Dear Requester,

Re: Request for Information – Freedom of Information Act 2000

I wish to confirm that the council has completed its search for the information which you requested.

The information requested and our findings are as follows: -

Can you please provide:

A) How much Section 106, or Infrastructure Levy payments have been received (or are due to be received) as a result of the Hoyland Masterplan developments (including Evri/ Gateway 36 etc) to date (or if a timeframe is required in the last 10 years).

B) What this money has been spent on to date or what has been committed to be spent (with costings per proposed scheme).

Since 2019/2020 an Annual Infrastructure Funding Statement is produced and published on the Council's website at the following link: [Local Plan research and evidence documents](#).

These reports contain information relating to Section 106 monies received, expended and all new Section 106 agreements signed in a particular year, therefore you will be able to access the information you have requested at this link and going forward any future statements will contain information relating to further Hoyland Masterplan planning applications/developments. The 2024/25 Annual Infrastructure Funding Statement will be published at this link shortly.

Additional information relating to the planning applications and to access copies of the Section 106 agreements please use the planning reference or map function at the following link: [Using Planning Explorer](#).

I can also confirm that Barnsley Council does not currently charge Community Infrastructure Levy (CIL).

If you have any queries about this letter, please contact Information Requests via email.

Please remember to quote the reference number above in any future communications.

If you are unhappy with the way the Directorate has handled your request, you may ask for an internal review. Please clearly mark your correspondence 'Complaint' and address it to:
