BARNSLEY
Metropolitan Borough Council

Chapel View Care Home & Field View Care Home

Chapel View: "I could tell by the way my Mum looked and smiled at the staff at Chapel View that they had won her heart. The kitchen staff bent over backwards to tempt Mum's failing appetite. Mum was always treated with care, dignity and respect and we, her family, were fully supported. I will be forever grateful for everything the team and the manager did for us. Not only am I 'extremely likely' to recommend Chapel View - I already have!" - **Resident's Daughter**

Field View: "Field View over the last year has made our family feel that Mum is safe and secure with COVID all around us. They have set up a portal, which has been excellent to keep in touch with Mum. In these difficult times, not only has Mum been kept safe, but also entertained, and I feel she has not missed out on life even while we are unable to take her out. I cannot praise them enough, great work!" - **Resident's Son**

- COVID Trained Staff Delivering Bespoke Care 24 Hrs a Day
- Regular COVID testing for Staff, Residents and Visitors
- Dementia Friendly Facilities
- No Top Up Fees
- Dedicated Activities Team
- Fresh Home Cooked Food
- Cosy Communal Lounges
- Hair and Beauty Salon

- Serene Quiet Areas
- Day Care & Dedicated Respite Beds Available
- Easy Access Beer Garden
- Big Screen TV's With Netflix
- Video Calling Facility
- **BRAND NEW** Social Distancing Compliant Conservatory
- **BRAND NEW** Electronic Care Planning & Medication Systems

Introduction

Welcome to our guide to older people's services in Barnsley.

This booklet has been produced by Barnsley Council to tell you about the care and support services for older people and their carers who live in our borough. It includes general information and contact details for organisations that you can get in touch with for further advice and help.

All of the information within this guide and more is available for you to read on the Council

website www.barnsley.gov.uk, a directory of services can be found at

www.livewellbarnsley.co.uk

If you want to speak to somebody about adult social care you can telephone on 01226 773300 (Monday to Friday 9am to 5pm).

Thank you to Octagon Design and Marketing Ltd who have produced this booklet on our behalf at no cost to Barnsley Council.

Deciding which care home to go into	P19
How much will I have to pay towards my care?	P20
How care homes are rated?	P21
Telling us what you think about services	P22
What should I do if I have a problem or a complaint about a care home	P22
Useful contacts	P24
Residential and nursing care homes	P26

What will this booklet tell you?

This booklet will tell you:

- Who you should contact if you need some advice or help with daily living.
- What services are available to help you to live independently in your own home.
- The support available to carers who are looking after relatives.
- The various housing options that are available to older people.
- The difference between residential and nursing care.
- About the residential and nursing care homes for older people in Barnsley, the kind of care they can offer, and how you can contact them.

Helping you to maintain your independence

If you or someone you know, need support to live as well as possible with an illness, disability or due to older age, there is a range of help available. You may be having problems with getting out of bed, getting dressed, going to the toilet or getting out and about in your community and need advice or support to remain independent and safe.

We have launched our adult social care website, where you can answer some questions about yourself online to start the adult social care assessment process. You can also contact adult social care by telephoning the Customer Access Team on 01226 773300. When you contact us we will ask you some questions about yourself to find out more about the things that you are having difficulty with. When you contact us we will always offer you advice and information and point you to support that may help. Depending on your answers and if appropriate the Customer Access Team may make a referral to our Reablement Service. Reablement is a short-term service that aims to work with you to identify goals that are important to you and that you want to achieve, and wherever possible support you to return to your previous level of independence. We will do this whether you need an adult social care assessment or not, and regardless of whether you want to pay for your services yourself.

For those who are most in need of help, we can arrange to visit you and carry out an adult social care assessment of your needs.

You may arrange and pay for your care and support services yourself.

A directory of services is available at: www.livewellbarnsley.co.uk.

livewellbarnsley.co.uk. Age UK Barnsley provide a free, impartial and confidential Information and Advice service about issues which affect older people, which can be accessed at their One Stop Shop, 31 - 33 Eldon Street, Barnsley, S70 2JJ or by calling 01226 776825.

Assisted Living Technologies

ABLE - Assistive living technologies can help you feel safer and supported in your own home. ABLE has a wide range of easy to use equipment and technology that can be installed and demonstrated for you.

ABLE – Assisted Living Technologies can enable you to continue to be able to live independently in the safety and security of your own home.

Products include Mobile care, which utilises one's own mobile telephone, and Lifelines, which operate in the home via a remote button worn around the wrist or as a pendant (or an environmental sensor), to enable people to activate an alarm alert which will be dealt with in seconds by the 24/7 Monitoring Centre.

Over 6,000 service users and their families currently benefit from the service which is proven to improve people's quality of life and keep people safe, offering valuable peace of mind, safe in the knowledge that if an incident was to occur the appropriate support would be available through the collaborations the service has with the emergency services. Services start from as little as £2.89 per week, to find out more contact 01226 775671

Warm Homes

If you're worried about energy bills or are living in a cold home we can help. The warm homes team can arrange a home visit to assess your energy

efficiency needs.

