

Dear Mr Gilbert,

In response to the Inspector's email and the list of follow up items from main matters 5 and 6 I can provide the following information:-

Brownfield Register

I am pleased to report that the Brownfield Register has been completed and as of today is on the Council's website. Here is a link to the web page:

<https://www.barnsley.gov.uk/services/planning-and-buildings/local-planning-and-development/brownfield-land-register/>

Safeguarded land allocations with planning permission

I attach a list of proposed safeguarded land allocations and a column has been added to indicate which sites have planning permission for housing development.

The HS2 update and our conclusion on the proposed 3 minor amendments to the Green Belt boundary have been provided.

We have no comments to make on the list of items to be discussed at stage 3 at present.

I would be grateful if you can forward this update onto the Inspector.

Many thanks

Kind regards
Emma Coveney
