects of cold weather, but it can be even more challenging for people with long-term health conditions, children under five, or people over 65. There are lots of things you can do to make sure you and your loved ones stay well this winter.

- Heat your home to at least 18 degrees and check if you're eligible for help to keep your home warm.
- Look out for others. Ask how they are keeping warm during cold weather.
- Stay as active as you can. Any exercise will benefit your physical and mental health.
- Get your winter vaccines if you're eligible.
- Make sure to have a supply of food and medicines in the house.

There is lots of support available. You can find the right numbers to call and helpful top tips at barnsley.gov.uk/ready-for-winter/stay-well-this-winter.

HELP US HELP THEM

As the winter draws in and temperatures drop, our cold weather provision will be in place to help people who are sleeping rough in Barnsley.

You can help us help them by taking the following steps:

- Direct them to the Housing Options team at The Civic on Eldon Street.
- Report it at streetlink.org.uk or on their app.
- Call our emergency duty team out of office hours on **01226 787 789**.
- Call **999** if someone is in need of urgent medical help.

If you're affected by hoarding, or know someone who is, there's support available.

We're committed to supporting our residents to live in safe, warm and healthy environments. If you're worried about someone you know, you can contact us on **01226 773555**, Adult Social Care on **01226 773300**, or email our Private Sector Housing Team at Safer@barnsley.gov.uk. There's more information at barnsley.gov.uk/self-neglect-and-hoarding.

If you're worried about a child's safety or wellbeing, call **01226 772423**, or if it's an emergency ring **999**.

Improving Access to Psychological Therapies (IAPT)

Are you having trouble sleeping? Feeling stressed, anxious, worried or have low mood generally?

It's important to look after your mental health as well as your physical health.

However you've been affected by the pandemic, it's OK not to be OK.

We offer treatment face to face, on the phone, online, via interpreters and using British Sign Language.

IAPT is still here with support for everyone aged 16+ registered with a Barnsley GP.

Visit www.barnsleyiapt.co.uk or call 01226 644900

With all of us in mind.

Supporting communities with your local Area Team

There are six area councils in Barnsley, each made up of locally elected councillors who support your Ward Alliances. Our Area Teams work on behalf of the council, supporting residents, community groups, and councillors to work together to shape these communities and make positive changes for the people who live in them.

#AlrightPal?

Starting the conversation around mental health

Looking after our mental health is vital and it's important to know you're not alone.

Support services in Barnsley for people struggling with their mental health include:

Humankind, whose Umbrella service provides support early on for people with low to mild mental health and/or learning disabilities. Visit humankindcharity.org.uk and search for Umbrella.

The Samaritans have support service information at samaritans.org.uk/branches/barnsley and a freephone number, **116 123**, available 24 hours a day.

The NHS have a 24-hour helpline offering support, advice and guidance to anyone registered with a Barnsley GP who wants mental health support: **0800 183 0558**.

For more information, visit barnsley.gov.uk/AlrightPal.

Local charity Chilypep offer free Mental Health and Suicide Prevention training to Barnsley residents. Email training@chilypep.org.uk for more information.

There's lots of fantastic work that our teams do in their areas, and plenty that you can do to help, like getting stuck in with volunteering opportunities and helping your community. To learn more about the work that Area Teams do, and how you can get involved, find your local area below and get in touch.