You could benefit from energy efficiency measures to your property which may be funded through national and local schemes. We'll provide advice and guidance you can trust on energy tariffs bills, affordability and much more including replacing your boiler.

Keep your home warm at winter with Better Homes Barnsley

Homeowners and private tenants could benefit from a warmer home with the help of Better Homes Barnsley. We offer new gas and oil boilers, as well as loft and cavity wall insulation. Grants and finance options may be available, subject to eligibility. Households without gas central heating can currently apply to have a new system fitted for free. Visit 0800 5971500 or visit www.betterhomesyorkshire.co.uk for more information.

Low Level Hospital Discharge Support

This low level service will help you return home on discharge from hospital. If its late in the day they will ensure your home is warm and cosy and that you have the basic necessities to get by another day.

They may be able to help if you have multiple admissions to hospital or help you avoid hospitalisation in the future.

If you feel vulnerable or fearful they can help with confidence building and offer practical support to self-manage through post discharge. They will help link you to all other services appropriate to your needs.

Other Services

There are a range of other services provided by the Council to help you maintain your independence, including the Home Library Service and the Assisted Bin Collection Service. More information about these services can be provided by calling 01226 773555 or by visiting the Barnsley Council website.

Housing Options for Older People

There are a range of options when it comes to housing for older people. These options may meet your needs better than your current home, meaning it can be better to plan ahead:

Barneslai Homes looks after almost 19,000 homes on behalf of the Council. Some of these may be more suitable for your needs than your current home and you can add your name to the waiting list even if you currently own your own property. If you want more information about finding a home, please get in touch by calling: 01226 775555 or emailing: homeseeker@barneslaihomes.co.uk

Barneslai Homes also offer a range of housing schemes which are suitable for older people. A Scheme Manager works within the building and can provide you with information about social activities and events. The schemes offer a range of facilities including: communal lounge and kitchen, social activities, security and safety features and laundry services. For more information, call (01226) 775454 or email: homeseeker@barneslaihomes.co.uk

Sheltered Accommodation and Private Retirement Communities

There are a range of purpose built, private accommodation and retirement communities

available in Barnsley and nearby areas. These are run by housing associations or private sector providers and more information, including free, independent advice can be provided by Age UK Barnsley by calling: 01226 776825.

ExtraCare housing schemes

ExtraCare housing schemes offer high quality accommodation for older people who need some support to live independently whilst retaining a full and active social life.

ExtraCare housing schemes are owned and managed by housing associations and provide a variety of facilities which can include laundry, communal lounge and kitchen, and security and safety features. A scheme manager is on site each week and can provide you with information about social activities and events that are taking place.

The extra care housing schemes within Barnsley are Lavender Court in Kendray; Westmeads in Royston; Fitzwilliam Court in Hoyland; and Cherry Tree Court in Goldthorpe.

Anyone interested in living in an extra care housing scheme can apply at Barnsley libraries or by phoning Barneslai Homes on **01226 775555**.

Support to live at home

There are many different services available that may help you to stay living in your own home as independently as possible. Some of these services can be arranged or purchased directly such as cleaning services, community meals and equipment. Alternatively you can contact adult social care so that we can assess your needs and identify what services may help you. You can find out more about having an adult social care assessment and what is involved on page 6 of this booklet.

Equipment and adaptations

We can help if you're struggling to manage everyday tasks because of an illness or long term condition. We can advise you about equipment or home adaptations that can help you retain your independence. You can call the Equipment and Adaptations service on (01226) 775800.

We can offer you or your carer advice on:

- better ways of doing everyday tasks around your home
- safer moving/handling methods in case you need physically lifting in and out of a chair or bed
- the loan of specialist equipment, such as a raised toilet seat to help you sit and stand from the toilet more easily, or a bath lift to help you to get in and out of the bath
- alterations to your home, such as fitting a grab rail next to your outside door, or a stair lift, ramp or level access shower.

If you need basic equipment, such as a commode, bed pan, urinal, bed cradle or catheter bag stand, you don't need a specialist assessment. Call the community equipment service on 01226 320990 and they'll deliver the equipment to your home, or you can arrange for someone to collect it from Unit 33, Grange Lane Industrial Park, Stairfoot, Barnsley, S71 5AS.

When you contact us you or your representative will be asked for information about yourself, your home and the difficulties you are having. We will assess your level of need before we provide any support. This helps us to prioritise support for people who have the greatest risk to their health, safety and independence.

In some cases, where you just need a simple piece of equipment, we may be able to provide this without coming to your home. If we need to visit you and your carers we will ask you about the difficulties you are having. We will ask you to show us how you carry out practical tasks so that we can see what it is you are struggling with.

Your individual circumstances will determine the way you can access support.

If you've had an assessment with a health or social care professional and you qualify for equipment because it's essential for your safety and wellbeing, we'll loan you the equipment free of charge for as long as you need it. Equipment can be ordered for you by physiotherapists, district nurses, occupational therapists and other services that are involved with your care.

