

## **Gyratory Traffic Management Details:-**

From the 14<sup>th</sup> January 2022, the following plans will come into force until further notice:-

- Horizon College Traffic Management Plan
- A628 Dodworth Road Pedestrian Plan
- Phase 4 Rev 5 Multiple Setup

## **Pedestrian Routes:-**

All safe pedestrian routes are clearly marked on the above-named drawing and highlighted in blue. All other areas not marked will be out of bounds to members of the public. All working areas will be securely fenced off using Heras type fencing with adequate signage navigating pedestrians.

Please use all existing/temporary crossing points at all times. Pedestrians should not cross live highways at any time. Additional controlled crossing points will also be installed on the Dodworth Road/Broadway/Pogmoor Road Junction.

Pedestrian access will also be available to Horizon College. Again, these routes are clearly marked.

## **Vehicle access to Horizon College and 188-206 Dodworth Road:-**

The gyratory will be open to vehicles from the above date. Vehicles wishing to access Horizon College must follow the diversion to Barnsley Town Centre when travelling from Pogmoor Road or M1 direction.

Vehicles travelling from Barnsley Town Centre can access the College without following any diversion.

There will be a **NO RIGHT TURN** when exiting the College or 188-206 Dodworth Road. **ALL** vehicles must turn left and follow the diversion signage or on to the gyratory.

Vehicles wishing to travel to Barnsley Town Centre or Pogmoor Road from the College or 188-206 Dodworth Road must follow the new gyratory.

## **Vehicle movements with Horizon College:-**

There will be a one-way system within the College Car Park for both cars/vans and buses. Please follow signage.

Please see additional attached information and should you wish for any further information please visit Barnsley Metropolitan Borough Council website. The QR code below can direct you to the relevant section.
