# Taking a look back...

Hosted in 2024 the return of the Barnsley 10k to the town centre saw around 1,200 at the event with runners coming from all over the borough to attend the event. With a variety of stories surrounding why people are taking on the challenge of the Barnsley 10k, from raising awareness to picking a goal or rebuilding their own fitness. It was great to see another running boom throughout the town.

The Barnsley 10k has grown in numbers, with 1,846 finishers in 2025. This growth has helped the race become a staple Barnsley event, helping our community to get moving more!

Barnsley has a long history of organising and hosting running events. It was once known as the home of running and mass participation events, with the Barnsley Marathon being organised for the first time in the winter of 1974 and the Barnsley 6 being organised in 1974.

During 1975, the Barnsley Marathon became the first marathon in England to allow women to take part under an official race license. This year is identified as the 50th anniversary year of the formation of Barnsley Road Runners, the Barnsley 6 and the Barnsley Marathon.

The running club who originally organised the Barnsley 6 which soon became known as Barnsley Athletic Club. After 2000, the town's 'flagship' 10k moved to Royston, starting in Royston Park before quickly crossing over the border with much of the route taking place on the roads of Wakefield. More recently, the event moved to Grimethorpe bypass, with the running of the event taking place off-road on and around Park Springs.

Barnsley is now the home of a thriving running scene, with events taking place around the borough and throughout the region on a regular basis, boasting running clubs, groups, organisations and activities all centred on meeting up to go for a run. However, 2024 saw the return of running to Barnsley town centre with participants embarking on a 10k course throughout our fabulous town.

Together we can  
be a part of it.

We are thankful to Your Space for their continued sponsoring of the Barnsley 10k and it will be great to see their staff members taking on the challenge.

## Eduard Cristea

I'm taking part in the Barnsley 10k for a special reason; to fundraise for Childhood Cancer. When I was 3 I was diagnosed with Acute Myeloblastic Leukaemia and nearly lost my life. Through my bone marrow transplant I survived and I am now 12 years free. I have been doing a large number of fundraisers in recent years and have raised over £2000 for Blood Cancer Research.

I am fundraising for BeMoreFab, a children's cancer charity.

## Vikki Bruff

I am running the 10k to raise money for BIADS, a charity that has been incredibly helpful to my family following my Dad's diagnosis with Alzheimer's and Parkinson's diseases. It's also a personal challenge for me to try and get fitter following hip replacement surgery a few years ago. Watching last year's race, and experiencing the wonderful atmosphere made we want to give it a go!