If you receive a personal budget you may be able to use some of this money to buy your own equipment.

Adaptations

If you are a Berneslai Homes tenant, you can contact them directly to request a minor adaptation; for example a grab rail, a stair rail or lever taps. They may also meet the cost of major alterations but will ask an occupational therapist to assess the difficulties you are having with practical tasks in your home. If you are a housing association tenant, contact them first to request a minor adaptation because they are usually responsible for help with these works.

If you are a home owner or rent from a private landlord or housing association, and need some help with a major structural alteration to your home, you may be able to get a Disabled Facilities Grant. You will need to have a financial assessment; this will determine if you are eligible for a grant and whether the grant can cover all or part of the cost of the adaptation. It's important, if you do apply for this grant, that you don't start any work before your application has been approved as payment cannot be made for any work that's already started.

If we can't adapt your home, we can offer you advice and help you to find and move to another property. We'll also refer you to other services that may be able to offer you additional advice or support.

Support to live at home

Continued

Online help: AskSARA

AskSARA is a national help guide, with an easy-to-use online self-assessment. It's a useful starting point if you aren't sure what type of items you need to support you. You can choose from a list of health and mobility issues that you're experiencing, answer some questions about yourself, and receive personalised and impartial advice. Visit <http://asksara.dlf.org.uk> for more information.

Services for people with a sensory loss

The Sensory Impairment Service (part of Equipment, Adaptations and Sensory Impairment Service) is for anyone who has sight loss, hearing loss, or are deaf, deafened or hard of hearing. We help people who may be having difficulty with daily living tasks or mobility due to sight or hearing loss.

We can provide information and advice with:

- Training to help you get around independently and safely in your own home or outside if you have sight loss
- Communication skills such as hearing speech on the telephone, Braille or type talk services
- Specialist equipment that may help you to hear the doorbell, children crying during the night or preparing meals and drinks safely

- Independent living skills to help you learn new skills or adapt old ones

For more information ring the Equipment, Adaptations and Sensory Impairment Service on 01226 775800, Email: equip.adapt@barnsley.gov.uk, Text phone: 07825 454888 (for BSL users only)

Home care

Home care providers support people to live as independently as possible in their own home. This can include help with dressing, bathing, preparing meals and other daily living tasks. In Barnsley there are a number of private home care providers.

If you have been assessed by adult social care and require some support from a home care provider this can be arranged for you; you may have to pay for this. You can find out more about how to get help from adult social care on the following pages.

If you don't qualify for help from adult social care or wish to make your own arrangements you can contact any of the home care providers listed below. These providers are all registered with the Care Quality Commission and are routinely inspected. You can download inspection reports on their website www.cqc.org.uk

Contracted providers of home care services

There are four contracted providers who are all registered with Care Quality Commission and have been awarded contracts with the council to deliver services across Barnsley

Providers	Address	Contact
Caremark	Unit 8B, Redbrook Business Park, Wilthorpe Road, Barnsley, S75 1JN	01226 242858 barnsley@caremark.co.uk
Cere Care	Unit 5 Ashley Business Court, Rawmarsh Road, Rotherham, S60 1RU	01709 539003 Barnsley.care@mearsgroup.co.uk

TLC	TLC, Maple House, Maple Estate, Stocks Lane, Barnsley, S75 2BL	01226 785911 referrals@tlc-homecare.co.uk

Getting help from adult social care

If you are caring for a family member or friend and need some extra support you can ask for a carers assessment, too – you don't need the permission of the person you are caring for to do this.

The adult social care assessment will find out if you qualify for help from adult social care in arranging and paying for your care. The Government provides us with criteria to help decide who can receive help based on their needs and to make sure that people are assessed fairly. If you qualify for help it is likely that you will have to pay some money towards the cost of your care and support services, depending on your financial situation. This will be worked out with you before your assessment. You can complete an online financial assessment on our website. It is your right to ask for an adult social care assessment of your needs, regardless of whether or not you are able to pay towards your care.

If you don't qualify for help from adult social care we can provide you with a list of organisations and groups that offer services to people who need some support. You can get back in touch with adult social care at any time if your situation becomes worse or you need some further advice.

Personal budgets

If, after your adult social care assessment, it is agreed that you qualify for some help from adult social care to arrange and pay for your care you will be offered a 'personal budget'. This is money from adult social care for you to spend on the care and support that you need to

help you to live independently. You can receive this as cash directly into a bank account or you can arrange for a family member or friend to manage it for you. It must be spent on meeting your support needs and we will help you to write a support plan that considers what kind of help you need and how you want to receive it. Personal budgets give people more control over how their care needs are met and more choice from a wide range of services.

If you don't want to receive a direct payment for you to manage your care services yourself you will still have the option of adult social care arranging your personal budget for you.

