Dear Requester,

**Re: Request for Information – Freedom of Information Act 2000**

I wish to confirm that the council has completed its search for the information which you requested.

The information requested and our findings are as follows: -

Your questions and my findings are as follows:-

**I am a researcher at Stanford University and I am currently working on a project on subsidies for public EV chargers in the UK, including ORCS. In order to understand the impacts of these subsidies on EV adoption, we are interested in getting information on the locations of the chargers that have been funded under ORCS.**

**I wanted to kindly ask if there is a list of projects funded under ORCS and charger locations in your region, and if so, if it was possible to access that information. Additionally, is there any available information on project applications or the process of choosing charger locations?**

Barnsley Metropolitan Borough Council accessed ORCS funding to partly fund a range of EV chargers that were installed in 2021. The list of the locations of these chargers are below. The chargers were selected to cover a variety of locations in our borough in car parks that the council owns to ensure a fair spread for the region.
