INTRODUCTION

This Annual Infrastructure Funding Statement describes Section 106 activity for the period 1st April 2020 to 31st March 2021:

- The Council's internal process relating to Section 106 contributions
- The Section 106 contributions paid to the Council in the 2020/2021 monitoring period
- Projects delivered in the Borough through Section 106 in 2020/2021
- Section 106 contributions secured for future years

SECTION 106 OBLIGATIONS

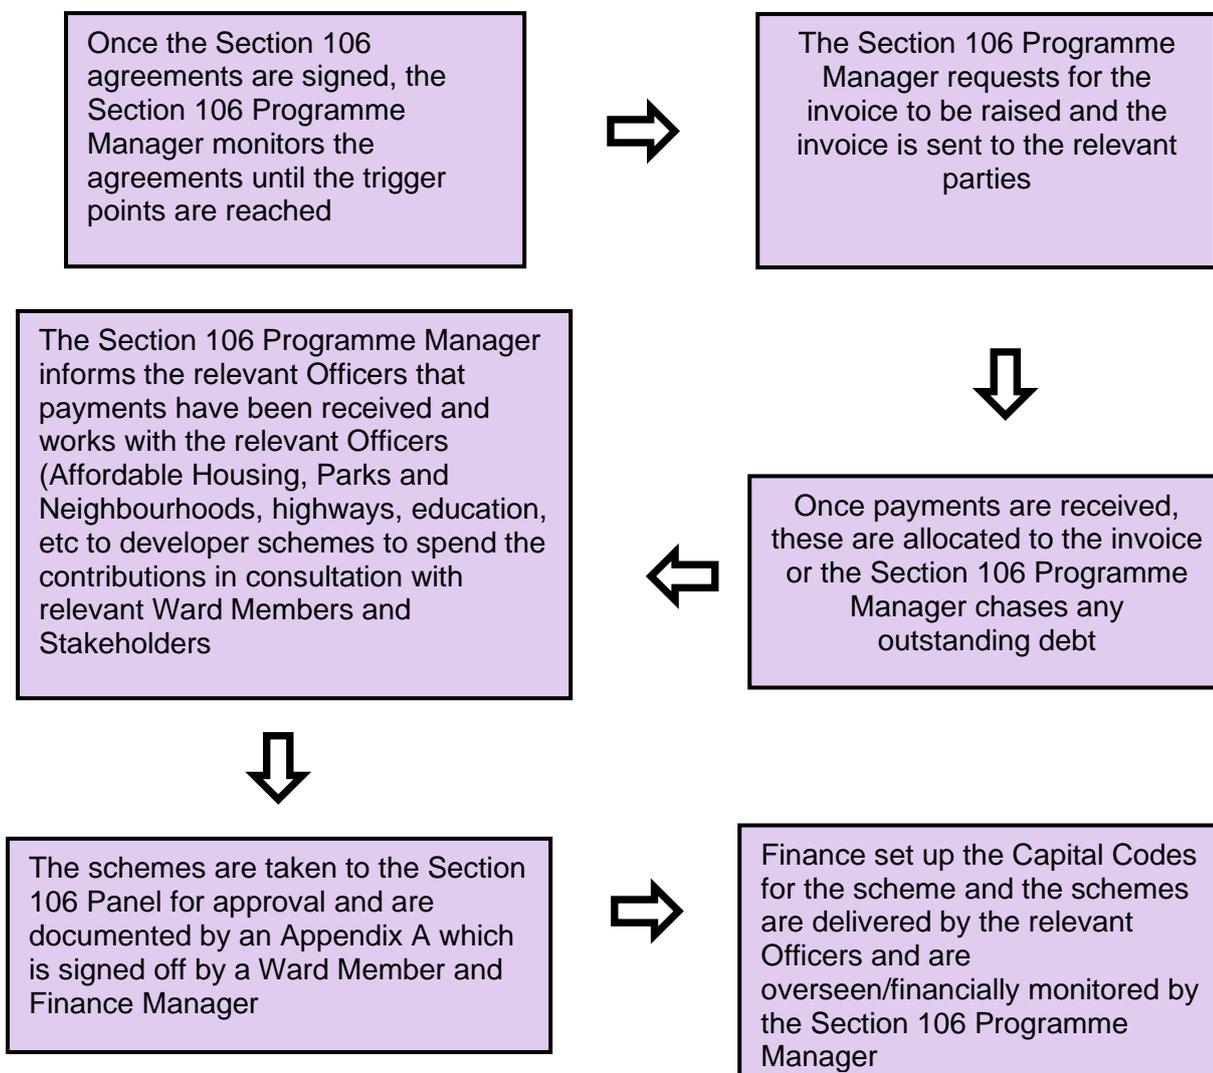

Planning obligations, commonly known as Section 106 Agreements are legal agreements negotiated between a Local Authority and developers. They are intended to make a development proposal acceptable which would be unacceptable without such an agreement, thus allowing planning permission to be granted. An agreement must be fairly and reasonably related in scale to the proposed development and be relevant to planning and should only be used where planning conditions attached to a planning permission would not provide an alternative approach.

In Barnsley, Section 106 Agreements have been used for a wide range of developments. Generally, it is possible to classify planning obligations in Barnsley into the following categories:

- Affordable housing
- Public open space
- Sustainable Travel
- Education
- Biodiversity
- Planning (miscellaneous)

THE SECTION 106 PROCESS FOR SPEND OF FINANCIAL CONTRIBUTIONS

- Financial contributions are requested through Section 106 obligations when on-site infrastructure or affordable housing required by policy is not appropriate.
- Once the Section 106 has been signed, it will only come into effect if the planning permission is implemented and reaches the trigger point for payment such as on commencement or prior to occupation. When the Section 106 is signed, it is registered as a land charge which stays with the land, obligating any future landowners until the terms are met.
- The flow chart below shows the process of the monitoring/spend of Section 106 monies:

SECTION 106 CONTRIBUTIONS SUMMARY

INCOME

During 2020/21 Barnsley Council received cash income of £1,113,610. Part of this income relates to some of the Section 106 Agreements signed in 2020/21, but the majority relates to agreements signed in earlier years for developments that were being delivered and hitting financial trigger points in 2020/21.

The table below provides a summary by category, of the income received in 2020/21. The tables that follow provide a detailed breakdown of that income.

CASE STUDIES

Improvements to RSPB, Old Moor