You can find out more about adult social care, health and wellbeing services at **www.barnsley.gov.uk/#/services/adult-health-and-social-care/**

It contains lots of useful information and can help if you, or someone you know, want some advice or support to live independently, and read about what support is available in the community, near to where you live. We have developed a website called Live Well Barnsley **www.livewellbarnsley.co.uk** where you can browse through a comprehensive directory of groups and activities, many of which are free of charge or available at a nominal charge. This gives you more choice about the services and support that you want to purchase. You can use it if you are paying for your own care and want to see what is available, or if you are receiving some help from the council to pay for your care and are managing this through a personal budget.

Are your details correct?

Barnsley Council makes every effort to ensure that the information which we provide about registered care homes is correct. If you would like to update, amend or add to your listing please contact the adult joint commissioning team on 01226 775636 or 772564 or email adultjointcommissioning@barnsley.gov.uk

WELCOME TO PROSPECT HOUSE... WHERE ALL RESIDENTS PROSPER

Prospect House is the crown jewel to the Global Care Ltd family. Located within the heart of the tranquil village of Cudworth, the home is located in an enviable and elevated position overlooking the bustling Highstreet, with just a short walk you can capture stunning views of woodland, wildlife and the vibrantly busy waterways.

“We have been at the heart of the community for over 20 years”

Prospect House specialises in residential and dementia care on either a permanent or respite basis, offering day care or even a rehabilitation package to help get residents back on their feet.

Respect, Dignity & Continuity is at the heart of everything we do at Prospect House. Our personalised care is individual to each resident, and is designed in partnership with each individual as well as their loved ones.

The care at Prospect House is centred around Global Care's three underlying values at its core. Care, Comfort and Companionship.

- Residential, Respite, Day, Dementia and Palliative Care, delivered by qualified staff.
- 32 bedrooms, majority en-suite facilities, flat screen digital TV, telephone point, 24 hour call bell.
- Key Worker System.
- Two assisted bathrooms each with its own specialist bath.
- Communal areas – two lounges, including a separate TV area, and two dining rooms
- Landscaped garden with easy access pathways

- Home cooked, nutritious food freshly prepared on a daily basis; our chefs cater for special diets and specific requests.
- Formal, restaurant style dining as well as private dining, flexible meal times and 24 hour food and beverage availability.
- Weekly mobile chiropody and hairdressing service.
- In-house laundry service. Lifts to all floors.
- Special occasions celebrated, including birthdays and anniversaries.
- Open house – family and friends welcome at any time.

LIFE AT PROSPECT

Friends and family are used to being able to pop in for a visit whenever they want, and there's no need for that to change as visitors are always welcome, in fact they are actively encouraged. We don't have prescribed 'visiting times', so family and friends can visit at the same times as they always have and special pets are particularly welcome.

Our lounges, grounds and gardens were designed to be shared and offer the perfect environment for entertaining family and friends so, naturally, residents are more than welcome to invite guests to join them for meals or to share in any activities.

Relatives are also welcome to come along to our regular meetings with residents where we discuss everyday life at Prospect House.

To look for services and
support online you can visit
Live Well Barnsley at
<https://www.livewellbarnsley.co.uk/>

The quickest and easiest place
to find information about health,
wellbeing, care and support
related services

Live Well Barnsley is an online service directory containing information about health, wellbeing, care and support related services across the borough. Developed by Barnsley Council and partners the site brings together a wealth of information about staying well, keeping independent and being active all in one place - making it quicker and easier for people to find.

Live Well Barnsley contains information and contact details about all types of services and activities ranging from how to get help at home with personal care and daily living tasks, to getting out and about, joining local groups, developing new interests, learning new skills and meeting others. You'll also find support on getting and keeping suitable accommodation as well as advice on money matters. The site also covers specific information on the support available for carers.

Whilst we have taken every care in compiling this booklet, the publishers and promoters cannot accept responsibility for any inaccuracies. The inclusion of any advertisement in no way endorses the services or products sold.

Whilst every care has been taken to make sure the information in this publication is up to date it is not intended to be a complete and authoritative statement of the Law on the issues covered. The publishers and the promoters cannot accept responsibility for any loss arising from the use of information contained in this publication.

Getting out and about

Things to do in the day

There are many free activities and clubs that are provided in communities that can be a great way of spending some time outside of your home and meeting new people. You can find out more about what is available in your area on our website www.livewellbarnsley.gov.uk.

There are also a number of day care centers that are available to older people who are at risk of becoming isolated in their homes. Day care also provides a break for family carers. There is a charge for day care and if you want to have an assessment by adult social care to find out if you qualify for some help to pay for this service you can telephone 01226 773300.

Public transport

Older people and eligible disabled people are entitled to a concessionary bus pass that allows free off-peak travel on buses, trains and trams across South Yorkshire. For further information

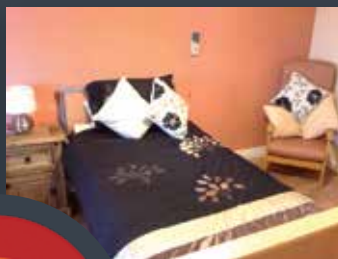

you can telephone Traveline on 01709 515151 or call in person at The Information Centre in Barnsley Interchange.

