

Vision and Values

Our aim is to build a brighter, safer future for every child and young person in Barnsley. We recognise that we are stronger when we work together in a positive multiagency environment.

Listening:	We put the voices and lived experiences of children and young people are at the heart of what we do
Stronger Together:	We are one team, working together to build a brighter, safer future for Barnsley children and young people. We drive positive multiagency working, where we support, challenge and hold each other to account
Curiosity:	We are professionally curious. Open to new ideas and ways of working, respond flexibly and adapt quickly to known and emerging needs. We use continuous learning for a positive impact on children’s lives
Inclusivity:	We will deliver the right service, at the right time and place to meet the needs of each child and young person. We respect the diverse skills, strengths and needs of everyone
Honesty and Integrity:	We treat others with decency, fairness and are honest in what we do. We strive to always deliver on our commitments

PRIORITIES	DELIVERED	OUTCOME
------------	-----------	---------

Child Neglect	• Deliver better outcomes for children and young people who experience Educational and Health-related Neglect • Focus on early identification of Neglect • The lived experience of children is captured in plans and assessments. • Multiagency use of neglect screening tools to deliver better outcomes for children and young people	Reduce early child neglect and harm, resulting in fewer Child Protection referrals. Provide assurance that our approach to child neglect is effective. Children and families report feeling safer and experiencing improved lives due to timely, appropriate support.
---------------	---	---

Contextual Safeguarding	• Joint working across services, schools and communities to identify and protect children vulnerable to exploitation and abuse • Effective use of Early Help and Safeguarding interventions. Trauma-informed services and pathways • Effective sharing of intelligence and data that quantifies the extent of child exploitation in Barnsley • Prevent Pursue Protect Prepare: Utilise all police and partner powers to disrupt exploitation, identify perpetrators and secure appropriate responses against those who seek to exploit children. • Recognise that young people are still vulnerable beyond the age of 18 years. Ensure that they have opportunities to shape and influence services	Improved outcomes for children and young people at risk of exploitation and harm outside of the home. Assurance to the Partnership that we have clear governance and strategies in place, and that because of partners working together, children and their families tell us they feel safer outside of the home.
-------------------------	--	---

Child Sexual Abuse	• Collaboration among services, schools, and communities to identify and safeguard children who may be at risk of or affected by child sexual abuse in family environments • A relevant and effective multi-agency training offer. • Increasing the awareness and understanding of Child Sexual Abuse in Barnsley for children and their families. • Improving identification and enabling more effective disruption and prevention of child sexual abuse through better understanding of sexually abusive behavior and perpetration • Effective sharing of intelligence and data that quantifies the extent of child sexual abuse intrafamilial environments in Barnsley • Recognise and support children transitioning into adulthood • JTAI benchmarking ensures inspection readiness and assures of our offer and support for children and families	Improved outcomes for children identified as at risk of, or experiencing, child sexual abuse within the home environment. The partnership is provided with assurance regarding the effectiveness of processes for identifying, responding to, and supporting children at risk or affected by child sexual abuse. Feedback from children and families indicates that they feel their perspectives are being considered and that they are receiving services appropriate to their needs.
--------------------	---	--

Domestic Abuse	• Communications and resources that promote domestic abuse service provision for children and young people. • Multiagency governance arrangements ensure a coordinated approach and include children and young people. • An effective and relevant multi-agency training offer • Effective joint work for children & young people • Development of a multiagency domestic abuse dataset • Amplify the voices of children and young people affected by domestic abuse.	Joined up governance and multiagency working between BSCP and the Domestic Abuse Partnership informs strategies and decision-making. A multiagency domestic abuse dataset helps evidence effectiveness of services and identifies gaps in provision. The impact of training, including the Safe & Together model, is evident in outcomes for children and young people. Voices of children and young people who experience domestic abuse are amplified and inform service development and commissioning. Public awareness campaigns raise awareness and help protect children and young people impacted by domestic abuse.