£100,000 of Section 106 monies was allocated to the project and this generated a match funding amount of £788,500 from National Lottery Heritage Fund:

Improvements to access/car park

New garden area

New play facilities, Assembly Way, Kingstone

New play facilities have been installed during lockdown 2021 and opened in June. The works include a new flexi pave footpath, improved entrances, and the planting of 20 trees. Spring bulbs are due to be planted later in the year. There is also a maintenance allocation from S106 set up for 15 years.

Measborough Dyke Play Area

A new junior climbing unit was installed during lockdown 2020 and since it has reopened has been a good addition to the play area.

Sustainable Travel

There were no sustainable travel projects delivered through Section 106 commuted sums in 2020/2021, however this excludes any works carried out under a Section 278 agreement.

Planning (Miscellaneous)

Details are shown in the table below of how the Council's Planning (miscellaneous) commuted sums were spent in 2020/2021:

In-direct provision by Barnsley Council via commuted sum during 2020/2021:

Planning References	Project	Total Spend (£)
2003/1297	Managed Workspace P3, Penistone	22,435
	Total:	22,435

BALANCE HELD

At the end of March 2021, £7,309,902 of Section 106 monies were held by the Council as shown in the following table:

Break Down	Amount
Live Schemes	573,062
Unallocated/Monies available	6,626,840
Revenue (grounds maintenance)	110,000
Total:	7,309,902

All of the unspent uncommitted income is earmarked for a range of developments including delivering affordable housing, improving public open spaces which may include installing new play equipment and improving parks and woodland areas which will be developed by Project officers in consultation with Ward Members and the community. Often when Section 106 funding comes in smaller chunks and these are combined over time to invest in larger projects with greater impact in the community.

SECTION 106 CONTRIBUTIONS SECURED FOR FUTURE YEARS

During 2020/2021 a total of 24 Section 106 Agreements were successfully negotiated between the Local Authority and developers.

For a number of reasons developers do not implement all planning permissions and therefore if a planning permission is not implemented, the associated Section 106 Agreement will not be implemented.

The following tables highlights that the vast majority of provisions included within Section 106 Agreements signed during 2020/2021 involved a financial contribution to the Council. There are also provisions to be delivered directly by the developer.
