Dear Requester,

Re: Request for Information – Environmental Information Regulations 2004

I wish to confirm that the council has completed its search for the information which you requested.

The information requested and our findings are as follows: -

I am seeking information relating to proposed Conservation Areas within your authority. Please confirm whether your authority currently has any areas that are:

- Under consideration for designation as a Conservation Area
- Subject to a Conservation Area appraisal (draft or ongoing)
- Planned for future designation or review

If so, please provide the following details for each area:

- The name or location of the area
- The current stage of the process (for example, initial review, draft appraisal, public consultation, or committee stage)
- Any relevant reports, committee papers, or reference numbers
- Key dates, where available

If no such areas are currently being considered, please confirm this.

If available, I would also be grateful to receive any GIS datasets or mapping files showing the boundaries of proposed areas. I would prefer to receive the information electronically.

If this request exceeds the cost or time limits, please advise and assist me in refining it. I look forward to your response within 20 working days.

Currently, we are not in the process of considering new areas for conservation area protection. Additionally, we are not at this time in the process of drafting or adopting (draft) new conservation area appraisals or management plans. Please find the following link to the Council's webpage showing the current conservation areas, with their appraisals and management plans:
