Dear Requester,

Re: Request for Information – Freedom of Information Act 2000

I wish to confirm that the council has completed its search for the information which you requested.

The information requested and our findings are as follows: -

Please treat this as a Freedom of Information/Environmental Information Regulations request. The below question is in relation to climate action for the Council Climate Action Scorecards.

I am requesting information about recognised trade unions' ability to inform and influence the development and delivery of the council's Climate Action Plan.

If the council doesn't recognise trade unions, I would like information about the employee forum's ability to inform and influence the development and delivery of the council's Climate Action Plan

In particular, please supply me with information relating to the following questions:

a. Does the council have any policies, procedures or agreements in place that enable recognised trade unions or the employee forum to influence the development and delivery of the council's Climate Action Plan? If so, could you please share details of these policies, procedures or agreements?

b. Have recognised trade unions or the employee forum contributed to any recent consultations related to the delivery of the council's Climate Action Plan?

If so, could you please share any relevant document, dated from 1 January 2024, including:

a) Meeting minutes; b) Reports; c) Invitations to events; d) Other relevant documents

The Council does not have any relevant documents to share. As part of the process of preparing and consulting on policy and plans, officers are at liberty to consult whoever they deem appropriate to provide comments for consideration.