Blue Badge disabled parking scheme

The Council assesses people who may be eligible for a Blue Badge based on some national criteria. You can apply for or renew a Blue Badge online at <https://www.gov.uk/apply-blue-badge>. For further information or to book an appointment you can telephone 01226 773555.

Access Barnsley

Access Barnsley will offer powered scooters and manual wheelchairs for hire on a daily, or half day basis. The cost of hiring a scooter or wheelchair will be £5 per day or £3 per half day. Bookings can be made up to one week in advance, either via telephone on 01226 776828 or text message to 07387750091. The service is open every Monday to Saturday between 9.30am and 4.00pm.

To arrange a visit or contact us regarding any questions or queries you may have, please feel free to contact us via these details:

2 Station Road, Worsbrough Dale, Barnsley S70 4SY

Telephone: 01226 243057

Email: admin@autumnhousebarnsley.co.uk • www.autumnhousebarnsley.co.uk

At Autumn House we strive to provide a warm and welcoming environment for our residents. Our attentive staff are on hand night and day, delivering expert individual support to those who have dementia, nursing needs or just require residential care. We pride ourselves on our open and friendly atmosphere, and welcome families who wish to visit their loved ones.

Or visit us on www.carehome.co.uk

NOW OFFERING DAY CARE

Dementia Gateway

Barnsley Council has put dementia central to planning and development and acknowledges dementia does not need to be the end of your active life. We know people living with dementia still have a lot to contribute to family and community life and we want to support you for as long as you feel necessary.

In Barnsley there are many organisations and

groups who will support and guide you through the system and post or pre diagnosis and will direct you to the right support to enable reduced stress and anxiety and support you to come to terms with the diagnosis.

If you need help and support accessing care or have a carer or family member who cares for you they also have a right to access support and guidance.

After a stay in hospital

Hospital discharge

If you are already receiving support that has been arranged with adult social care please let the Customer Access Team know that you are in hospital, you can ask a friend or relative to do this on your behalf if necessary. They can arrange to have your social care services stopped until you are ready to leave hospital.

After a stay in hospital most people can return to their own home although some may need ongoing health or social care support. The hospital discharge team organises any needs for health or social care to be delivered in your home where appropriate. A small number of people may have needs which cannot be met in their own homes and may need to move into a care home on a temporary basis or to receive NHS continuing care.

If you have ongoing social or health care needs the nursing staff who have been responsible for your care in hospital can arrange for someone from the hospital social care team to visit you. They will discuss what kind of support you need when you leave hospital and will do an assessment to find out if you qualify for help from adult social care.

Intermediate care

Intermediate care is provided jointly by health and adult social care teams. It provides a range of services for older and vulnerable people that aim to:

- Help people to remain as independent as

possible in the community by providing a short-term rehabilitation programme in order to help people to reach their individual potential and to remain independent in their own homes.

- Prevent inappropriate hospital admission and facilitate timely discharge
- Help to reduce the need for long-term residential and nursing placements. This service is provided for up to six weeks within a person's own home or dedicated setting such as a care home.

The independent living at home service provide re-ablement support at home for up to six weeks, to support people to regain their confidence and be able to complete activities of daily living such as meal preparation, washing and dressing after a health crisis, with the aim of maximising people's potential to live independently.

NHS continuing care

Some people need longer term health care after a stay in hospital. Continuing care is provided in hospital, in nursing homes or at home wherever possible. The doctor who is responsible for your care whilst you are in hospital will talk to you, your family, adult social care and other health professionals about how best this care can be provided to meet your needs.

For further details contact 01226 773300. The hospital social work team can be contacted on 01226 434467.

Help for carers

For many people, caring for your family or loved one is just second nature – it's something you do because you care and don't give it a second thought. But it is important to remember that caring can be a full-time role in its own right and one that can be exhausting and frustrating, as well as rewarding.

In Barnsley we see carers as '*Ordinary people whose life have changed because they are looking after a relative or friend who, because of a disability, illness, substance misuse, special condition or the effects of old age, cannot manage without help*' (Barnsley Carers Strategy).

As a carer you play a vital role, not only in supporting the individual you care for but also in supporting the overall health and wellbeing of our communities in Barnsley. That is why it is important that the right sort of help is available to everyone in a caring role whether they are new to it or have been doing it for a long time.

Barnsley Carers Service is a new, free to access service, here to support you in your role as an unpaid carer. Staff will be based in community venues right across the borough.

If you are looking after another adult and think you may require some help, we will carry out a carer's assessment to see what kind of help would be best. We will help you think about things you want to do as well as caring. We will provide information about the services and support available in your area. You may be entitled to support in your own right in which case we may be able to provide you with a personal budget, which is an amount of money to help with your caring responsibilities.

If you get in touch with us to tell us you are a carer we can help in a number of ways. We will:

- ask you if you want an adult social care assessment and ensure that you are fully involved in that assessment
- give you advice and information about benefits and support services that may be available to you
- tell you about the services available to help you continue caring

- provide you with a copy of the care plan of the person you care for (with their permission)
- keep you informed and involved in any changes to their package of care
- not assume that you are able or willing to take on caring functions
- Offer you the opportunity to join our carers register. This gives you access to regular information on issues for carers and allows us to consult with you on future service developments.