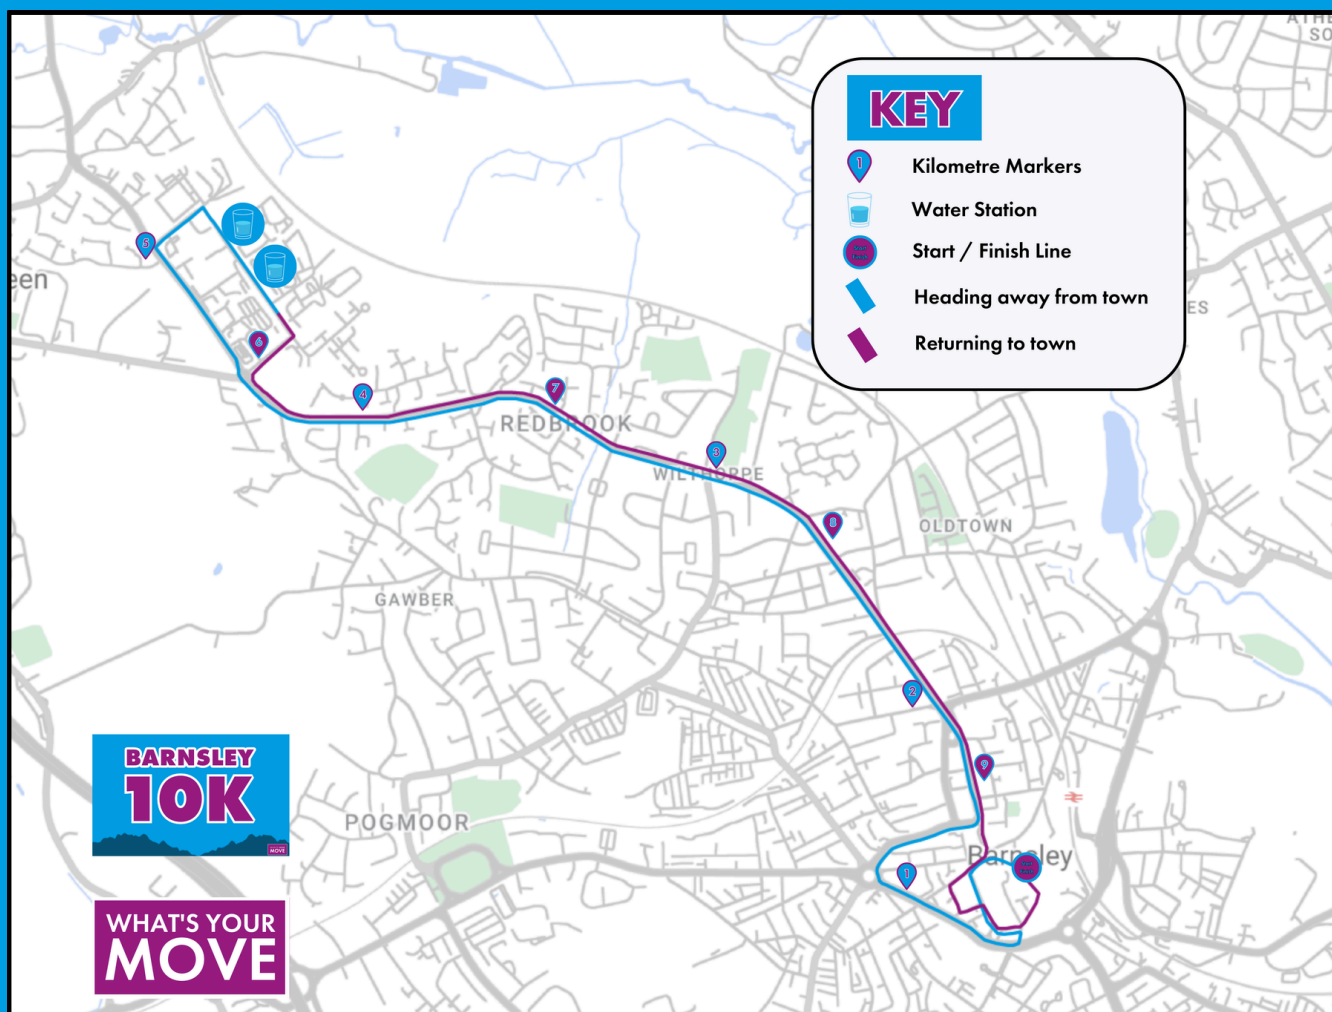

## Lorraine McGinn

My running journey began fundraising for Macmillan and Cancer Research after my uncle and then my aunt passed away. This year I am fundraising for Beacon South Yorkshire. This charity is so close to my heart as I found them 5 years ago after struggling to find support for my disabled husband. This charity offered help through art classes, meditation, days out and much more, completely run by volunteers.

To complete the 10k will be a big thank you to Beacon South Yorkshire and to support them with continuing to help unpaid carers.

# The route

Starting and finishing in Barnley town centre, our 10k route will commence at 9am from The Glass Works Square, heading onto Queen Street, Peel Square and onto Wellington Street before leaving town and onto West Way. It will prove to be a really fast start!

Runners will leave West Way onto Townend Roundabout and up onto Shambles Street to come in front of Barnsley Town Hall before embarking away from the town centre and onto Huddersfield Road. The route then headsthrugh Honeywell, Wilthorpe and Redbrook, down to Claycliffe Roundabout and onto Claycliffe Road. You will then turn right onto Whaley Road, where you will find our water station and the halfway marker.

Runners will then re-join Huddersfield Road from Claycliffe roundabout and head back into town, passing the front of the Town Hall and heading down Market Hill and into Peel Square. From there, you will go past Barnsley Post Office and onto Blucher Street to re-join Wellington Street and head towards New Street, to make the sprint finish along Cheapside and into The Glass Works Square.

Dolly's is the dessert shop that has taken TikTok by storm. The idea began in 2016 after being inspired by Thai ice cream rolls, realising there was hardly anything like them available in the UK. The shop launched in 2017, originally called Ice Queenz, but rebranded in 2019 as Dolly's Desserts named after their pet cockapoo.

Dolly's Desserts will have a stall in the Glass Works Square on race day.

---

Located at The Glass Works, The Salt House combines creative cocktail mixology with mouth-watering food created by some of the region's best chefs.

Open and will be serving breakfast from 8am - 11am.

Yorkshire Rose Coffee Shop. Barnsley Markets resident coffee and tea specialist brought to you by the team at Yorkshire Rose Holidays. Located in the market atrium, the coffee shop has seating available or cups to go so you can enjoy your drinks while exploring the market.

Located on race day in Glass Works square for all participants and spectators.

# Presentation, photos and results

## Presentation

---

The presentation will be hosted in The Glass Works, so please stay around and use the food and drink establishments around town after the race.

The age categories for the prizes will increase in five-year increments, starting at 35+ and going up to 70+. This means you may have received a prize even though you feel you are further away from 1st place. They will be awarded in Male and Female categories.

The presentation will be hosted at **11am**.

Prizes awarded can be seen on the following page.

## After the race

---

Upon completing the Barnsley 10k, as well as the ultimate achievement of crossing the finish line, participants will receive:

- A commemorative finisher's t-shirt
- A medal

## Photos

---

We all love a good photo to celebrate our achievements and share the memories with our friends. All photos will be shared on our social media channels 'What's Your Move.'

Many local events also boast a wealth of photographers who support capturing the day. If any local photographers would like to be involved, please get in touch.

Yorkshire Rose are a passionate local group of companies based in Barnsley who do it all from providing trophies and running coach trips to offering a coffee in the town centre.

Steve Mills started the business 15 years ago with a single coach, before later being joined by sons David and James. Yorkshire Rose started as a coach hire company working for other companies but the father and son team decided after five years that they would begin selling their own trips.

With Yorkshire Rose, you're in capable hands - just like on one of their coach trips. Yorkshire Rose will be providing the water for all participants on race day as well as their coffee stall in the town centre!

As a part of their sponsorship, the full prize pot for the event has been funded by Rapid Response. Thank you!

# Spectators

The whole route will be accessible for spectators on foot. We recommend that spectators choose to walk along the route and get some steps in whilst you conquer the race as it won't be accessible by vehicle or bike. The recommended spectator points where we'd really like to create some noise are detailed below!

No drones are to be flown at the Barnsley 10k without prior permission.

**Pitt Street/West Way Bridge**  
Let's make it a noise tunnel, tell the runners they've nearly finished...

**The Whaley Lap**  
It is the furthest place on the course, so runners will need the support.

**The Emmanuel Church**  
You can see the runners twice and it's the final bit of the climb on the way back to town

**Town Hall**  
You could see the runners twice and possibly beat them to the finish line!

**The finish line in The Glass Works Square, of course!**
