Dear Requester,

Re: Request for Information – Freedom of Information Act 2000

I wish to confirm that the council has completed its search for the information which you requested.

The information requested and our findings are as follows: -

Please provide:

1. The current number of public litter bins or combined litter/recycling bins for which the authority is responsible.

Where your records permit, please split this between:

- streets/highways and other public realm;
- parks/open spaces;
- council housing estates; and
- other locations.

Please exclude household or communal residential refuse/recycling containers.

Please find attached

2. Your current electronic asset list/register for these bins, containing the following existing fields where held:

- asset ID;
- location, coordinates and/or postcode;
- location/category type;
- bin type and/or capacity;
- planned emptying/service frequency; and
- installation date.

Please find attached

I am requesting an export of existing recorded fields only. Please do not undertake a manual exercise to complete fields which are not already recorded.

3. For each of:

- 2024/25;
- 2025/26; and
- 2026/27 to the date of this request,

the number of public litter bins:

- newly installed; and
- permanently removed,

In 2026/27 we had 2 removed and 65 new installations.

where these totals can be obtained from an existing asset-management record or report.

If installation/removal dates are already contained in the asset data supplied under question 2, that data is sufficient and no separate calculation is required.

Please provide spreadsheet data as CSV or XLSX where reasonably practicable.

If a requested field is not recorded, please state that it is not held rather than manually reviewing individual records.

If information is already publicly available, please provide the direct link to the relevant dataset or document.
