

Oxspring Primary School governor vacancy

Oxspring Primary School is a small, vibrant, inclusive and happy school with an enormous heart. It is our mission, working in close partnership with families, to be a learning community with a culture of ambition and achievement.

Last year was incredibly challenging for everyone Staff, volunteers, and parents all pulled together to ensure our school continued to minimize the impact of the pandemic on the children's experiences in school.

Despite the current situation we are looking forward with much optimism to this new year and feel excited about the opportunities which lie ahead, as we have a very dedicated and highly skilled team of teachers and teaching assistants, incredibly supportive parents, and wonderful pupils.

To allow us to fulfil our ambitions and responsibilities for the coming year we need to recruit at least three more governors to broaden our skill base and experience.

Governors are people who, in the opinion of the governing body, have the skills required to contribute to the effective governance and success of the school. School Governors work with the Headteacher to set the future direction for the school and decide how the school spends its budget. They are responsible for making sure the school provides good quality education and for raising pupils' attainment; provide support and advice to the Headteacher and challenge the Headteacher to ensure that decisions taken are in the best interest of the school.

We are inviting parents/carers, grandparents, and members of the local community to consider volunteering to become a co-opted governor. You may not feel suitably qualified or have sufficient knowledge, but please do not let this hold you back, however, it is essential that you have time to attend meetings and read background information when necessary.

If you think this is something that might interest you, and to find out more about the role of the school governor, please contact the school directly and ask for one of the parent governors, or leave a message with the school office and we will get back to you.

Becoming a governor is not only a practical and meaningful way of supporting your school it is also a fantastic opportunity to be part of a team who are inclusive, passionate and enjoy being involved in shaping the future direction of our school.

We look forward to hearing from you.
