*Interim Moratorium Period - this is the six week period from the date of the Council's receipt of the owner's notice of intent to make a disposal of the property on the open market. During this period eligible community interest groups can express an interest in being considered as a potential bidder to purchase the asset by sending in a written request to the Council c/o Director of Legal and Governance. If no potential bidders come forward during the interim moratorium period the owner is thereafter free to dispose of the asset on the open market.

**Full Moratorium Period - this is the six month period from the date of Council's receipt of the owner's notice of intent to make a disposal of the property on the open market. It applies if an eligible community interest group has expressed an interest as a potential bidder during the interim moratorium period. The owner cannot dispose of the asset on the open market during this six month period.

***Protected Period - no further moratorium on disposal can be applied to the asset for the remaining period of 18 months from the date of the Council's receipt of the owner's notice of intent to make a disposal of the property on the open market.