To find out more about how we can help you please contact our Customer Access Team on (01226) 773300; or you can email: adultsocialservices@barnsley.gov.uk

We have launched our adult social care website portal, where you can answer some questions about yourself online to start the adult social care assessment process for carers. You can also contact adult social care by telephoning the Customer Access Team on 01226 773300. Further help is also available to you through Barnsley's strong network of friends and carer support, provided by many local community groups and voluntary organisations. These can help with many of the things you might feel uncertain about such as:

- Where can I get more information about what is affecting the person I care for, what can I expect in the long-term and what can I do to improve their day to day living?
- Where can I go to get help with our finances, what happens if I have to give up work to be a full-time carer?
- Where do I go to get any specialist equipment and how do I know what is needed?
- How do I get any extra care help so that I can have some time for myself?
- Who can I talk to if it all feels too much to cope with?

All the organisations in the network provide friendly, easy-to-understand information and advice (quite often based on people's own experiences).

'Help is always at hand for carers. You need to look after yourself as without your own health and mental wellbeing you cannot care for your loved one. You don't have to cope alone,' Lynda McDermott, Barnsley Beacon.

What is a care home?

There are two main types of care home:

- Residential care homes which do not provide nursing care
- Nursing care homes which provide nursing care

Some care homes are registered to provide both residential and nursing care. A care home is what we call a home that offers accommodation and personal care.

Care homes can offer different types of care,

such as residential care or nursing care. There are also some care homes which provide specialist care for people who require extra support, often due to dementia or other mental health.

Care homes are owned and run by private companies and charities.

When we talk about care homes in this book, we are talking about care homes which have been inspected and registered with CQC.

Bespoke home care in Barnsley

Who are we?

Clarity Homecare Barnsley specialises in delivering high quality care. With over 26 years of experience we specialise in delivering bespoke care in the comfort of your own home, connected to friends, family, and pets.

Our compassionate carers deliver the care, and you decide on the level of support, for as long as needed. From a 15 minute call, to around the clock care. Clarity Homecare is here for you, always.

Residential Care Home

We provide excellence in care

About Us

- ✓ Personal care can be arranged for clients who require a little extra support
- ✓ 24 hour on call assistance for increased comfort and peace of mind
- ✓ All on one easy accessible level
- ✓ Competitive rates
- ✓ Purposed build setting, specifically designed for the care and support of the elderly

Our Care

Activities Room, Hairdressing, Assisted Baths/ Showers, Wheelchair Access, Interior and Exterior Gardens, Quiet Lounge Conservatory and Double Lounge

The types of care we offer include:

- ✓ Day Care ✓ Residential Care ✓ Palliative Care
- ✓ Respite Care ✓ Dementia Care ✓ Learning Difficulties
- ✓ Substance Abuse ✓ Mental Health

Why Choose Us

We have been operating for over two decades and we aim to continue the tradition of offering high quality care in Hoyland. Our team is long serving, with little or no staff turnover over 20 years. We promise to be here and serve our local area with the same values for the many years to come.

- ✓ Luxurious, spacious, state of the art, all en-suite bedrooms
- ✓ Close proximity to Hoyland Village Centre
- ✓ Locally sourced ingredients and fresh meals cooked to order
- ✓ Now accepting new admissions

"One person caring about another represents life's greatest value." - Jim Rohn

Our Offering

We currently have a few room vacancies available. Our fees are very competitive and we can cater for every residential requirement. Our staff are loyal, compassionate, long standing and very qualified. We aim to be the premium, preferred local provider of care. Anyone who requires a bit of support, we would be delighted to assist them with all their needs, be it for a short respite or a longer stay.

Nursing and residential care homes – What is the difference?

A residential care home is a care home of any size, which offers accommodation, meals and personal care.

Residential homes offer care and support throughout the day and night. Staff in a residential care home can help you with washing, dressing, at meal times and going to the toilet.

In a residential care home you will be cared for by suitably qualified or experienced staff.

A nursing care home is similar to a residential care home and will also offer accommodation,

meals and personal care.

The difference between a nursing care home and a residential care home is that a nursing care home also offers 24-hour care under the supervision of a qualified nurse.

Some care homes are dual registered. This means that the home can accommodate people needing either residential or nursing care. If you choose to move into a dual-registered home for your residential care you may not need to move to another home if you develop nursing needs.

Which type of home is best for me?

The choice of home is a very personal one and what suits one person may not suit another. You have the right to choose any home you like as long as adult social care agree four key points:

- There is a place available
- It is suitable for your care needs
- Adult social care can agree a contract with the owner of the care home to ensure that you are properly cared for
- The home does not cost more than adult social care usually pays for the care you need,

or if it does someone else can pay the difference.

It is important to choose the right type of care home. It is vital that the care home that you choose can offer you the level of support that you need.

If you ask us for advice or an adult social care assessment we will talk to you, your carers, and your family and friends about what level of support you need and what type of care home we think would best meet your needs.

We may also involve the NHS if we think that you may need support with health needs.

Paying for your own residential or nursing care

Even if you plan to pay for your own residential or nursing care or think that you may not be able to receive financial help from us, you can still ask us for advice and an adult social care assessment.

Adult social care may pay for your care if you

have less than £23,250. To find out more look at our website.

If you choose to have an adult social care assessment it will help you to decide what kind of care will best meet your needs. We may be able to tell you about other ways of

Paying for your own residential or nursing care continued

meeting your needs as well as residential and nursing care.

If you have an adult social care assessment we may be able to help you more quickly if your savings or investments drop below £23,250 and you are able to get help from the Council with the cost of your residential or nursing care.

If you have an adult social care assessment

we will also be able to provide you with advice and guidance and help you to deal with any concerns you might have about your residential and nursing care.

You may wish to take independent advice about the financial issues of later life through a money advice service. You can find out where to go in Barnsley by visiting www.barnsley.gov.uk and searching for 'Money and debt advice'.

Deciding which care home to go into

Choosing a care home is important as it may become your home. Only you can decide which home you'll like.

You should find out as much as possible about a care home as this will help you make the right choice of care home for you.

You may wish to think about some of the following questions when you are deciding which care home you like.

Location and building

- Where is the home?
- Will visitors be able to get there easily?
- Are there transport links nearby?
- Are facilities such as shops, pubs, parks and places of worship within easy reach?
- Will it be easy for you to enter and leave the building, and move between rooms and floors?
- Can residents have personal possessions in their rooms such as pictures, plants and furniture?

Day-to-day life

- Are there any restrictions on visiting times or numbers of visitors?
- Where can you spend time with your visitors?
- Is the home right for your cultural and religious needs?

- Can the home meet your dietary needs?
- Is there a choice of food, and when and where it can be eaten?

Your care needs

- Is the home registered to provide the level of care you need?
- Do the other residents seem to have a similar level of need to you?
- What will happen if your needs change or increase?
- Can you choose how often you have a bath or shower?
- Are toilets available in all parts of the home?
- How many staff are employed per resident?
- How are they trained?
- Is there a manager on duty at all times?

Contracts and fees

- Can you see a copy of the home's brochure?
- Can you see copies of recent inspection reports?
- Can you see a copy of the home's contract/ written conditions?

What are the home's fees?

- Is it clear how the fees are structured and calculated?

Deciding which care home to go into

Continued

- How are fees collected?
- Is a top-up fee required for local-authority assisted residents?
- Are extra items not covered by the basic fees clearly identified and accounted for?
- What arrangements are there for handling your personal money?
- How will your valuables be kept secure?

You can either look for a home yourself or ask adult social care for help. We can give

you information about the range of homes in Barnsley to help you decide which will suit you best.

You should visit the home with your family or friends if possible. Most care home owners would prefer people to visit before they decide and you can visit more than one home before making your choice.

When you visit a care home you may want to ask the manager of the care home or the care home staff some of the questions above.

How much will I have to pay towards my care?

Adult social care can provide financial help if you have less than £23,250 of capital assets and you have been assessed as having a high enough level of need for care – known as ‘eligible needs’.

If your care is being provided at home and you are a home-owner this amount does not include the value of your main property. If you are moving into a care home then the value of your main property is usually taken into account and it is therefore unlikely that you will qualify for financial help. However in these circumstances you may be eligible to take out a deferred payment agreement so that you can delay paying the costs of your care and support until a later date.

Before any decision is made about how much you may need to contribute you will have to have a financial assessment which will involve someone asking you about your income, savings and any capital assets that you own. You do not have to provide this information but if you do not do so you will have to meet the full cost of your services.

Help with paying for care in a care home

If your care is being provided in a care home

most of your income and any capital assets of more than £14,250 are taken into account. Your income includes state benefits and private pensions. Capital assets include savings, investments and the value of any property (unless your partner or close relative still lives there or if you are staying in a care home for a short time).

If you have less than £23,250 in capital assets, adult social care will make up any difference between your contribution and the home's fees providing that the home does not charge more than the Council would normally expect to pay for similar accommodation. If you wish to move into a home with higher fees you will have to find someone else, for example a relative, friend or charity (other than your spouse) to pay the ‘top up’ for as long as you are in the care home.

Care home fees will cover all of the normal things that a care home would provide including your meals, activities, etc. The home should not ask you for any more except for personal items that you wish to buy.

Everyone staying in a care home will retain a small personal allowance, after their weekly contribution has been made, to help pay for everyday things such as newspapers,

How much will I have to pay towards my care?

Continued

hairdressing and toiletries. This is a set amount determined by the government.

You may find that you are entitled to receive Income Support/Pension Credit in a care home even if this was not the case whilst you were at home or in hospital. It is important to claim if you are eligible. Contact your local office of the Department for Works and Pensions (DWP). If you are already receiving state benefits you should tell the DWP when you move into a care home. DWP can be contacted on 0345 6043719.

If your income changes at any time whilst you are in a care home, for example an increase in your works pension, the sale of your property or an inheritance you must tell adult social care.

Paying for your own residential or nursing care

Even if you plan to pay for your own residential or nursing care or think that you may not be able to receive financial help from us, you can still ask us for advice and an adult social care assessment.

We may be able to tell you about other ways of meeting your needs as well as residential and nursing care. The Department for Work and Pensions can give advice about any additional welfare benefits that you may be entitled to.

If your capital drops to around £23,250 you should let adult social care know as you may be able to claim help with your funding at that point.

Help with paying for care at home

If you are receiving care in any setting other than a care home, for example in your own home, you may be required to contribute towards the cost of that care. If you have more than £23,250 in savings you will not be entitled to any financial help but adult social care can still help you to arrange your care if you wish, a Brokerage fee of £122 (or £260 if it's a PA, plus DBS charge). If your savings are below £23,250 the amount you will have to pay can only be worked out following a financial assessment. This means you will have to tell us about all your income, including benefits, and any savings and investments you may have. We will ensure, in accordance with national rules that you are not asked to contribute more than you can afford. People with a low income may be entitled to receive care services free of charge. Again, if you do not wish to provide this information you will have to meet the full cost of your services.

More information

If you need more information or advice about the financial cost of your care you can explore this online at <https://barnsley.mycostofcare.com/>

How care homes are rated?

All care homes in the UK have to be registered with the national regulatory body, the Care Quality Commission.

In October 2014, CQC began to roll out its new inspection regime for adult social care services across England, using specialist teams who inspect and rate services against what matters to the people who use them. All of England's adult social care services are being given a rating according to whether they are safe, effective, caring, responsive and well led. By

law, care providers have to display the ratings CQC gives them.

You can contact CQC by phone: **03000 616161**, fax: **03000 616171** (calls charged at standard rate),

email: enquiries@cqc.org.uk or write to

CQC National Customer Service Centre
Citygate, Gallowgate,
Newcastle upon Tyne NE1 4PA

www.cqc.org.uk

Telling us what you think about services

All agencies providing community care services are committed to ensuring services are of the best possible quality. Those providing services like to know when they are doing well, or when something is wrong, so that they can make sure future service developments are more responsive to needs. A key part of ensuring services maintain high standards is to listen to what you have to say, if you are happy with services we would welcome your compliments or comments. However, if you are unhappy about the way you have been treated, or feel that you have not been assessed fairly, you have the right to complain and for this to be looked into.

It is often possible to resolve difficulties by

firstly talking to a senior member of staff such as a team leader or manager of the care provider. If you prefer not to do this, or remain unhappy, you can contact the person responsible for dealing with formal complaints for the provider.

Complaints, compliments and comments for all council services can be made to the Customer Feedback and Improvement Team online at **www.barnsley.gov.uk/have-your-say** or by phone on 01226 773555. You can also write to us at Barnsley Council; Communities, Customer Services, Customer Feedback and Improvement Team, PO Box 679, Barnsley, S70 9GG.

If you would like some support in making your complaint, please let us know when you contact us.

What should I do if I have a problem or a complaint about a care home?

If you have a problem or complaint about a care home you should try to resolve it by speaking to a member of staff at the care home first. You can also speak to the person in charge of running the home who will usually be called the manager.

The care home will have a complaints procedure which you can use to make a complaint if you need to. If you make a complaint about the care home this should not affect the attitude of staff at the care home towards you.

If adult social care are paying for your care and you don't want to make your complaint to your care home you can contact adult social care (as explained above). It is important you tell someone if you are unhappy so that adult social care can try to resolve your complaint.

If you are paying for your own care and you

have made a complaint to your care home but are still unhappy you can contact the Local Government and Social Care Ombudsman at **www.lgo.org.uk** or telephone them on 0300 061 0614.

If you have a concern about a care provider and would like to tell someone about this you can contact the Care Quality Commission. They would also like to know about any complaints you have made to a care provider. For more information about this you can visit their website at <http://www.cqc.org.uk>

CQC National Customer Service Centre
City Gate, Gallowgate,

ExtraCare housing schemes

ExtraCare housing schemes offer high quality accommodation for older people who need some support to live independently whilst retaining a full and active social life.

ExtraCare housing schemes are owned and managed by housing associations and provide a variety of facilities which can include laundry, communal lounge and kitchen, and security and safety features. A scheme manager is on site each week and can provide you with information about

social activities and events that are taking place.

The extra care housing schemes in Barnsley are Lavender Court in Kendray, Westmeads in Royston, Fitzwilliam Court in Hoyland and Cherry Tree Court in Goldthorpe.

Anyone interested in living in an extra care housing scheme can apply at Barnsley libraries or by phone to **01226 775555** to join the Berneslai Homes housing waiting list and for further information.

Are your details correct?

Barnsley Council makes every effort to ensure that the information which we provide about registered care homes is correct. If you would like to update, amend or add to your listing please contact the adult joint commissioning team on 01226 775636 or 772564 or email adultjointcommissioning@barnsley.gov.uk
